NORFOLK WANTS TO BUILD WARSHIPS
RENEWAL OF EFFORTS TO ADD TO FACILITIES FOR CONSTRUCTION IN NAVY YARD.

NORFOLK, Va., Oct. 2.—If the plans of the Department of Construction and Repair for the government's navy yard in this city are carried out the plant will be equipped for the building of the greatest ships that may be authorized for the further increase of the navy. Ever since the yard turned over the Texas and the splendid cruiser Raleigh, the former shaking off her supposed "hoodoo" and proving herself one of the navy's finest fighting ships at Santiago, while the latter gallantly followed Dewey's flag into Manila Bay, it has been the desire of this community to see another great ship grow into being at this yard.

The municipal government of Portsmouth and Norfolk, the commercial and labor organizations of both cities and all the political influence that these bodies could command have been directed toward this end, and from time to time delegations have been sent to Washington and great pressure has been brought to bear on Congress to order the laying down of a ship at this navy yard.

The fact is, however, that, although there is at the big dockyard every facility needed for the repair of the largest ship of war and for the building of almost any type of fighting ship, there are no ways on which to lay down a big battle ship. The New York navy yard was greatly hampered in this regard when the Connecticut was ordered built there. The yard lost the race with the private shipyard at Newport News only because of the fact that ways and cranes for the handling of material had to be erected before the actual work of building the ship could be started.

It is the hope of the construction officers here that the next Congress will make the comparatively small appropriation of \$210,000, which is necessary in order to put this navy yard on a footing with any shipbuilding plant in the country.

Good Progress On the Canal
GOVERNOR MAGOON SAYS ONLY TROUBLE IS IN KEEPING WEST INDIANS AT WORK.

NEW YORK, Oct. 2.—Governor of the Panama Canal Zone, Charles E. Magoon, arrived here on the steamer Panama from Colon. He was accompanied by the Collector of Revenues of the Canal Zone, Thomas W. Cooke. Governor Magoon said that he would not return to the isthmus, but declined to confirm the report that he was en route to the Philippines.

"I am not sure that I shall go to the Philippines," said the governor. "And I do not know who will succeed me as governor of the canal zone."

Asked how the work on the big ditch was progressing, Governor Magoon replied:

"The canal work is progressing as rapidly as possible. As yet is the work of preparation. The main difficulty there is the labor question. Our labor is drawn from Jamaica and Barbados. These people are intelligent and with some education. The trouble is that the West Indian is a bird of passage—you get him to understand what you want and fairly educated to his work, when he suddenly drops everything and goes off."

"What is wanted is the organization of the laborers, and their gangs arranged, with skilled men at the head instructing them in the work and advancing those who learn. Thus the work with progress. This organization is under way now."

Other passengers on the steamer Panama were the American Minister to Ecuador, Joseph W. J. Lee, and J. Gabriel Duque, editor of the Panama Star and Herald.

Hon. S. F. Reed
WILL AGAIN MANAGE THE REPUBLICAN CAMPAIGN IN HARRISON COUNTY.

CLARKSBURG, Oct. 2.—The new Republican county executive committee was called to order in the Court-house at 11 o'clock Monday morning. Most of the members of the committee answered "present."

The committee immediately organized by unanimously re-electing Stuart F. Reed chairman and Chas. G. Coff man secretary, and then adjourned until 1 o'clock in the afternoon.

At the afternoon session the committee elected A. A. Lang treasurer. He served the old committee as such efficiently.

The plans of the campaign were discussed and partially decided upon and arrangements were made to begin the campaign at an early date.

CONTRABAND CHINESE.
Revenue Cutter Looking For Yacht Which is Trying to Sneak Chinese Into the Country.

NEW YORK, Oct. 2.—With 33 Chinese as her cargo as the schooner yacht Frolic, is being searched for along the Long Island sound by revenue cutters of both the United States and Canada. In addition, every life saving station along the coast has orders to keep a lookout for the schooner. This yacht, like a modern slave trader, is supposed to have reached the entrance to the sound from Placentia Bay.

That the Frolic was headed this way with her load of Chinese, became known about the same time the government learned of the lot of the Chinese landed at Marblehead.

A Chinese, friendly to the government informed the Chinese immigration bureau that yacht was being fitted out in Boston to smuggle Chinese from New Foundland.

The celestials left New Foundland because the government has imposed a head tax of \$300 on them.

A "Baby Show"
WILL BE GIVEN UNDER AUSPICES OF LOYAL CIRCLE OF KING'S DAUGHTERS.

A "baby show" will be given under the auspices of the Royal Circle, of King's Daughters Saturday afternoon, October 13th, first floor of the new building opposite the Manley Hotel on Jefferson street.

A committee of King's Daughters is now canvassing the city for babies but should any mother be overlooked she is asked to please notify some member of the order, so that tickets may be supplied her and a place in the line reserved for her baby.

A prize will be given the most popular baby under one year of age and another to the child between one and three years of age who receives the largest number of votes.

