## VICTORY FOR STATE ADDS \$25,000 A YEAR

RECENT DECISION OF THE U. S. SUPREME COURT COMPELS CORPORATIONS TO PAY UP FEES TO AUDITOR.

When the decision was handed down by the United States Supreme court at Washington that a State has the right to compel non-resident and foreign corporations to accept legal service through the State auditor, in the case of St. Mary's Franco-American Petroleum Co. versus the State of West Virginia, the State was assured of the maintenance of a source of revenue which brings into the coffers between twenty and twenty-five thousand dollars a year.

It has been two years since the act of the West Virginia legislature making the auditor attorney in fact, was passed and the revenue of \$12,500 collected at the rate of \$10 per year from the 2,125 corporations listed in the auditor's office would have had to be returned the chartered concerns, by a special act of the legislature, had the case been decided adversely.

There has been some objection to the law as it now stands because a concern which may be chartered or procure authority to do business in the State, within a short time of the closing of the year in which it is entered in the auditor's books, now has to pay the tax of \$10 for that year as if it had been entered at the first of the year.

It is very probable that a recommendation will be made to the Legislature in the auditor's report suggesting that this fee be collected pro rata for the time the corporation is on the books during the year.

The clause of chapter 30 of the Acts of 1905, by which the auditor was made attorney in fact, follows:

A bill constituting the auditor of this State the attorney in fact for all foreign and non-resident domestic corporations. Passed February 22. In effect 90 days from passage.

Sec. 1. The auditor of this State shall be and he is hereby constituted the attorney in fact for and on behalf of every foreign corporation doing business in this State, and of every non-resident domestic corporation. Every such corporation shall by power of attorney, duly executed, acknowledged, and filed in the auditor's office of this State, appoint said auditor and his successors in office, attorney in fact to accept service of process a notice in this State for such corporation, and by the same instrument it shall declare its consent that service of any process or notice in this State on said attorney in fact, or his acceptance thereof, endorsed thereon shall be equivalent for all purposes to, and shall be and constitute due and legal service upon said corporation.

Sec. 2. Such foreign or non-resident domestic corporation shall at the time of taking out its charter, or procuring its authority to do business in this State as the case may be, pay to the auditor as its said attorney, ten dollars for his services as such for the then current year ending on the 30th day of April next ensuing; and on or before the first day of May, for each year, such corporation shall pay to said auditor the like sum of ten dollars for his services as such attorney. And all such corporations as have heretofore taken out charters, or procured authority to do business in this State, shall for the fiscal year, commencing on the first day of May, nineteen hundred and five, pay the sum of ten dollars to the auditor as the fee for such attorney to receive service of process, and annually thereafter a like sum, and such corporation shall not be required to pay any fee to the person who may have been heretofore appointed its attorney to receive service of process. All moneys received by the auditor under this chapter shall belong to the State, and be by him immediately paid into the State treasury. The auditor shall keep in a well bound book in his office a true and accurate account of all moneys so received and paid over to him.

Sec. 6. Any corporation failing to comply with the provisions of this act in so far as it relates to the appointment of the auditor as its statutory attorney, within ninety days from its incorporation, shall forfeit one hundred dollars as a penalty for such failure, and upon a failure to pay such penalty the charter of such corporation shall thereby be forfeited and be void.

### GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Hiale, Montana, bought a bottle of Newbro's Herpicide, April 5, '05, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 25 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## CONNECTION MADE

MANHATTAN AND BROOKLYN BOROUGHS JOINED BY COMPLETION OF TUNNEL.

NEW YORK, Dec. 10.—Manhattan and Brooklyn boroughs were connected under the East river have by the piercing of the last section of earth which separated the ends of the north tube of the tunnel of the Rapid Transit railroad extension, seventy-five feet beneath the face of the river and by joining by a ten-inch pipe the two bores of the tunnel. The East river tunnel extends from the Battery of Jerusalem street, Brooklyn. When tracks are laid it will form part of the subway rapid transit system from Kings bridge to Brooklyn. Electric cars of the Long Island railroad will also run through the tunnel.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
