RICH TRENCH IN CONQUEST

Twelve Foot Ledge Of Valuable Ore Encountered.

More Interest Shown In Mines

What is said to be the richest strike and most important strike ever made in the Newport mining district, has been made on the Conquest, located twelve miles inland from Conquest landing on the south side of the river. The mine is situated on a north and south bench, and the property is located in the town of Inez, a Mining District four miles north of the town of Newport.

A large number of miners are now employed on the Conquest property, the ore is already being taken out and milled at the plant, a new mill is being erected at the mine, and within a short time the ore will be taken out at a rate of ten tons per day. The ore is a copper-molybdenite, and is said to be of a very high grade.

The ore is said to be of a very high grade, and the company is making every effort to get the ore out as quickly as possible.

In the meantime, the company is making every effort to get the ore out as quickly as possible.
