

HOW I ENLARGED MY BUST SIX INCHES IN THIRTY DAYS

After I Had Tried Pills, Massage, Wooden Cups and Various Advertised Preparations Without the Slightest Results.

A SIMPLE, EASY METHOD WHICH ANY LADY CAN USE AT HOME AND QUICKLY OBTAIN A LARGE AND BEAUTIFUL BUST.

By MARGARETTE MERLAIN.
Well do I know the horrors and intense humiliation of being flat-chested, of having the face of a woman set on the form of a man; and I can not find words to tell you how good I felt, and what a terrible load was lifted of my mind when I first saw my bust had really grown six inches in size. I felt like a new being, for with no bust I was neither a man nor a woman, but just a sort of creature half-way between.
With what pity must every man look at every woman who presents to him a flat chest—a chest like his own! Can

Keep this picture and see your own bust undergoing the same transformation. I had been imposed upon by charlatans and frauds, who sold me all sorts of pills and appliances for enlarging my bust, but which did me no good whatever. I therefore determined my unfortunate sisters should no longer be robbed by those "taking and frauds," and I wish to warn all women against them.
The discovery of the simple process with which I enlarged my bust six inches in thirty days was due solely to a lucky accident which I believe was brought about by Divine Providence;

and as Providence was so good to give me the means to obtain a beautiful bust, I feel I should give my secret to all my sisters who need it. Merely enclose two 2-cent stamps for reply, and I will send you particulars free by return post. I will positively guarantee that every lady can obtain a wonderful enlargement in her bust in thirty days' time, and in the privacy of her own home without the knowledge of anyone. Address: Margarette Merlain (Dept. 1630), 85 Great Portland Street, London, W., England.

FREE COUPON FOR READERS OF THE WHEELING INTELLIGENCER.
entitling the sender to full information regarding this marvelous discovery for enlarging and beautifying the bust. Cut out this coupon and send to-day, with your name and address, to Margarette Merlain (Dept. 1630) 85 Portland Street, London, W., England.
Name _____
Address _____

NOTE—All ladies who wish to obtain a large and beautiful bust should write Madame Merlain at once, as the above is an honest, straightforward offer on her part, made for the good of her sisters, and able in no way profits by the transaction, but generously offers her help absolutely free to all who use the free coupon above. Ladies who fear that their busts may become too large are cautioned to stop the treatment as soon as they have obtained all the development desired.

