NEWSY NOTES FROM RURAL TOWNS

METZ AND SURROUNDINGS

Our town is right here, located on the B. and O. R. R. and Fishfork creek, surrounded by six leading muddy roads as there is so much hauling by oil companies. The road leading to Mannington is No. 1, No. 2 up Campbell's run, leading to St. Leo Wadestown and Burton and to Greene county, Pa. No. 3, to Glover's Gap No. 4 up State's Fork and to Seven Pines; No. 5 across on Dent's run and Logasport; No. 6 up Johnnycake through Flat run and to Fairview. So we are not hemmed in by any means.

A mad dog passed through Dunkard and the head of Fish creek. He bit quite a number of dogs as he fought everything he came across. He was killed on the Mack Maple farm, so ends Jim but the result of his trip through the country is in the future.

Alvy Thompson and wife of Benwood, were at his parents Saturday and Sunday. It will be remembered that he had his foot taken off last fall. He now has a new one and can get around real well. He is now ready for a job.

A nice party was given in our town by Mrs. Will Talkington for a visiting girl, (we did not learn the name). There were 30 some present ranging from 6 to 13 years of age. They had a nice time and served ice cream, cake and other things in proportion. The little folks enjoyed the evening. A few that were present were as follows: Ross Campbell, Laura Campbell, Mari, Susie and Harry Ornduff, Annie Kimmer, Harry Neer, Genoa Dawning, Esther Martin, Isaac Brumage, Willie Ornduff, Willie Hibbs, Margaret McConnell, Lawrence McConnell, Derwood Hibbs, Jean Grant, Gale Grant, Mildred Metz, Lillias Dawning, Glen Dawning and others we did not get their names.

The Marion Oil Co. (that some of our Mannington correspondents call the Pewee Oil Company), was shut down for a few days on account of a cable which was delivered Monday by Fred Post and the Floyd boys. They stayed Sunday night at Henry Campbell's.

Glover's teams which are now hauling the 8 inch casing for the same well are boarding at the above boarding house. The wells is almost ready for the 8 inch.

The little daughter of Lee Rice is very bad at present with cancer on her face.

We are to have a new road from the upper crossing to Campbell's run and cross the run with a 25 foot bridge then around to the old road a distance of one half of a mile. This is almost all in ponds. We hope the contractors will shove the road to completion. TRUE BLUE

Will It Come to This? If Mr. Roosevelt does accept a third term nomination, he will be forced at the same time to accept the presidency of the Ananias Club, to the membership of which he has added so many names.—Florida Times-Union.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden little nerve that really is all at fault—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

BIG REUNION OF ODD FELLOWS

THE HARRISON COUNTY "CHAIN GANG" WILL HAVE ROYAL TIME TO-MORROW.

CLARKSBURG, July 30.—The third annual reunion and picnic of the Harrison County Odd Fellows Association will be held here to-morrow. With the fifteen lodges of the county carrying a membership of over one thousand members gathering here for this affair and with the hundreds of three-link men from other sections coming in, it promises to be one of the greatest events ever held here.

With favorable weather it is pretty much a certainty that the attendance will be far greater than it has been in previous years and as the programme was never more attractive it is safe to say that the vast crowd here will have a most pleasant day.

The members of the various committees for this affair have been a very busy set of men and they have reasons to believe that their efforts have not been in vain.

Following is the programme arranged for the day: Parade, 11 a. m. Formed at the Old Fair Grounds.

Line of March—Main to Oak, thence to Pike, Pike to Fair Grounds. Address of Welcome—Mayor L. C. Crile, of Clarksburg.

Prizes Awarded. First—Lodge making best appearance, a Noble Grand collar. Second—Prizes on Running race, a three-link pin.

Third—Flag race, three-link pin. Fourth—Flour contest, cash prize Fifth—Tournament, crown. Sixth—Baseball, cash, \$5.00.

Chief Marshall, W. J. S. Harmer; Assistants, C. E. Webb and Howard Cunningham.

Immediately after the parade the various lodges will line up in front of the grand stand for review and they will receive the address of welcome while in this position.

