President Cleveland Decides to Send an American Delegate

WITH THE TURKISH COMMISSION

Appointed to Inquire Into the Armenian Outrages—The Turkish Government Still Maintains That the Massacres Were Not the Work of Soldiers—Will Go Through the Farce of Investigating Them.

CONSTANTINOPLE, Dec. 7.—President Cleveland has sent a cable message here saying that he has reconsidered his decision not to send an American delegate with the Turkish commission appointed to inquire into the Armenian outrages. The President adds that he will allow the American legation here to nominate a delegate to accompany the Portes Armenian commission.

The Turkish government is manifesting a great desire to satisfy the powers that the United States government was the first asked to send a delegate with the Armenian commission, but the United States declined. The Earl of Kimberly, the British secretary of state for foreign affairs, was also requested to nominate a delegate and he immediately assented.

Nobody here seems to know why President Cleveland at first declined to send a delegate with the commission, and it is understood that the United States government and the government of Great Britain are still in communication upon the subject.

The final arrangements are as yet incomplete.

Turkish authorities say they believe that no such murders and excesses as those described by the Armenians were committed by the regular Turkish soldiery, although they say it is possible that in their operators against the rebellious villages a great number of people may have been killed. But the murder of defenceless inhabitants is deemed wholly improbable, as the Turkish troops would only fight against armed rebels.

The Porte claims that this trouble was seized upon by the Armenians in order to get up a political agitation.

LACEY'S VIEWS.

He Says the Currency of This Country Lacks Elasticity.

CHICAGO, Dec. 7.—The gentlemen of the Sunset Club sat down to dinner last night at the Grand Pacific. Secretary Post introduced E. S. Lacey, ex-comptroller of the treasury, as chairman of the after-dinner financial discussion. In taking the chair, Mr. Lacey, who is now president of the Bankers' National Bank, outlined what he considered to be the most needed of reforms in the financial system.

He said that the currency of this country lacked elasticity, and drew a comparison between the system in vogue in Canada and that of the United States, with the comparison in favor of the Canadian system. In the Canadian banks it was stated that there was the power to issue notes at any time to meet an emergency, these notes being withdrawn when the necessity for their existence had passed. Mr. Lacey said that in the panic of 1868 the ability of Canadian banks to issue notes to meet an emergency enabled them to do much to relieve the stringency in the money market. When these notes had served their purpose they were returned and passed out of existence. "By empowering banks to issue notes," concluded Mr. Lacey, "there will be an elasticity of currency that will prevent either redundancy or stringency."

WAS GRANT'S TUTOR.

Death of Gen. Ealika M. Scammon—His Distinguished Services.

NEW YORK, Dec. 7.—Gen. Ealika M. Scammon died to-day at his residence in Audubon Park. General Scammon was graduated from West Point in 1837, and afterwards served in the military academy as professor of ethics and mathematics, and was the tutor of Generals Grant, Rosecrans and Newton, and was a room-mate of General Bragg.

He served during the Seminole troubles in Florida in 1833. In 1846-47 he was aide to General Scott in the Mexican war and was recommended for promotion for gallant conduct at Vera Cruz. From 1847 to 1854 he was on the survey of the Upper Lakes. In 1856 he left the army and for a time lived in Virginia after which he became professor of mathematics at St. Marys college, at Cincinnati, and afterward director and professor of the Polit Polytechnic college in that city.

At the breaking out of the civil war General Scammon was a volunteer. Later he became a colonel of the Twenty-third infantry and was placed in charge of Camp Chase, of Ohio. Mrs. Walter Lockwood, of Chicago, is a daughter of General Scammon.

FORGED SECURITIES

Sold in England and Ireland by an American Banker.

LONDON, Dec. 7.—A telegram received here from Belfast says that $30,000 of American school bonds have been placed in Ireland, and that $150,000 of the same securities have been placed in London during the last ten years. A large amount of these securities are believed to have been forged, but the exact proportion is not yet known. The work of placing these alleged forged securities is said to have been done by a member of an American banking house. One of the partners of this concern is reported to have absconded. The names of the parties concerned are not yet obtainable.

