

CARNIVAL OFFER

Good August 18th to September 6th inclusive.

As a special inducement to have you visit the Street Fair and Carnival given by the Elks of this city from August 18th to 30th inclusive, and to have you become acquainted with our firm and to see our fine new building and store, we have decided to make the following offer.

Cut out this Ranch certificate and put it in your pocketbook. When you visit our store we will accept it as cash for—

\$100.00 on purchases in our retail departments amounting to.....	\$1,000.00
50.00 on purchases in our retail departments amounting to.....	500.00
10.00 on purchases in our retail departments amounting to.....	100.00
5.00 on purchases in our retail departments amounting to.....	50.00
1.00 on purchases in our retail departments amounting to.....	10.00
.50 on purchases in our retail departments amounting to.....	5.00
.25 on purchases in our retail departments amounting to.....	2.50

One certificate, only, will be accepted on any single purchase. You are invited, whether you purchase or not, to make our house your headquarters and visit our beautiful and celebrated mantel and fixture parlors, where many works of art are continually on exhibition.

THE LARGEST STOVE HOUSE IN THE NORTHWEST

SUCCESSORS TO
I. WADDELL 1868 WADDELL & MILES 1870 Z C MILES CO. 1889

1021-1023 FIRST AVE. COR. SPRING ST.
SEATTLE, WASH.

Henrietta Gold Mining Co.

250,000 shares put aside for Treasury Stock.

Capitalized for one million shares.

This company owns six claims in Mt. Baker Mining District, Wash., adjoining and being an extension of the

GREAT EXCELSIOR MINE

the stock of which has advanced from 25 cents to \$1.00 par value, within one year.

The immense bodies of ore exposed in the Henrietta claims will convince the most skeptical of the existence of one of the greatest mines in the world.

The bodies of ore stand 80 to 100 feet high and from 50 to 300 feet wide.

Good wagon road and a trail has been built to the mine.

The ore is the same as the Excelsior and has been pronounced to be equally as good a mining proposition.

THE DEVELOPMENT WORK CAN BE DONE IN SEVERAL PLACES BY QUARRYING, THE CHEAPEST METHOD EMPLOYED.

BUYING STOCK IN A NEW MINE IS BETTER THAN BUYING STOCK IN A DIVIDEND-PAYING MINE WHICH HAS BEEN WORKED FOR YEARS.

In the new mine you can buy stock which is offered at a low price to open up and carry on the development work. You buy at say 10 cents. Shares advance to 50 cents and afterwards to \$1.00. You can then sell at a handsome profit. It is rarely that shares in an established dividend-paying mine double in value, and when you buy you have to pay fancy prices.

The Bellingham Bay & B. C. R. R. will run very close to the property. Extension has been commenced.

The company has no indebtedness and there are no salaried officers.

There is large sized timber on the claims, more than sufficient for mill and other buildings. The property is situated on Nooksack River, just below the Nooksack Falls, where there is a fall of 100 feet, and on Wells Creek, which alone will furnish ample power for all mining purposes. An electric plant is now being put in at Nooksack Falls.

PRICE OF TREASURY STOCK WAS ADVANCED TO 15C JULY 15.

This company is not over-capitalized and every shareholder participates in all unsold Treasury Stock. AN INSPECTION OF THE PROPERTY is cordially invited at any time by any shareholders or anyone who desires to visit the mine. Every facility will be afforded visitors in sampling the immense bodies of ore. IT DOES NOT REQUIRE AN EXPERT TO EXAMINE THE HENRIETTA MINE.
