

WHEELING REGISTER.

MONDAY MORNING, MARCH 6, 1883.

The copy of the new School Law, recently passed by the Legislature, which we publish this morning, is believed to be an entirely correct copy, it having been furnished by a gentleman having every facility for procuring correct information and who takes a deep interest in our educational system.

Forty-five railroad accidents have taken place in this country since the commencement of the year, in which sixty-one persons have been killed, and four hundred and forty-one injured.

JOHN S. CARLISLE, who pretends to represent Virginia in the United States Senate, made the acknowledgment, that he is an impostor and that he continues to hold his seat there for the money it affords him.

The Supervisors of Harrison have refused to give a bounty to persons enlisting to the credit of that county. The Clarksburg Telegraph thinks enough to have left that county and volunteered in counties which paid bounties to have filled their own quota.

MR. DEAPER, the Collector of New York sends all the Savannah cotton to his son to be weighed, for which the son will receive some \$150,000 for about two weeks work. Pretty good wages—but he "finds himself."

From the advertising columns of a Philadelphia paper we learn that Ex-President JAMES BUCHANAN has become President of an oil company.

MASON county, in this State, is out of the draft—the quota assigned to the county having been filled by voluntary enlistments.

The New School Law. To Messrs. Correll and Borer, members of the Legislature, and other particular persons of this new law:

GENTLEMEN: I have no wish to question your motives, or to put you to any unseemly or unreasonable trouble. At your instance the former law, providing for the public education of our children, was repealed, and a new one, prepared by you, enacted in its place and forced upon us, whether we liked it or not. In such circumstances, I submit it to your own sense of right and fairness, that you are under the highest obligation to show us the essential difference between the two laws, and in the practical purpose and working of the two systems, and to do it in a plain, simple and intelligible manner.

Any, and all interference in this matter is of a most serious and delicate character. If there is any contingency, or occasion in human affairs, where parents and the body of the people, have a right to be heard through the ballot box, it is precisely in this matter of a local law for the education of their children and the use and disposition in this connection, of their property. The rightfully ordered mind feels a deeper concern and a higher responsibility in this matter, than it does about the question, who shall be President, or who shall be King, or what shall be his power, or his prerogatives. The care, nurture, and education of children, and the providing of means where-with one is placed in a condition to accomplish these purposes and perform these duties, pertains to the family relation, and this relation is one of God's appointment—not man's. It underlies the whole question of civilization, social order, and government, and is the very base upon which these rest. "If the foundations be broken up" what can we do? You may be right gentleman, but we are entitled, at your hands, to an explanation of the exact difference between the new law and the old law, and your reasons for refusing to trust us with the question.

ONE OF THE PEOPLE.

An Act to Provide Free Schools for the City of Wheeling, Passed March 3, 1863.

Below we publish the School Law for this city, as furnished us by a friend. Be it enacted by the Legislature of West Virginia: 1. The city of Wheeling and parts of townships connected therewith shall constitute but one school district; and the board of education thereof shall consist of three commissioners from each township of the district, elected by the qualified voters thereof, in conformity with the provisions of the second section of an act for the establishment of a system of free schools, passed December 10, 1862. The fiscal term of all commissioners elected under the provisions of this act shall commence on the first day of July next succeeding the time of their election.

meeting, elect one of their number clerk, who shall perform all the duties which are devolved by the last mentioned act upon clerks of townships as secretaries of boards of education, but shall not in consequence of being clerk be deprived of his right to vote upon any question pending before the board. Wherever the word "township" occurs in the act above mentioned, it shall be construed to mean "school district"; and whenever necessary to give effect to the provision of this act, the treasurer of Ohio county shall be the treasurer of all the funds for school purposes belonging to the school district of Wheeling, and he shall conform to all the requirements made of township treasurers in regard to funds for school purposes. Said board of education may hold stated meetings at such times as they may appoint, eight members of said board at all meetings thereof, consisting of the clerk, at the request of ten members, by the clerk, on giving one day's notice of the time and place of the same.

