The festival held by the young folks on the school house lot Saturday night for purchasing an organ for the church was a splendid financial success considering everything. Only a week's notice given. It was a home affair with a small crowd in attendance. The heavy rain broke it up early and drove everybody in the little school house. In spite of these drawbacks about forty-five dollars was taken in for which the promoters are thankful to every one present and to all who lent their assistance.

THE WEST VIRGINIAN'S MANNINGTON BUREAU

LIVE NEWS FROM A LIVE TOWN BY A LIVELY CORRESPONDENT.

MANNINGTON, July 22.—Yesterday was a most beautiful day, like a race day in June, and the people of Mannington were out to enjoy it. The usual services were held at the different churches, which were well attended. The Sunday schools were thronged with children. To be on the street on Sunday morning and see the children going to the different churches one would think this a model Sunday school town, yet not fifty per cent. of the children in the city attend Sunday school. Should all the children decide to attend Sunday school the churches could not accommodate them.

Soldiers' Reunion.

The annual reunion of the old soldiers of Marion county will be held in this city some time in September. This will be an important gathering the people of the city should take much thought and trouble to make this a memorable occasion. It has been said of us that we are not as loyal to the old soldiers as the other towns of the county. Let us redeem ourselves and show to them and to the world that we are not lacking in appreciation. Let the town be decorated in their honor and some suitable entertainment be provided. Judging by what they endured and by the results achieved by their services they are the heroes of the republic, and should be our honored guests.

Engineers Arrive.

A corps of engineers came in on the 8:30 train this morning out so far we have been unable to ascertain what work they will be located.

Many Farmers in Town.

There were a great many farmers in the city on Saturday and while the past week has been very wet and has interfered very much with their work, yet they are all hopeful and say the corn is making a wonderful growth in the last few weeks and bids fair to yet make a good crop. Meadows and oats are looking fine and wheat will be only fairly good. They take the hopeful view of the situation and say that the soil of Marion county has never failed them yet.

Got It Wrong.

The compositor of Saturday's makes us say that Dr. C. H. Ice has been sick for the past year, when in fact this item referred to another party. Dr.

Eighteenth Straight Victory.

The game of baseball between the Athletics and the Moundsville team Saturday was one of the best ever played on the local diamond. The weather was fine and the town all turned out to see the game which was exciting from the beginning. The boys all played good ball and the fine plays were highly applauded. The Moundsville team was shut out until the last inning, when they succeeded in making one score by the skin of their teeth. The final score stood two to one in favor of the Athletics. This is the eighteenth winning game for the Athletics. The one handed catch of McGonigal was a dandy. Score:

Home From the East.

John L. Howard, of the boiler works, returned from the east this morning and reports the boiler business good, but that collections were very slow and in fact money matters very close.

Drilling in "Africa."

There is much drilling being done in Africa (Monongalia county), and some good producers have come in over in that section recently. This is drilling over the same territory that was drilled years ago and getting the oil in a lower sand. Truly this is a wonderful country and no one can predict what will be next. There is much heavy hauling from here to that field and the roads in that section are almost impassable. Business makes mud.

Enterprise Plant Moved.

The plant of the Mannington Enterprise has been moved from the Prichard building on Market street to the Hess building on Railroad street. A new gas engine is being installed and other improvements being made.