A hearty co-operation on the part of the mothers is entreated because of the large amount of charitable work awaiting an impetus in the way of funds. No organization can boast of more creditable motives than those which actuate the work of the King's Daughters and because of this they confidently ask the generous patronage due this enterprise. Don't forget the date Saturday, October 13th, one to five p. m.

Slot Machine Confiscated
SOMETHING DOING ON THE PARKERSBURG SIDE OF THE OHIO RIVER.

PARKERSBURG, Oct. 2.—A warrant was issued yesterday by City Recorder Dan B. Leonard for John J. McNeerney on the charge of keeping a slot machine in his place of business on Market street. Last Saturday night Chief of Police Oliver and Lieutenant Smith found a slot machine in operation in the McNeerney place. They confiscated the machine carrying it to police headquarters in the patrol wagon. Joe Biles and Arthur Davis, two boys who were playing the machine, were arrested and a charge of gambling and loitering in a saloon and placed against them.

Each of them put up ten dollars as surety for their appearance at trial this morning at nine o'clock. When the case was called it was decided to lay it over until seven o'clock this evening in order that the charge against McNeerney might be tried at the same time. The slot machine which was captured was a money machine and had some nickels and no checks in it, when it was taken by the officers. An effort will be made to prove that Davis and Biles, the two young men who were arrested, were the ones who put the money in the machine.

Although it has been rumored about town that the slot machines were going again, this is the first arrest that has been made by the police. Sports who are in a position to know say that there are machines in other saloons in town but they are exhibited very rarely. They are brought out upon special occasions and it is then that the boys crowd around to court the goddess of fortune. It is quite likely that if there is a conviction in the case to-night that all of the machines that are said to be running will be put away for a time at least.

COMMISSIONER'S SALE OF VALUABLE REAL ESTATE.

George W. Starn et al, plaintiffs, against Franklin Starn et al, defendants.—In the Intermediate Court of Marion county, West Virginia.

By virtue of a decree entered in the above styled cause, by said court, on the 29th day of August, 1906, the undersigned special commissioner, there by appointed for the purpose, will sell at public auction to the highest and best bidder, at the front door of the Court-house at Fairmont, Marion county, West Virginia, on Saturday, the 13th day of October, 1906, the real estate directed by said decree to be sold, that is to say:

All those two certain tracts or parcels of real estate situate in Marion county, West Virginia, and described as follows:

First parcel: A tract of land situate in Winfield district, near the F. M. and P. R. R., adjoining lands of James Starn and others, containing 26 acres, more or less, excepting the Pittsburg of Nine Foot vein of coal, with the mining rights and privileges appertaining thereto, within and underlying said land, said parcel of real estate being heavily timbered.

Second parcel: A tract of land containing 4 1/2 acres, situate in Papaw district on the west bank of the Monongahela river, adjoining lands of Mary Joffitt, Helen Morgan and others, excepting and reserving the coal within and underlying same, and the mining rights and privileges appertaining thereto; said two parcels of real estate being the same of which the late John Starn died seized, and being lots Nos. 4 and 5 in the division of the estate of George Starn, deceased. Said parcels of real estate will be offered for sale by said commissioner separately.

Terms of Sale.—One-third of the purchase price (and as much more as the purchaser elects to pay, if any), to be paid cash in hand on day of sale, and the residue, if any, to be paid in two equal payments in one and two years, respectively, from day of sale, with interest from day of sale; the purchaser to execute to said special commissioner his obligations for the deferred payments, with good personal security to be approved by said commissioner, and as a further security for said purchase money a lien will be reserved on the property conveyed.

E. F. MORGAN,
Special Commissioner.
September 10, 1906.

I, R. B. Parrish, clerk of the Intermediate Court of Marion county, West Virginia, do certify that said special commissioner, E. F. Morgan, has given bond with security approved by me in the penalty of \$1,500.00, as required by law and said decree.

Mr. Bryan's Latest Offense.
Philadelphia Ledger.
Mr. Bryan's profession of gratification at the nomination of Hearst, and his belief that Hearst would make "a good governor," will be remembered against the Nebraskan when more creditable utterances shall have been forgotten. They will be chalked up on the record in close juxtaposition with the "more radical than ever" speech and with his hasty remarks on government ownership, and none of these will help to raise Mr. Bryan in the estimation of his countrymen. On the contrary, they will do much to revive the distrust and terror which led to his emphatic rejection by the American people, and may be the cause of a repetition of the verdict.

Now and Hereafter.
Two hands upon the breast, and labor is past. —Russian proverb.
"Two hands upon the breast, And labor's done;
Two pale feet crossed in rest— The race is run!
Two eyes with coin-weights shut, And all tears cease;
Two lips where grief is mute, And wrath at peace!"
So pray we oftentimes, mourning our lot;
God in His kindness answereth not.
"Two hands to work and rest
Aye for His praise;
Two feet that never rest,
Walking His ways;
Two eyes that look above,
Still through all tears;
Two lips that breathe but love,
Nevermore fears."
So cry we afterwards, low at our knees.
Pardon those erring prayers, Father! hear these. —Miss Mulock.