The Canton has been invited to take part in the parade and have accepted the same. With the handsome new uniforms which have just arrived and with the large membership, the new organization will doubtless make a handsome appearance in the line of march.

The Canton will be the guests of the organization at large and will not compete for any of the prizes.

Named by the People Half a century ago, Rev. Father John O'Brien of St. Patrick's Parish, Lowell, Mass., through overwork and exposure, became seriously run down. A cold and stubborn cough and lung trouble threatened his life. An eminent specialist gave Father John, as he was fondly called, a prescription to cure the cold and remove the lung trouble, as well as to build up and strengthen the body. Father John was soon restored to his former health and strength, and he recommended the medicine to his parishioners and friends. Thus it became the family remedy in thousands of homes, and became known as "Father John's Medicine."

Stead Scores the British Delegates

DECLARES THEY HAVE DESTROYED ENGLAND'S PRESTIGE AS A PEACE LEADER.

LONDON, July 30.—William T. Stead, editor of the Review of Reviews, who has been conducting a publication at The Hague devoted to Peace Conference matters, when interviewed on the progress of the Peace Conference, delivered a serious indictment against the British delegates. He said: "Until last Saturday, when, under the pressure of angry protests, the British government instructed its delegates to make a belated declaration of adherence to the American plan of obligatory arbitration, the British delegation had done nothing for peace, nothing for arbitration, nothing, in short, for anything the British people believed they had been sent to The Hague to do."

"Their action and still more, their inaction, has been the amazement and despair of all the friends of peace. I do not exaggerate in the least when I say that, as far as every principle the British government is supposed to have at heart is concerned, it would have been far better to have had no delegates at all than the men who have hown skepticism where they ought to have shown enthusiasm, who have repelled where they ought to have attracted, who have been a wet blanket upon every aspiration of the peace crusaders and who have succeeded in utterly destroying England's reputation as the leader of the peace-loving nations of the world."

"As members of a conference striving for peace ideals, they are about the most incompetent set of beings that ever achieved an unmitigated failure."

Continuing, Mr. Stead said: "Great Britain having abdicated her traditional position, the leadership has fallen into the hands of Germany and the United States, and we taught the Americans that the Germans are warmer friends and stouter allies than the British."

Elkins Daily to Issue August 15th. GRATON, July 30.—Mr. Herman G. Johnson, editor of the Elkins Inter-Mountain, was in the city over Saturday night, shaking hands with friends and looking after some business matters.

Mr. Johnson came here from Cumberland, Md., where he had been spending a couple of days with the Cumberland News editors and making a study of their methods of publishing a daily newspaper.

The Inter-Mountain will be published a daily beginning on August 15th. Mr. Johnson has put in a splendid plant, which includes one of the newest and best Mergenthaler linotype machines, and he went himself to the company's manufacturing plant in Brooklyn and learned all about the machine, remaining with the company about three weeks.

Mr. Johnson expects to care for the machine himself, but he has secured the services of an experienced man to operate. The new daily will begin business with every prospect of brilliant success. It will be issued in four-page form at first but will later be changed to an eight-page folio.

COMPANY WILL DEVELOP LAND

TEST HOLES WILL BE DRILLED ON FOUR THOUSAND ACRE COAL TRACT.

CLARKSBURG, July 30.—The directors of the Walkers Coal & Coke Co., which owns a tract of about four thousand acres of coal on the Short Line railroad near Wallace, this county, held a meeting recently at the office of its attorneys, McDonald & Cray, at Uniontown, Pa., and made arrangements to contract for the drilling of several test holes on the property, for the purpose of obtaining tests and ascertaining the depth of the coal with a view towards locating shafts to develop the property. The tests already made in that vicinity show that the coal is of greater thickness and of better quality, especially for coking purposes, than coal along the outcrop. It is understood that the company will operate extensively both as to the mining of coal and manufacturing of coke.

This splendid result is attained by an unboned apron extension which reaches down over the abdomen and hips, giving the wearer absolute freedom of movement.

This feature absolutely eliminates the necessity of any harness-like devices and straps, hitherto deemed essential on corsets of this kind.
