Practical Plumbers, GAS AND STEAM FITTERS. No. 38 Twelfth Street, All Work Done Promptly at Reasonable Prices.

(Copyright, 1896.) 'As I passed the vicarage I thought that it looked a likely place. I walked on a few yards, and then it seemed to me a pity not to see if the place was as good as it looked. So I went back and asked at the back door if they could give me a job of work.'

I HAD A CHANCE TO LOOK AROUND. window gave me more trouble than I had expected; the catch was very stiff, and I had nothing but my pocket-knife to force it back with.

I could see now that the man who had knocked me over was Rev. William Lake himself. And the more I looked at him the more I felt sorry that I had ever come.

BEFORE I COULD FINISH HE WAS SITTING ON ME AGAIN. but he caught my wrist, and I might as well have been waiting for you.

As I have said, I saw that it was all up, and I couldn't make it any worse. I was a good deal disappointed, and altogether I was not in the sweetest of humors.

'Pick up your boots,' he said, 'and put them on.' On entering the window I had my boot hanging round my neck by the laces; they had fallen off when he first knocked me over.

He didn't seem to take that as cheek at all. For a moment he didn't answer. Then he sighed and said: 'I have sometimes thought so myself. But it is quite certain that you might have done better. How did you come to this?'

A Very Happy Family. New York Journal: There is a family uptown on the east side, which is a happy one in the most real existence.

PECULIAR POISONS

Generated in the Human Body—The Result of Imperfect Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments in the first process of decay.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

By using 'The New Great South American Kidney Cure.' This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the kidneys, bladder and back.

If the Baby is Cutting Teeth, be sure and use that old and well-tried remedy, MRS. WINSLOW'S SOOTHING SYRUP for children teething.

THE little daughter of Mr. Fred Weber, Holladay, Mo., had a very bad cold and cough which he had not been able to cure with any thing.

IT not only is so, it must be so. One Minute Cough Cure acts quickly, and that's what makes it go.

Question What will cure Sciatica, Rheumatism, Neuralgia, Lumbago, Sprains, Cuts or Bruises?

Answer Salvation Oil of course will effect a speedy cure. It is the best liniment on earth for pain.

Salvation Oil is sold everywhere for 25 cents. Reject substitutes.

A WIRE FLYWHEEL

An Invention which Reduces the Probability of Bursting.

The Manufacturer: Among the most recent and novel applications of wire, attention is drawn to the wire-flywheel lately erected at the Mannesmann Tube Company's works, Germany.

This huge flywheel is driven at a speed of about 240 revolutions per minute, or a peripheral velocity of 2.3 miles per minute, or approximately 230 feet per second.

LINES OF LEVITY. 'I suppose it would, but the dog seems really grateful.—Indianapolis Journal.

Mrs. Blitter—'Willie, has your mother been buying a new rug?' Willie Silmsen—'Yes. You wouldn't know there was a hole in the carpet now, would you?'

New Patient—'Do you think you can help me, doctor?' Doctor—'Well, I ought to. I have had experience enough. I have been attending a man with the same disease for the last twenty years.'

A provincial paper, referring to a man who had a reputation for a careless toilet, announced as follows: 'Mr. Makeup will wash himself before he assumes the office of parish clerk.'

'I haven't lived with you twenty-five years without finding out yours is a brute!' worthfully exclaimed Mrs. Itangle. 'I know a million reasons why I'd hate to be you, and only one that one reason, madam?'

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces.