OIL AND GAS

The Blue Creek field in Kanawha county is still furnishing sensational producers. The latest completion in the gusher class is the W.S. Edwards Oil company's No. 2. E. S. Jones' one-acre lot, located 175 feet west of the Ohio Fuel Oil company's No. 5 on the Chloé Copenhaver farm and inside of the rubber zone, produced 459 barrels the first five hours. The size rather than the location is important. The new well will give the production of the pool another boost, sending it above 10,000 barrels a day.
There are a few other completions of some importance. Southwest of the pool, located west of the Mary E. Morris farm and south of the G. W. White and F. P. Myers farms, the United Fuel Gas company has drilled in a test on the B. A. Wise farm and it produced 25 barrels the first two hours. This location is north and east of the Ohio Fuel Oil company's test on the Thumm heirs' farm, estimated to be good for 100 barrels a day. The Wise farm test will make about the same kind of a producer.
On the east side of the pool, and about one mile east of the United Fuel Gas company's good producer on the James F. Brown farm, the W. S. Edwards Oil company has drilled its test on the Goshorn farm, comprising 248 acres, through the Big Lime and has a gaser in that formation estimated to have a capacity of 2,000,000 cubic feet a day. This location is on Rich Creek, about two miles east and north of the pool proper.
Due east of the pool there are one-half miles on Fallen Rock creek, Weir Bros., have drilled No. 14 on their own farm through the Big Lime and has a gaser with an estimated capacity of 4,000,000 cubic feet a day. Weir Bros. have been operating for several years along Fallen Rock creek and gasers have been the usual result. Some of the wells when drilled into the aqua sand show for oil producers but they did not make good Weir Bros' operations and the W. S. Edwards Oil company's test on the Goshorn farm show pretty conclusively that gas is the most that can be hoped for to the east of the Blue Creek pool.
Blue Creek Gauges.
The gauges of the producing wells in the Blue Creek pool are as follows: Ohio Fuel Oil Company Nos. 1 to 6, Barthelmeier, 549 barrels; Nos. 1 and 2, Chloé Copenhaver, 30 barrels; and No. 1, 1,165 barrels; Nos. 1, 2 and 3, G. W. White, 550 barrels; No. 2, C. C. & W. E. Myers, 149 barrels; James Jarrett lot, 190 barrels; Mary Keeton lot, 200 barrels; No. 1 A. E. Price, 280 barrels; No. 1 John Mitchell and No. 1 J. N. Keeton, 150 and 420 barrels, respectively; United Fuel Gas Company No. 1 to 4, Keeton heirs, 455 barrels; No. 1 James F. Brown, 670 barrels; W. E. Cart lot, 39 barrels; No. 1 B. A. Wise, 90 barrels; Steinbeck & Wilson, No. 1, Wiley lot, 90 barrels; Davidson & Gates Nos. 1 and 2, Davidson Gates, 250 barrels; W. S. Edwards Oil Company Nos. 1 to 4, E. S. Jones, 450 barrels; Nos. 1 to 4, Graham heirs, 1,480 barrels; and No. 1, E. S. Jones lot, 1,400 barrels.
To the southwest of the pool the Ohio Fuel Oil Company's test on the Thumm heirs' farm has been shut in awaiting the erection of additional tanks.
Light Dumper to the Southwest.
Far in advance and to the south west of the pool more than three miles, the W. S. Edwards Oil company has drilled in a test on the Nathaniel W. Cavender farm, located on Flatwood creek, and has a show for a ten-barrel pumper. Early in the development of the Blue Creek pool, the same company completed a light jumper on the Rozalana Acres farm. The new test is located about 800 feet west of the well on the Acres farm.

On Henrys Fork, Smithfield district, Roane county, the Carter Oil company has completed its No. 31 on the P. A. Tallman farm and has a five-barrel pumper. On Long Run, Grant district, Ritchie county, the Bando Oil company has drilled a test on the Cain-Reider farm through the salt sand and has a five-barrel pumper. This location is 1,500 feet east of No. 1 on the Cain-Chancellor farm, Gassers in Lewis County.
On Brush run, Court House district, Lewis county, the Philadelphia company has drilled a test on the W. G. Cunningham farm through the fifth sand and has a three million-foot gasser. On Butchers' Fork in the same district, the same company has completed a test on the John Collins farm and has a light gasser in the fifth sand. On West Park river, Freeman's Creek district, the Hope Natural Gas company has drilled a test on the W. G. Bennett farm through the fifth sand and has a light gasser.

CHAMPIONSHIP

Bellaire and Y. M. C. A. Basketball Teams Will Clash for the Championship.

On Monday evening, in the gymnasium of the high school, the basketball team representing the local Y. M. C. A. will play the Bellaire Independents for the championship of the Ohio Valley. The teams have met twice, and the Buckeye lads were the victors in both sessions, but since that time the local team has developed and succeeded in defeating some of the fastest teams in this section. Since that time, Manager Sisley of the Bellaire team has been trying to arrange a game with the local team, and yesterday afternoon Prof. A. E. Marriot, physical director in the association, got in touch with the players, and it was decided to accept the challenge. The game will start at 8 o'clock Monday evening, and will no doubt attract the attention of the fans both from this city and the Ohio side.

VERMILYA DEFENSE

Will Be That Alleged Victim of Chicago Woman Succeeded; Was Not Murdered.

