

VANCE MEMORIAL.

A Very Handsome Little Church to be Built this Season OUT NEAR ALTENHEIM STATION

By the Liberality of Mr. J. N. Vance, of this City—Will be of Cleveland Blue Stone, Romanesque in Architectural Design, and a Very Neat and Handsome Structure, with Every Modern Convenience of a House of Worship.

As soon as the state of the weather will permit work will begin on the pretty little chapel at the corner of the National road and Bethany pike, at Altenheim station, and it will be pushed to completion as rapidly as possible.

The designs are by Franzheim, Giesey & Farris. The plan is of the Romanesque order. The material will be Cleveland blue stone, and the roof will be tile in the Spanish pattern.

There will be an entrance from the Bethany pike side, and also one from the direction of the station, while the main entrance will be from the National road. On the last-named side there will be a long porch, with noble lines and a series of artistic columns.

any pike, which entrance will also admit to the choir loft. Separated from the main auditorium by large sliding doors will be the Sunday school room, so that the two may easily be thrown into one if occasion demands.

The interior will be finished on the same general characteristic lines as the exterior, in oak and Portland cement block work, etc., entirely adequate to the congregation. A library room will also be included. The Sunday school can be entered from both the National road and Bethany pike.

The auditorium will seat about 300 and the Sunday school room about 200, making a joint capacity of 500. In the basement will be a kitchen, and dining room, for use on the occasion of feasts, socials, etc. There will be a pair of bells in the tower, and it is expected that the building will be completed in the early fall.

MRS. GENERAL TOM THUMB Here to Remind One of Childhood Days and Nursery Rhymes.

The Grand Opera house contained an audience last night that filled the popular resort and the satisfaction given by the cute little people was appreciated by all present.

She does not look a day older than she did years ago. She is surrounded by a company of Lilliputians who perform their respective characters in a manner altogether lovely.

The performance opens with a pleasing one act sketch that introduces the midgets in their happiest mood. Among them are the pretty and talented Jennie Quilley, Baron Maggi and others of equal popularity.

Then follows a season of spicillarity performed by clever vaudeville artists and the show concludes with a one act comedy wherein all the little people are given an ample opportunity to show off their abilities to the best advantage.

It is a big show and can't help give the small people the most exacting. It will be given again to-night, to-morrow afternoon and evening, and crowded houses will no doubt see every performance.

RAILS SIXTY FEET LONG. P. R. R. will Use Them on the Pittsburgh Division.

BRADDOCK, Pa., March 19.—The Carnegie company has received an order from Japan for 10,000 tons of 30-foot steel rails. This is the first order received in this country from Japan.

that country having heretofore obtained steel rails from England. All the telegraphers in the Edgar Thompson division will be taken up by cables operated by machinery. The Carnegie company will put in a number of electrical appliances in this and other departments, which will cause considerable reduction in the number of men employed in the plant.

The Pennsylvania Railroad Company has placed an order with the Carnegie company for 5,000 tons of steel rails sixty feet long, to be used on the Pittsburgh division of the road. These will be the first rails of that length ever put into practical use.

The Carnegie company has placed an order with the Carnegie company for 5,000 tons of steel rails sixty feet long, to be used on the Pittsburgh division of the road. These will be the first rails of that length ever put into practical use.

Free Pills. Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills.

These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable.

THE MINING RATE

Will be Seventy Cents Unfit Further Notice.

PITTSBURGH, Pa., March 19.—The following important telegram has been sent to M. D. Hatchford, of Columbus, president of the miners of Ohio, in answer to a request for information to the mining rate in the Pittsburgh district from March 1:

"The following resolution was adopted by the committee of ten: 'Resolved, That pending the securing of signatures to the operators' contract, that the price of mining in the Pittsburgh district on and after March 1 be seventy cents per ton, to continue until further notice.'"

The telegram was signed by William Warner, secretary of the miners, and G. W. Schlienderberg, of the operators. This telegram puts an end to the doubt that has for some time existed as to the paying of seventy cent rates, the action of the committee often being binding on both parties.

The news will be of the utmost importance to the Ohio miners, also, as it means a proportionate advance to the Ohio miners of six cents under the new agreement. Secretary Warner said to a reporter: "It will be of great importance to both operators and miners."

By the adoption of the "uniformity" contract after the signatures of 35 per cent of the operators have been secured, seventy-cent rate would be guaranteed for a year. Signatures to the new contract are being given in a manner satisfactory to the committee having the matter in charge.

A rousing meeting was held last night at Monongahela City. The meeting was attended by Secretary William Warner and Cameron Miller, and an organization was effected at New England by the election of President Dolan. One hundred men at Coal Valley, belonging to the second pool mine, were organized last night by President Patrick Dolan. This is the first organization of the river miners yet effected.

The trouble in the Jones mines at Monongahela yesterday was occasioned by an attempt to reduce the drivers' will result in two deaths. John Mees, a wealthy brick manufacturer, shot and fatally wounded his divorced wife and her sister, Miss Katie Smith. Mrs. Mees secured a divorce from her husband last Tuesday, and he went to her house to-night and demanded her to come back and live with him.

There is no better proof of the excellence of Dr. Bull's Cough Syrup than that it is recommended by leading physicians.

FOR SALE. STEIFF UPRIGHT PIANO. GOOD AS NEW. ONLY \$185. F. W. BAUMER & CO.

HEB LABOR OF LOVE. Ex-Mayor Hewitt's Daughter is Now a School Trustee.