AN OLD TIMER

Daniel F. Beatty, the one Time Millionaire, Convicted of Fraud.

NEW YORK, Dec. 7.—Daniel F. Beatty, at three different times mayor of Washington, N. J., and whose career as a millionaire organ speculater dazzled the country from 1873 to nearly 1893, has been convicted of using the United States mails for fraudulent purposes by a jury at Montpelier, Vt., before United States District Judge Wheeler. He will probably be sentenced next week. Beatty is under indictment for a similar offense in Connecticut and New Jersey.

INTERESTING CASE

Decided by the Supreme Court—F. Vernon Aler's Sentence Affirmed.

Special Dispatch to the Intelligencer.

MARTINSBURG, W. VA., Dec. 7.—The decision by the court of appeals in the case of the state vs. F. Vernon Aler, which has just been rendered, was anticipated here by the members of the legal profession with a great deal of interest because of the many new questions of criminal pleading involved, which are settled for the first time. The facts in the case briefly stated are as follows: In September, 1892, the Nickle Plate show encamped near town, adjoining the residence of Hon. George F. Evans. While one of the showmen was passing over one of Mr. Evan's lots, G. C. Veney, a colored boy, in Mr. Evan's employ, shot him, and he afterwards died in New Jersey from the wound received. Veney was indicted, tried and acquitted. F. Vernon Aler, then editor and proprietor of the Martinsburg Daily World, constantly charged Mr. Evans with having incited Veney to fire the shot, and further with being one of a mob that broke open the county jail here in 1874, took John Taliafero, a negro charged with criminal assault and murder, and hanged him.

Aler also charged Mr. Evans with conspiring with other parties in this matter to spirit away witnesses in the case. Mr. Evans immediately had Aler arrested for criminal libel, and after a tedious trial, in which many intricate criminal questions were raised and argued before Judge R. W. Dailey, Aler was convicted, severely lectured and fined $30 and costs. Judge D. B. Lucas and J. Nelson Wisner carried the case up by writ of error, assigning that the indictment was bad, the evidence insufficient and the pleading defective. Those questions were argued at some length before the supreme court at Charleston last summer by Judge Lucas and Mr. Wisner for Aler and Attorney General Riley and Prosecuting Attorney U. S. G. Pitzer for the state. The court sustained the indictment and completely affirmed the legality of the original decision.

ANTI-ANARCHIST BILL.

Mr. Boatner Expects Its Final Passage Before the Holidays.

WASHINGTON, Dec. 7.—The effort to prevent anarchists from coming to the United States will be resumed in the house of representatives next week, if Mr. Boatner, of Louisiana, in charge of the measure, secures from Speaker Crisp the time he expects.

This measure provoked an exciting contest at the close of last session, but its final passage was put off by adjournment. At that time the government had received official notification from France that a large number of anarchists driven out of Europe were enroute to the United States. Secretaries Gresham and Carlisle were specially anxious to secure legislation in order to cut off the influx of dangerous characters. Senator Hill pushed the anti-anarchist bill through the senate, but it met opposition from Messrs. Warner, of New York, Goldzier, of Illinois, and others in the house, and had to be abandoned for the time being.

Mr. Boatner will now take up the contest where it was left off, and is hopeful of securing the passage of the exclusion bill before the holidays. As it has already passed the senate, favorable action by the house will conclude the legislation.

Representative Warner, of New York, referring to the measure, says the necessity for it has evidently gone by. "There was no suggestion in Secretary Carlisle's report," said Mr. Warner, "as to the need of such a bill. There was much ado at the last session over anarchists about to land, and it was declared the country was in peril. But what has become of these anarchists? They must have been drowned en route. No one has heard of them. It is a singular fact that the men who urge this measure live in the interior, far from points where anarchists might be feared. The New York anarchists would be most likely to arrive, do not believe in the bill."