CHICAGO, Ill., April 4.—The defense of Mrs. Louise Vermilya, on trial for the alleged murder of Richard T. Smith, is that he committed suicide. This developed today for the first time when Russell F. Thompson testified that Smith threatened two months before his death to commit suicide. Thompson exhibited a bottle containing chloral which, he testified, he took away from Smith.
Thompson's statement was unopposed by the prosecution.

N. Y. DELEGATES AT LARGE MAY NOT BE INSTRUCTED

NEW YORK, April 4.—Unofficial announcement was made at Republican state headquarters today that the four delegates-at-large to the Republican national convention to be elected at the Rochester convention next week probably will be Senator Ethrus Root, Vice President James S. Sherman, William Barnes, Jr., and Nicholas Murray Butler, president of Columbia university, who is to be chairman of the state convention Lafayette B. Gleason, secretary of the state committee, said the four delegates-at-large would not be instructed for any candidates for president.

DOUBLE TRAGEDY OCCURS ON A CROWDED STREET.

DETROIT, Mich., April 4.—Miss Helen Marshall, an employe of a Woodward avenue shoe store, was shot and killed tonight by James Rasmussen, who then turned the weapon upon himself and ended his own life.

KNICKERBOCKER FASHIONS.

Spring Fancies in Hats, Suits, Gowns and Wraps Seen on Fifth Avenue.

NEW YORK, March 22.—"It's simply bewildering," said the girl from St. Louis. "Everything seems to be the style here in New York. How is one to choose?"
Styles certainly are varied enough to confuse almost any woman. One importer brings in hats almost all of rough, iridescent straws and silks, and a neighboring shop of even greater prestige shows all flat straws, Milanese, galgal hemp, hair, Leghorn and one-toned silks made up with dull, flat straw facings. In one stock the greatest use is made of malines, both for whole hats and elaborate trimmings; and in another this material is notably absent.

The above design is by The McCall Company, New York, Designers and Makers of McCall Patterns.

Long Waists and Short Purses—Sings. For the woman whose wants are apt to exceed her resources this vanity is most comforting, for it enables her to bring a last year's hat up-to-date by adding such of this year's touches as are adapted to its material. The best and most expensive hats are simple in outline and more simply trimmed. A black tagal hat seen at a Fifth Avenue shop and priced at a figure prohibitive of any ordinary purse, had only a small facing of royal blue velvet and a pair of blue velvet Mercury wings on top of the crown in front. The crown was quite high and small and the faced rim turned up close as in many of the smartest new shapes. At the same place a new spring "Sailor" was built of black Malre silk with a facing of black straw, and had oiy an upstanding silk pompadour at the side. The crown was low and round, the brim rolled all around and had slight depressions at either side as if the material had been cut out. The hat with silk upper and straw facings will be in excellent vogue for general wear and almost any becoming shape may be selected. An all white tattera turban with big white wings is reckoned especially chic and girlish.

Silk Tailormades.
The silk tailormade is to be more than ever worn, and is shown in more variety of material than heretofore. Tailormades now mean dresses quite as much as two or three-piece suits. For the right sort of figure, the street frock is much prettier than the suit, but if one has doubts as to suitability or becomingness, it is better to choose the suit, for a coat helps wonderfully to conceal a too stout or angular figure. Taffetas in plain and changeable colorings, Failles and serges and a variety of rough silk including the new "Towellings" are all employed for tailormade attire. The towellings bear some slight resemblance to the material used for Turkish bath towels, hence the name.

Cotton Ratine.
Cotton weaves that more closely resemble the towels are known as ratines, and are extensively used for trimmings and for whole suits and dresses that will appear when the weather permits. Cotton etamines will also be much used.

New Buttons.
Pearl buttons, white, smoked or in combination with pearl of a different color or with bones are very good style. Crysta buttons and white bone buttons are also popular, both in ball form and in the flat style that sews through the latter having the preference. Fancy buttonholes of white braid are much used with these, so the vogue for white accessories promises to continue until fall at least.

