Sealskins.

ARRANGEMENTS have been made with the most favorably known of all the Fur Houses, whereby we can supply anything in Seal skin Garments desired, at a small advance above wholesale prices. We show lithographic cuts of the main styles they manufacture and will order for the inspection of intending purchasers several of the particular style desired. In the event of not being able to fit from such memorandum lines, we take accurate measurements and forward these to the makers. To insure a more perfect fit, however, they first forward muslin patterns made according to such measurements, which said patterns are then changed if found necessary. But whether bought from such consignments or made to order, we guarantee the most perfect fit obtainable—made by the most reputable firm in the business, with an experience covering half a century. We furnish Seal Skin Jackets or Capes in good, extra, and finest qualities at prices that it would be impossible to quote if carried in regular stock. We have pleased some of the most critical buyers in Wheeling, who could not do as well elsewhere. Buy from us and save from \$25 to \$75 on your purchase.

Boys on Skits.
The younger boys about the Caldwell's run region have a craze for stilt walking just now. It is not an uncommon thing to see twenty or thirty boys running about high above other people, and the dexterity displayed is something wonderful. Before a boy can attain the degree of "master workman" in this fraternity he must be able to go across the Terminal trestle over the run, on a dead run. Many a hard fall occurs.

In the Circuit Court.
In the circuit court yesterday the appeal case of Dr. J. R. Manley vs. Boney, Steel & Broidenstein was tried to a jury, which found for the plaintiff and assessed the damages at \$75.
In the case of Peter Erb vs. John J. Billick, an order was entered that the judgment be paid in thirty days or the property be sold, and J. B. Sommerville was appointed a special commissioner for that purpose.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and that it is more acceptable to them. Popular-Priced CLOTHES.

To make a long story short, you can save from \$3 00 to \$7 00 by buying your

of us. We are in the position to know, and we put our values in the category where they belong. We will leave the comparison to any competent judge, and the verdict will be in our favor. We've never lost our right of leadership in competition yet. You know cheap tailoring has reached its just deserts. The fathers of it are forsaking the faith, for we've bettered them at every point. We're improving ourselves all the time. We've always had

\$8.00, \$10.00, \$12.00, \$15.00 and \$20.00

Suits and Overcoats

TO SELL, BUT NEVER SUCH PERFECT ONES.

Around these prices we've gathered the fruits of wisdom bought by experience. We have figured and worked until we can make a dollar do almost double duty, and you've only to walk in our footsteps.

If you think we haven't succeeded, if you are still sceptical, spend an hour with us and see the class of men we clothe, and from these popular grades see how perfectly we fit them, how easily. As they themselves, what we save them. Ask them if satisfaction isn't the invariable result of a visit to us. Among the masses of humanity they are better dressed than the average.

The variety that is offered here is ten times greater than any tailoring shop can afford to carry. Search about town into every store that sticks out a clothing sign, and we'll count styles with any three of them. We trust our reputation in every garment we sell; it's right as we know right; perfect as we know perfection. Before your money closes the sale, and then, in spite of our extreme care and precaution, it fails, we're ready and anxious to buy it back at the original price. No wonder men feel safe in trusting their appearance and their purses to
