SENSATION REVELATIONS

DONA GILMAN'S RELATIVES SUSPECTED OF THE MURDER OF THE GIRL

DAYTON, O., Dec. 11.—The report of the five physicians who performed the second autopsy on the exhumed body of Dona Gilman, which was made public yesterday, marked the climax to a highly sensational day in the history of this crime.

The autopsy was made on Sunday in the cemetery at Germantown, where the body had been buried. The report shows that Dona Gilman had been criminally assaulted and the examination of the contents of the stomach showed that the last meal she had eaten was at a restaurant, the contents corresponding with the restaurant bill of fare.

This last fact was considered of supreme importance by the investigating officials because upon its substantiation hinged the effectiveness of the arrest of the mother and brother of the murdered girl and the attempt thus far ineffectual, to apprehend the older sister on the direct charge of murder. The arrest of the sister is expected at any moment. The charges against the members of the family, the mother as principal and the brother and sister as accomplices, was made by Constable William Heintzman, of Cincinnati, in a series of affidavits filed yesterday.

Young Gilman was arraigned late yesterday afternoon before Magistrate Wagner, pleaded not guilty to the charge and was held for trial. Mrs. Gilman was not placed under arrest, as she is in the Miami Valley hospital and is reported to be in a serious condition.

In their report the autopsy physicians declare "it is our joint conclusion that death was caused by strangulation."

"Gay New York."

With proper fairness and on the strength of a phenomenally successful run in Berlin, "Gay New York," the underlined musical comedy attraction at the Grand next Tuesday night is being presented as a translation from the German. The fact of its having achieved a signal triumph in this country is probably due in no small measure to the formidable array of talent engaged in its interest. A casual glance over the list of honored stage names, as are associated with the progress and prosperity of this so-styled giant of gorgeous lavishness among musical comedy greatness must carry the most positive conviction that the management are pleased to rely upon their means besides the absolute quality of their productions for gain and glory. Out of the fifty or more talented people engaged in "Gay New York," mostly of whom are girls of beauty as well as cleverness, it is necessary to pick the names of Harry Emerson, Lillian Hoerlein, Edward B. Adams, Ollie Omega, Edward Brennan, Florence Clements, Magda H. Foy, Bessie Bartell, Richard Bartlett, James Devine and a dozen others prominently popular, to form a respectable estimate of the company of distinction entrusted with the fun and music sensational surprises to be expected.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

JAMESTOWN WHITE HOUSE

PROPOSED NOW TO ERECT REPLICA OF FAMOUS STRUCTURE AT EXPOSITION.

WASHINGTON, Dec. 10.—It is proposed now that instead of leasing floor space in one of the buildings at the Jamestown Exposition, the District of Columbia shall erect a building of its own to house the municipal and commercial exhibits, and that the building shall be a replica of the White House.

A subcommittee of the joint committee of fifteen, which has in charge the Washington commercial exhibit, met yesterday afternoon in the offices of the Board of Trade, Star Building. Chairman Thomas W. Smith, who visited Norfolk last week, reported the exposition officials refuse to lease floor space for the municipal exhibit in the Manufactures and Liberal Arts building, because the exhibits would not be products of the people of Washington, but of what they have for sale. The subcommittee then decided it would be better to erect a building, and will so report to the full committee.

If the joint committee decides to put up a building at the exposition it will be built on the plaza with the State building. At Jamestown the best sites have been given over to the State structures. With the other State buildings, the District Building, if it is decided to erect one, will be along the beach, fronting Hampton Roads. From it one will have an unobscured view of Fortress Monroe, Old Point Comfort, Newport News, and Hampton. Just off this beach, about half a mile, is the place where the historic engagement between the Merrimac and Monitor was fought.

After considering the relative merits of the proposition of leasing floor space in one of the other buildings, or having a special building for the District, the members of the committee thought the "Greater Washington" movement would be given a greater impetus by the latter. When it was decided to recommend the erection of a building, the members of the committee were all of the opinion that some building, distinctly characteristic of Washington should be reproduced. Arlington and the White House were proposed, but after some discussion the White House was chosen unanimously.

The subcommittee will propose to the committee of fifteen that the replica of the White House be erected with the money which was available for the leasing of floor space in the Manufactures and Liberal Arts building. This was about \$7,500. The outward appearance of the Presidential residence will be reproduced exactly, but some departures from the plan of the interior will be necessary on account of the exhibit.

The members of the subcommittee, all of whom were present at yesterday's meeting, are Thomas W. Smith, R. N. Harper, Monroe Luchs, Arthur Moses, and Woodworth Clum.