Bags and Belts.
Bags with handles, not so long as formerly, in leather, suede, and embroidered linen and Macramé lace are all smaller and bargain counters are heavy with the fancy wove and tapestry conceptions that were seen everywhere during the Fall and Winter which means of course that they are passed.

HAULTS LYNCHING

Husband of Victim of Negro Fiend by Pleas Saves Man From Mob Violence.

ELETON, Ky., April 4.—Leon Tallaferra, a thirty year old negro probably escaped lynching at a late hour last night only through the pleading of George W. Robinson, upon whose wife the negro is alleged to have attempted a criminal assault near Felrview, Ky., yesterday.

POLING IS BOOMED BY OHIO PROHIBITIONISTS.

DELAWARE, O., April 4.—A strong sentiment in favor of Daniel A. Poling as a candidate for the governorship developed when the State Prohibition convention opened here today. Aaron B. Watkins of Ada; H. W. Nutt, of Zanesville, and J. H. Tinderson, of Dayton, were also mentioned. J. B. Schmidt, of Columbus, presided at Poling's session.

BOOK'S

Real Shoe Maker
1107—MAIN STREET—1107

STORES IN—PITTSBURG, BRADDOCK, ALTOONA, CANTON, WHEELING, YOUNGSTOWN.

W. VA. RATE CASE

Will Be Taken Up by the Supreme Court Monday—Involves Legality of Two-Cent Rate.

WASHINGTON, April 4.—The supreme court of the United States to-day took the Kentucky rate case under advisement after long arguments.
The case involves the validity of rates on distillery supplies from Ohio river points to sixteen inland cities. Incidentally the validity of the McChord act, giving to the state railroad commission the power to fix rates was attacked as unconstitutional.
On Monday the validity of the West Virginia two-cent passenger law will be argued.

NO JAP PERIL

Will Be Effect of Message Taft Will Send Congress Today.

WASHINGTON, April 4.—President Taft's answer to the Lodge resolution calling for information as to the reported establishment by Japan of a naval base on Magdalena Bay in Mexico will be designed to set at rest the constant rumors of Japanese colonization in North America and will be a distinct blow at the bugaboo of a war with Japan.
The President's answer probably will be sent to the Senate tomorrow.

FOUR DEMOCRATIC SEEKERS FOR PRESIDENCY AT CAPITAL.

WASHINGTON, April 4.—The circle of presidential candidates harbored within the corporate limits of Washington in the last four days, was made complete to-day when Governor Woodrow Wilson, of New Jersey, spent eight hours in the capital, in conference with friends and Democratic leaders.
Within the week, Governor Harmon, of Ohio, and Colonel Roosevelt have paid short visits to Washington, while all of the other candidates in both parties are temporary residents of the capital.
Governor Wilson left this afternoon for Chicago, after a day spent with prominent Democrats of the house and senate.

60-YEAR-OLD TEACHER TAKING EXAMINATION.

MORGANTOWN, W. Va., April 4.—In the 62 taking the State teachers' examinations here is Lorenzo Russell, who is sixty years old, he has been teaching for the past forty-one years.

BRUTAL MURDER

Prominent Celina, O. Man Waiting for Car, Killed and Robbed by Thugs.

CELINA, O., April 4.—The body of David Berry, aged 61, a well known resident of this city, was found to-day in a traction waiting room near the Nicholson club house, east of here, with his throat cut and skull fractured. It is believed Berry was robbed and murdered in Celina and was last seen Monday evening about to take a train for Fomote, Okla., and is known to have had nearly \$500 on him at the time. Bloodhounds have been employed to track the murderers. Two ex-convicts are suspected.

NEEDLEWORK NOTES.

Pin cushions of fancy ribbon, velvet or silk of oblong shape have three plain plump corners and one that is trimmed with two square double leaves of silk which fall over both its sides and, when their baby ribbon strings are untied, reveal several inlaid leaves of embroidered flannel for the center of the cushion and set directly at the center of its shortest edge, are ribbon loops by which the cushion may be suspended. This is the ideal steamer of traveling pin cushion and makes a most acceptable bon voyage gift.

