Export trade of Baltimore.

Statistics of exports from Baltimore for the past six months of the calendar year show the output of foreign commerce of that port value as still on the increase. The aggregate value of exports from Baltimore from January 1 to July 1 foot up \$18,613,144, and an increase of nearly four and one-half million dollars over the exports of the corresponding period last year.

The Southern Lumber Interest.

In an interesting article on the condition and prospects in the Southern Lumber trade, the Northwest Lumberman makes known some facts that are of general import. The trade, it seems, shares in the general dullness and there is not much prospect for improvement during the present season.

Another Expression from Carl Schurz.

Since some people are still professing to have doubts of Mr. Schurz's views, we take the liberty to dispose of them by printing the following extract from a private letter just received from Senator Schurz:

From Monongalia County.

MORGANTOWN, W. VA., July 14. Editors Intelligencer: The Congressional fight has hardly opened in this district, and as yet no one seems prominently or conspicuously to attract attention. Goff for Governor, Atkinson, of Kanawha, for Auditor, Berkshoff for Superior Judge, and John A. Hutchings for Attorney General, are certainly popular favorites for our State ticket, and cannot be improved on. With a popular and active electoral agent, and the rest of the State ticket as good as those suggested, we ought, and I have no doubt, to win this fall.

Some Interesting Notes of Palestine.

We are under obligations to Mr. Clark, of Martin's Ferry, for the privilege of perusing some interesting letters received from his son, T. C. Clark, now traveling in Palestine. Mr. Clark proposes returning to America in the course of a few weeks. He writes as being delighted with his trip through Palestine, and says:

OUR WASHINGTON LETTER.

WASHINGTON, W. VA., July 13. Editors Intelligencer: Permit this part of the State to be heard from through your paper. The political situation is being discussed very lively at present. All the Republicans are perfectly satisfied with the nomination of Rutherford B. Hayes for President, and the only objection the Democrats urge against him is that he has not proved himself a reformer.