3. The board of education of the school district of Wheeling shall have power to establish in said district an adequate number of primary schools, in which the rudiments of education shall be taught. They shall have power to divide the said district into three sub-districts, and to establish in each of said sub-districts a grammar school to be so located as to accommodate the inhabitants thereof, in which shall be taught such of the common branches of education, and to such extent as the said board shall prescribe; and said board also shall have power to establish a central high school, in which shall be taught Algebra, Geometry, Natural Philosophy, Chemistry, Physiology, with such other branches of Mathematics or Natural Sciences, or Literature, as the board may determine, including such as may be necessary for the admission of pupils to the colleges of this or neighboring States.

4. Admission to the various schools in this system shall be gratuitous to all white children, wards and apprentices, of actual residents in said district between the ages of six and twenty-one years, and the board of education shall have power to admit to said schools other pupils not under the age of six years upon such terms or upon the payment of such tuition as they may prescribe. Provided that no pupil shall be admitted to the grammar schools who fails to sustain a thorough examination in the studies of the primary schools, and no pupil shall be admitted to the high school who fails to sustain a thorough examination in the various studies of the grammar schools, and provided further that the said board shall have power to make and enforce rules for the exclusion of children when their attendance would be dangerous to the health or detrimental to the morals or discipline of the school.

5. Said board shall have power to make all necessary rules and regulations for the government of said schools, for the admission of pupils therein, and for the examination that pupils must pass preparatory to admission into the schools of higher grade than the primary; to purchase all necessary stationery, text books and books of reference for the use of teachers and indigent children and to incur all other expenses necessary to make the system efficient for the purpose for which it is established and to pay the same from the school funds of said district.

6. The board of education of said school district shall, annually, at their first meeting in July, or at the same meeting adjourned, elect and fix the salary of the Superintendent of schools of the district of Wheeling, whose duty it shall be to perform in and for the school district of Wheeling all the duties which in the general school law of the State, are devolved on the Superintendent, so far as they are not inconsistent with or superseded by the provisions of this act; also such other appropriate duties as agent of the board as said board may devolve upon him. But the said board shall have power to appoint a committee, which shall include said Superintendent, and whose duty it shall be to examine teachers and grant certificates in accordance with the provisions of the thirty-fifth section of the general school law.

7. The provisions of the general school law in regard to county superintendents, so far as they are not inconsistent with or superseded by the provisions of this act; also such other appropriate duties as agent of the board as said board may devolve upon him. But the said board shall have power to appoint a committee, which shall include said Superintendent, and whose duty it shall be to examine teachers and grant certificates in accordance with the provisions of the thirty-fifth section of the general school law.

8. The State Superintendent in his report to the Auditor shall specify separately the results of enumerations of youth in the school district of Wheeling and in the remainder of the county. And the Auditor in apportioning money for school purposes shall apportion to the school district of Wheeling and to the rest of the county separately according to their respective numbers of youth as shown in the list furnished him by the State Superintendent.

9. At the annual meeting of any of the townships included within the said school district, the qualified voters present, on levying taxes for school purposes, as provided in the thirty-ninth section of the general school law passed December 10th, 1862, may by a majority vote appropriate the avails of such taxes to be expended within their respective townships for any of the following named purposes, to-wit: For the establishment and maintenance of night schools for the benefit of such youth of their township as are not able to attend the day schools.

For providing instruction in the free schools of their township in the German language, linear and perspective drawing, vocal music or other studies not included in the regular course of study prescribed by the board, but approved by said board and to be under the supervision and management of the Superintendent of the school.

For extra furniture or apparatus for scientific illustration or gymnastic purposes, for libraries, books of reference, maps or charts for the use of said schools, for introducing superior methods of ventilation or furnishing bells for the school houses.

For pictures, busts or other works of art for the adornment of the school rooms.

For the embellishment of the school grounds with shade trees, shrubbery, &c. 10. It shall be the duty of the board of education to determine at their annual meeting in the month of July, as near as practicable, the amount of money necessary, in addition to all other available funds, to continue the schools of the district term not less than nine school months, and they shall cause such amount to be assessed on all the taxable property of the district, not exceeding five cents upon the one hundred dollar valuation thereof, and the same shall be levied and collected by the same officers and in the same manner as county taxes, and the same and collected shall be paid over to the treasurer of Ohio county under the conditions prescribed in the fortieth and forty-first sections of the general school law as modified in this act. The collecting officer for collecting and paying over the taxes to be assessed by said board of education shall be entitled to receive a commission of three per cent. upon the amount collected and no more.

commissioners of the city of Wheeling, or the school commissioners of Ohio county, as assies for public schools, and all real and personal property held by either of said boards of school commissioners for school purposes, within said district, shall be deemed to be vested in the board of education of the school district of Wheeling.