Mr. Warner's objection to the bill last session was that it did not define anarchists, but gave government officials a dangerous authority to call any one an anarchist and then deport him.

The anti-anarchist bill, as now before the house, provides that no alien anarchist shall hereafter be allowed to land at any port of the United States or be admitted into the United States, but this shall not be so construed as to apply to any political refugees or political offenders. At the hearing of aliens charged with being anarchists the board of special inquiry shall inquire of the accused as to his antecedents, political opinions, whether he belongs to any society or association of known anarchistic tendencies, and he might examine the person for marks indicative of such membership. He may accept evidence of the immigrant's common reputation as an anarchist. On the fact being determined that the immigrant is an anarchist, the secretary of the treasury is empowered to deport him back to the country from which he came. It is also provided that the secretary is to appoint inspectors, to be stationed abroad, to apprehend anarchists embarking for this country.

TREND OF TRADE.

Very Little Change in Current Business. Wages of Labor Do Not Advance.

NEW YORK, Dec. 7.—R. G. Dun & Co.'s weekly review of trade, which issues tomorrow, says:

It is difficult to detect any change in current business. Prospects for business after January 1 are quite generally considered more hopeful. In some branches there are larger orders, and the west bound shipments of merchandise are a little larger, but the working force naturally diminishes near the end of the year and the holiday traffic brings just a temporary activity which is not of much general significance.

The meeting of Congress, and the announcement of the new currency plan, and of various bills proposed have not affected the situation perceptibly. On the whole agricultural implements are scarcely stronger and wages of labor do not advance, but there is reason to expect the employment of a somewhat larger working force after the holidays.

The receipts of wheat are larger than a year ago, and the exports smaller, but foreign accounts, particularly as to the Argentine crop, have helped an advance of 1¼ cents.

Corn receipts are much larger than a year ago, but prices are unchanged.

The iron industry seems to have distinctly brighter prospects at Chicago, where pig iron is firmer and bar in larger demand because of orders for freight cars. But Bessemer iron has sold at $10 25 at Pittsburgh, steel rails have been reduced to $22 there, and wire rods and nails are weaker. Comparison of prices there and at the east show the lowest average yet recorded. Taking prices of October, 1890, as 100, quotations have fallen to 55.7 and are so far shaded that substantially half the price has been cut off within four years. Southern works are offering iron here and in New England at very low figures, and though a somewhat better demand appears for finished products, it is so far below the output that the competition leaves scarcely any profit.

The wool market, judging from sales at the three chief markets since September 1, has been doing 3 per cent more than last year, but 31 per cent less than in 1892, and the average of 104 qualities of wool quoted by Coates Brothers is 13.75 cents, the lowest ever known, 14 per cent lower than last year and 39 per cent lower than in 1892.

Manufacturers are receiving more orders for spring and still have considerable demand for heavy goods.

The failures this week have been 385 in the United States against 385 last year, and 40 in Canada against 42 last year.

FROM SISTERSVILLE.

Interesting Oil Notes from the Tyler County Field.

Special Correspondence of the Intelligencer.

SISTERSVILLE, Dec. 7.—It is currently reported here this afternoon that the Victor Oil Company's well on the Keltar farm is flowing oil and salt water. It will be a good thing for the interior of the county if the report is true.

The Sutton well on the Heitly farm was drilled deeper last night, and it is now reported that the well has filled up 1,400 feet with oil.

J. L. Murphy, of Ingram, Pa., is here on his way to see his father, L. J. Murphy, a well known oil man, who is seriously ill at Middlebourne.

The Island Oil Company's boiler house on Fuel Island was burned yesterday, with it the building occupied by the pumpers and all of their belongings. The fire was caused probably by an over-heated stove. The loss will amount to $1,000.

William Johnston, of Springdale, Pa., a well known operator here, is in the city.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
