BIG CAMPAIGN IN WEST VIRGINIA

THE BRAINIEST AND BRIGHTEST SPEAKERS OF SOCIALIST PARTY ARE SCHEDULED TO SPEAK. MILWAUKEE, Wis., July 22.—Plans for a big West Virginia campaign by the Social Democratic party have been completed and during the coming winter, from October to April, a series of lectures on socialistic topics is to be given, with the object of making converts to the party. The brightest men and women in the party have been picked for this campaign, and during the winter will visit Wheeling, lecturing once a week.

This, in brief, is the announcement that has been made in this city by Victor L. Berger, national committeeman, and one of the founders of the party. The plans for this campaign are in charge of National Secretary J. Mahlon Barnes, of Chicago, who for some time past has been in correspondence with the leaders in the States that are to be included in the lecture course. He has so far booked eighteen speakers, and more are to be enlisted before the campaign opens.

"This is the time for action by our party," said Mr. Berger. "The time for action was never more opportune. What we propose to do is to debate every side of the socialist doctrine. It will be discussed by men and women who know what they are talking about; who have given the subject long study and thought, and who are in a position to enlighten those who really want to know what true socialism means."

"Socialism is spreading and we are making great progress. The people are aware that something is wrong with social conditions and are doing a great deal of thinking these days when agitation is going on everywhere. When such men as President Roosevelt take up our ideas there must be something more to them than mere talk. Many of his declarations are founded on our doctrine, and were so long before he took them up in his present policy. He does not claim to be one of us, but many of his ideas originated with us and are socialistic and he is helping our cause. His fight on railroads and trusts is right, and he is doing excellent work considering the handicaps he is working under. He is not going far enough, however. However, his fight on the big corporations that are robbing the people is doing great good to our cause."

"With all these conditions existing, the time for action by our party is ripe. We are a party of the people and in view of the fact that the presidential campaign will be opened by the time the lectures begin, the people will be interested to know what we have to say to them."

The following have been selected as speakers, but more are to be chosen: Victor L. Berger, James F. Carey, E. Carr, W. D. Gayles, Ben Hanford, E. V. Debs, Cameron H. King, Jr., N. T. Maynard, G. F. Kirkpatrick, S. M. Reynolds, A. M. Simmons, Lena Morrow Lewis, May Woods Simons, F. G. Strickland, J. G. Phelps Stokes, Martin Craig Wentworth, John M. Work, and D. Thompson.

Following is a list of the topics which the national secretary has chosen for the speakers: 1. The Reasonableness of Socialism; 2. The Class War in the East; 3. Socialism and the Homes; 4. Trades Unions and Socialism; 5. Think or Surrender; 6. The Working Classes in American History; 7. Socialism and Ethics; 8. Merritt England, Yesterday and Today; 9. Emperor William and Socialism; 10. A Night With the French; 11. In Russia With the Revolutionists; 12. Influence of Socialism on the Statecraft of Italy; 13. Constructive Programme of Socialism; 14. The American Social Movement; 15. The Last of the Anarchist; 16. Socialism and Law; 17. The Joy of Living; 18. Readings From Gorky and Hauptman; 19. The Failure of Capitalism; 20. Socialism and Education; 21. Economic Interpretation of History; 22. The Wages System and Socialism; 23. Socialism and the Farmer.

It will be seen at a glance at the subjects of the lectures that every phase of the question in this country as well as in Europe has been covered. In his letter to the leaders of the various States, Mr. Barnes says: "Having the best talent in the movement on the platform, there is no question of the great value of the undertaking, especially as it immediately precedes the national socialist convention and the presidential election. Not a single discordant note has sounded from any quarter where this proposition has been presented. All agree that it is the best move we could possibly make at this time. I trust you will take this matter up immediately and never rest until you have reached a conclusion; then let me hear from you, the earlier the better."

The wording of Mr. Barnes' letter can leave no doubt that he places great importance on the campaign at this time. Church—Do you think traveling broadens a man? Gotham—Why, yes; look at Secretary Taft!—Yonkers Statesman.

Fitz Is Broke

AFTER EARNING HALF A MILLION FITZSIMMONS IS ABOUT ALL IN.

NEW YORK, July 22.—Bob Fitzsimmons, the old fighter, is nearly "dead broke." The \$2,000 that Fitz should get for meeting Johnson in Philadelphia Wednesday night, when Bob was knocked out easily in the second round, is all he has in the world.

This announcement will come as an unpleasant surprise to many friends of Fitzsimmons, who thought a few years ago that he had an independent fortune from which nothing could divorce him.

All of that money which Fitz earned and kept with such care has been sifted out in theatrical ventures and taken from him by sharpers. Fitzsimmons in his life has earned easily, it is estimated, half a million dollars.