12. The present clerk of school commissioners of the city of Wheeling shall, on or before the first day of July of the present year, examine the accounts of moneys received and expended by the present and the late sheriffs of Ohio county for school purposes, comparing them with the appropriations which have from time to time been made by said commissioners and also with the vouchers which may be exhibited by said sheriffs, and shall certify the amount of any balances within said district to the superintendent of schools of said district as soon as he shall have been elected. And the said sheriffs are hereby authorized and required to pay over such amounts to the treasurer of Ohio county on the order of said superintendent, said order to be issued on the same conditions as are prescribed in the general school law for the payment of school funds to township treasurers.

In the Circuit Court for Marshall Co., W. Va., at May Term, 1862. Richard M. Messick and Mary B. his wife, formerly Elizabeth Tomlinson, and Theron H. Bakewell and Mary B. his wife, plaintiffs, vs. Enos Howard, Administrator de bonis non of Samuel Tomlinson, deceased, Abner Tomlinson, Samuel Baker and Caroline his wife, formerly Elizabeth Tomlinson, and William Berry her husband, Theodore Fink, Eliza Newman, formerly Rhoda Tomlinson, Rhoda Biggs, formerly Rhoda Tomlinson, Joseph Tomlinson and Lewis Tomlinson, all heirs of Samuel Tomlinson deceased, Jackson Reed, guardian ad litem of Virginia Fink and Isadora Fink, infant heirs of Samuel Fink, deceased, formerly Samantha Tomlinson, and Benjamin F. Martin, Executor of Presly Martin deceased, defendants.

THE ABOVE-NAMED DEFENDANTS and their legal representatives are hereby notified that the said plaintiffs, at the next April term 1863, of the Circuit Court for Marshall county, W. Va., on the fourth day of said term, will move said Court to dissolve the said order or decree to sell so much of the lands owned by the heirs of Samuel Tomlinson as may be necessary to pay the residue of the sum of \$700 and 25 cents interest thereon, as mentioned in the former decree in this cause, rendered at the Spring term 1862, as a part of the trust fund for which the late Samuel Tomlinson was executor, and that the balance of said trust fund claimed to be due from each of the eight heirs of Samuel Tomlinson, except Joseph and Lewis Tomlinson, is \$129 and 37/100, with interest from June 14th, 1862, and for this balance the plaintiffs will move said Court at the time before stated, for an order of sale against each of the heirs of said Samuel Tomlinson, now holding or having title to lands by descent upon him.

And the plaintiffs will, at the same time, further move said Court for a personal decree against Joseph and Lewis Tomlinson, for the respective balances due from them and yet unpaid, on account of the former decree in this cause. J. ROGERS, Atty for Plaintiffs. Dated March 1st, 1863. mar-6 41st & 4th

SEWING MACHINES. THE CHEAPEST BECAUSE THE BEST. [From the Chicago Tribune.] The great difference between Sewing Machines of all kinds can be seen by the following list of the quantity of thread required by each for every yard of sewing: Single Thread Chain Stitch, as made by Willcox & Gibbs, New England, requires three yards and eighteen inches of thread for one yard of sewing. Double Thread Chain Stitch, as made by Grover & Baker, Franklin, &c., requires five yards and eighteen inches of thread for one yard of sewing. LOCK STITCH, as made by Wheeler & Wilson, requires only two yards and nine inches of thread for one yard of sewing. Winchester & Davis, the extensive shirt manufacturers, after testing all the different machines, are now using one hundred and sixty of Wheeler & Wilson's in their factory and estimate their saving of thread over fifty dollars daily. There is no machine in the world that can do so great a variety of work as the Wheeler & Wilson, or give such thorough satisfaction. They are SIMPLE, RELIABLE & PERFECT. FOR CORDING they are admirable. FOR QUILTING they are exclusive. FOR TUCKING they are unequalled. FOR GATHERING they are unexcelled. FOR HEMMING they are unapproachable. FOR FELLING they are unsurpassed. FOR STITCHING they are faultless. feb-22