How We Got the Isthmus.

How we got the Isthmus of Panama. The "New-Do-Well" is laid on the Isthmus, where the opinion of the Colombian Minister whose recent letters declare that the revolution in Panama was not together with the "New-Do-Well" in the American woman diplomat the brains of the affair. It was one of the cleverest exploits on record," she declares, "Colombia wouldn't let us build the canal, so Panama succeeded. War was declared, but the United States interfered in time to prevent bloodshed. One Chinaman was killed, I believe, by dropping a hot iron on his toe, or something, and by the time the excitement had died out we had begun digging."

A Romance of Hudson's Bay.

"Flower of the North," a novel by James Oliver Curwood, is announced for immediate publication by the Harpers. It tells the story of an ambitious young American whose work as manager of a great company formed to developing the Hudson's Bay region is strangely thwarted by opposition and treachery. The heroine, a girl of rare refinement and culture, is kidnapped, but in rescued by the hero and conducted to her hidden forest castle. Dramatic episodes unfold her secret and lay bare the plans of the enemy.

ELOPERS

Return East, an Ex-Communicated Clergyman and His Girl Affinity.

HEMPSTEAD, L. I., April 4.—Floretta Whaley, who eloped from Hempstead six years ago, when 16 years old with the Rev. Jere K. Cooke, rector of St. George's Episcopal church, of which August Belmont is senior warden, returned to the home of her grandmother here yesterday. Later she joined the ex-communicated clergyman in New York.

A hat which, though large, is quaint and attractive, is of leghorn faced with changeable pinkish taffeta. The same taffeta is formed into two double box plaited ruffles with pinked edges, one going around the brim and the other around the crown near the top. The brim is slightly raised in front to reveal the facing and a cluster of very small flowers underneath.

FAIRMONT WEDDING.

SPECIAL DISPATCH TO THE INTELLIGENCER.
FAIRMONT, W. Va., April 4.—A brilliant wedding occurred here this evening when Miss Lois Belle Noy married S. M. W. Burnside, of Pittsburgh. Rev. H. C. Howard performed the ceremony.

REPUBLIC PROCLAIMED IN CHINA.

CALCUTTA, April 4.—Dispatches from Lyons, Thibet, say that the Chinese have established a representative council at Lhasa, the capital of Thibet, and proclaimed a republic.

The Dog in Literature.

A list of the dogs that have played their parts in literature, from Ulysses's faithful friend down, has yet to be compiled. The latest corner to take his place by the side of Jandie Dimont's, Geliert, Blanche and Music, Flub, Bob, Son of a Battle, and the Dog of Flanders, is a little Skye terrier called Greyfriars Bobby. His loyalty is attested by facts, for the story of his life is entirely true as related by Eleanor Atkinson in the pages of "Greyfriars Bobby," just published. His devotion is commemorated by a statue erected to him by the Baroness Harcourt-Coutts.

Gas Plant to Resume.

CLARKSBURG, W. Va., April 4.—Announcement was made today by the management of the Clarksburg Gas company that its factory at Adamston would resume operations Friday midnight, April 12.

FORMER GOVERNOR DIES MAKING SPEECH.

HERMINGHAM, Wis., April 4.—While speaking at a local theatre to-night, Governor Charles B. Aycock, of North Carolina, fell dead.

Results from Advertising

The advertiser who uses the daily newspaper repeatedly achieves results. It is the frequently reiterated, day after day, year in and year out, that irresistibly attracts the public. It is the appearance of the newspaper every day that reminds the manufacturer of the evil of procrastination. It is every present—ever suggesting its usefulness, and every man and woman must see it. That is why the advertiser in the daily newspaper gets results. If you have anything to sell, why procrastinate your offer? Why wait a month, or even a week?

The Daily Newspaper Club, with a membership of sixty leading daily newspapers, provides advice as to the best methods of advertising and the disbursement of appropriations. The Club does not solicit business, and charges nothing for its counsel. It will pay to consult it.