There was \$2,000 due him from the Philadelphia fight, and a telegram from the Quaker City says that George Considine, of this city, attached this, following a judgment of \$4,200, which he had secured against the gladiator.

Mr. Considine's action, however, was taken only to secure the money for Fitz himself. Others of his creditors were after it.

MUCH IN LITTLE. New York city has provided new flat-houses for 586,000 tenants during the last five years.

SAD TRAGEDY ON SATURDAY

WELL KNOWN BARBER CUTS WOMAN KILLED BY A TRAIN AT CECIL.

GRAFTON, July 22.—Mrs. Mattie Hall, of Philippi, the guest of Mrs. Dr. Gall at Cecil, met death in a tragic and very deplorable manner at Cecil Saturday. Mrs. Hall had been visiting Mrs. Gall for the past few days and at ten o'clock went to the post-office. As she was returning to the residence of Mrs. Gall the southbound train was just pulling out and she started to walk up the track. The work train, in charge of Engineer Brown Church, of Grafton, was following the passenger, and Mrs. Hall got directly ahead of it, and was walking with her back to the oncoming train. The engineer blew his whistle vigorously and one of the trainmen sitting on the "cow catcher" called to her loudly, but Mrs. Hall never noticed the train until it was almost upon her when she looked back and saw it. It was too late, however, and as the train struck her she threw her hands up as if in appeal. The engine knocked the woman to the left of the track. The train was stopped as quickly as possible. The accident had occurred directly in front of the residence of Frank McDaniel, and nearby residents were quick to reach the side of the fallen woman. Her broken body was tenderly laid on a cot and taken to the residence of Mrs. Gall. Dr. Brown of Webster, was called, and hurried to the scene, but could do nothing, and death came at twelve twenty-eight o'clock. The injuries received consisted of a bad gash in the head, a broken ankle and internal injuries.

Mrs. Hall was the widow of the late Marion Hall, of Philippi, who died about one year ago. She was well and favorably known at Philippi, and was loved by all who knew her. Mrs. Hall was a good, religious, charitable and gracious woman, and the announcement of her death will be received at Philippi with every regret. There are no children surviving. The remains will be taken to Philippi for burial.

Mrs. Dr. Gall, whom Mrs. Hall was visiting, is a daughter of Mr. Joseph Matlick, better known as "Uncle Joe," who was spending the day in Grafton when the deplorable accident occurred.

FOOLED WITH KEG POWDER WHEN IT EXPLODED, KILLING ONE MAN AND FATALLY INJURING FOUR MORE. TUBERCULOSIS EXHIBIT AT JAMESTOWN EXPOSITION.

JAMESTOWN EXPOSITION, Va., July 22.—The tuberculosis exhibit of the National Association for the Study and Prevention of Tuberculosis and the Anti-Tuberculosis League of Norfolk, Va., at the Jamestown Exposition is one of the most interesting and important on the entire grounds. One entire end of the building is utilized, the charts, maps, photographs, etc., covering the three side walls while several large booths have been constructed in the center of that part of the building to display further exhibits and literature.

The prime purpose of this exhibit, which was opened by Dr. Livingston Farrand, is to show that consumption can be prevented; then it contends that it can be cured. Its great argument is sanitation, and consequently in spite of its gruesome nomenclature there is nothing sickening not unpleasant about the exhibit.

For the most part the display consists of models of dwellings, hospitals, sanitariums, tents, etc., together with charts and pamphlet literature and the various appliances by the tuberculosis experts in the prevention and cure of the disease.

The health statistics of the United States show that nearly fifteen per cent. of the deaths in the country are caused by consumption. In some sections of the country the mortality from this source is naturally decidedly less, but in other places it is shockingly high.

Throughout the exposition period stereopticon views will be shown, brief lectures given for the benefit of the more interested visitors and general conferences held to which the public at large is invited.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my Book on either Dyspepsia, the Heart, or the Kidneys, Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptoms treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free book. Dr. Shoop, Racine, Wis. The Restorative is sold by E. A. W. B. REDUSO for LARGE WOMEN Restrains tendency to overfleshiness, and moulds the over-developed proportions into graceful outlines hitherto thought to be attainable only by slighter figures.

This splendid result is attained by an unboned apron extension which reaches down over the abdomen and hips, giving the wearer absolute freedom of movement. This feature absolutely eliminates the necessity of any harness-like devices and straps, hitherto deemed essential on corsets of this kind.

W. B. NUFORN & ERECT FORM CORSETS can be found on sale at dealers everywhere at \$1.00 and up. Weinberger Bros., Mch., 377-9 Broadway, New York.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical anesthetic suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well
