\$25.00 IN GOLD—GEO. M. SNOOK & CO.

\$25.00

WILL BE PAID IN GOLD

To any of our customers, or to any resident within a radius of fifty miles who will coin and supply us with a perfect substitute for that much used and abused word BARGAIN! This word appears to be isolated in its expressiveness and has consequently been well-nigh ridden to death in its peregrinations up and down and over and across this fair land of ours. It is a word that carries with it to-day a much broader meaning than has been ascribed to it in years gone by, and one that is inseparably linked with almost every line of goods shown over our counters. It is impossible for us to do without it or its equivalent. COIN US A NEW WORD that will be a good substitute, aside from those commonly used and which DO NOT express the same meaning, and we will turn over the above amount in gold! Terms of contest simply require the filling out of blank attached and sending to our address:

Try It.

For a lame back or for a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it on to the affected part.

A MODEL SCHOOL.

Opening of Linsly Institute Monday, September 4.

That popular and successful institution the Linsly Institute is now in the eightieth year of its existence, and with every succeeding year it grows more lusty and useful in its mission to educate the youth of the city of Wheeling and vicinity.

It will be seen from this that the school has attained to a grade on which Wheeling and the State may well be congratulated.

Briefly, its design is to prepare boys for college, and to furnish a complete academical course for those who do not propose to take a full course of study, the curriculum, embracing the English branches, the classics, and modern languages, and the instruction in each department being given by teachers of experience and graduates of college.

There is nothing more important in connection with the training of the mind of the youth than that his physical condition should progress with the growth of his mental powers, for without proper exercise the one will suffer for the advancement of the other, and here is where the cadet corps of the Linsly Institute offers superior advantages over other schools.

In addition to the drill, there are gymnastic exercises in the spacious armory, the most modern appliances for the development of physical culture being used, in charge of a competent instructor.

For information regarding catalogues, containing the terms and other information, address any member of the board of trustees, as per advertisement in another column, or the principal, John M. Birch, Wheeling, W. Va.