NEW YORK, March 19.—Miss Sarah C. Hewitt, daughter of ex-Mayor Abram S. Hewitt, was elected a school trustee at Pompton, N. J., at the annual school meeting at Midvale township.

At a short time ago Miss Hewitt became a citizen of Ringwood, Passaic county, so that she might be eligible for the position. Her father owns about 22,000 acres of land in that vicinity, and there Miss Hewitt has lived for nine months each year. In an unostentatious way she has long dispensed a lavish charity, and it is on these same lines that she has chosen to devote herself to the improvement of the school interests of the township.

Miss Hewitt is the only woman on the board, and the first woman ever elected to the position. She is without a single suggestion of the type known as the "new woman." I live over there, you know, for nine months in the year," said she to a reporter, "coming to the city only for three months in the winter. I grew up with the people there, and know most of them. They are busy, prosperous farmers chiefly, with large families and little time to spare from their business cares to the demands of school supervision. I have long had the idea that I could be of a good deal of assistance to them if I were a school trustee. To this end I became a citizen of Ringwood and became a candidate for the place. I am glad I have been elected, since I sought to be. No radical reforms are promised that I know of, nor do I know that they are necessary. I have more time to devote to such a position than have the men usually elected. That is the entire story of why I wanted to become a school trustee."

Miss Hewitt has the unbounded trust and respect of the Pompton folk.

Refused the Proposition. OMAHA, Neb., March 19.—The administration wing of the Democrats tonight repudiated the manifesto of the silver Democrats asking that the primaries be held to determine which element should carry the delegates to the national convention. The proposition was refused, replying that the vote of 25,000 which the administration ticket received last year, as against 10,000 for the silverites, to be the story of their relative standing.

The Traffic Disagreement. NEW YORK, March 19.—The conference between traffic managers of New England roads and the representatives of various lake and lines, which began in this city on Wednesday, was continued to-day. The sub-committees appointed at the first day's meeting submitted a report dealing with the present difficulties between the two interests. It is expected that they will soon be amicably adjusted.

Not to be Trifled With. From Cincinnati Gazette: Will people never learn that a "cold" is an accident to be dreaded, and when it occurs treatment should be promptly applied? There is no knowing where the trouble will end, and while complete recovery is the rule, the exceptions are so numerous, and thousands are every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are today countless invalids who trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.

When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by druggists.

IRON AND STEEL OUTLOOK.

Southern Furnaces Continue to Cut with a Vengeance.

CLEVELAND, March 19.—The "Iron Trade Review" to-day says: Bessemer ore prices are still unannounced; pig iron, Bessemer and foundry is weaker; and in the whole range of finished products there is quietness, intense and disappointing. The summing up of the situation might well stop with this, but that some details are needed to preserve the connection of the weeks. It would seem, from recent developments, that leading furnaces that have been trying to hold prices in the face of sharp cutting by smaller interests are now not only meeting these cuts, but are repaying them with interest, some sales being less than \$1 above the low figures of early 1894.

The belief obtains that a brief campaign on this basis will be sufficient to bring producers to some sort of an understanding, as the prices will not permit smaller furnaces to get back cost. If prices are not fixed up, the only alternative is a further blowing out of stacks that cannot compete.

Curtailment of production is still going on. Hods are lower. A sale reported from Pittsburgh at \$22.50 delivered at an Ohio point. Wire and wire nails are less active than in February. Rolling mills in the central west have not felt the car orders of the past two months to the extent expected. The tonnage of bar iron is very light, and with the Merchant Bar Iron Association agreement no longer effective, prices are made according to the judgment and necessities of the individual mill. The quotation is still \$1.20 in the valley and Cincinnati districts, but this has been cut from \$1 to \$2 a ton. The competition of steel has been the chief occasion of weakness.

TERRIBLE TRAGEDY. Near Tiffin, Ohio, as a Result of a Divorce Sensation.

TIFFIN, Ohio, March 19.—The village of New Hiegel is in intense excitement to-night over an awful tragedy which

will result in two deaths. John Mees, a wealthy brick manufacturer, shot and fatally wounded his divorced wife and her sister, Miss Katie Smith. Mrs. Mees secured a divorce from her husband last Tuesday, and he went to her house to-night and demanded her to come back and live with him.

There is no better proof of the excellence of Dr. Bull's Cough Syrup than that it is recommended by leading physicians.

BE A WELL WOMAN! Only One Remedy That Will Make You So, Paine's Celery Compound!

Why not be a well woman this spring? There are women who cannot tolerate the smallest neglect about the house who too often take no care of their health. They should use these precious March days for getting strong and well by taking Paine's Celery Compound—the greatest of all spring remedies.

Miss Elsie M. Brown, of 2 Leeds street, Dorchester, Mass., whose picture is given above, wrote the 5th of this month as follows: "Four or five years ago, I suffered with dreadful pains in my back (owing to my kidneys), so much so that night after night I could not close my eyes, and what few hours sleep I did get, I could be heard moaning and tossing, showing that even in my sleep, I suffered pain. At times I would have more pain than usual over my left hip, and when waking in the morning it would be all I could do to stretch my limbs down

straight, as there would be a drawing and trembling of the cords. Besides such torture, I began to bloat a great deal. "After suffering for some time, a friend advised me to try Paine's Celery Compound. I can truthfully say that after using four bottles I was cured; not helped, but cured."

If you have any doubt at all these things about your health—if neuralgic twinges, kidney troubles, dizzy spells, indigestion or heart palpitation warnings, don't wait for plainer show themselves. Make a clean sweep of all these ailments from the system. It is easiest to do this now, as spring is approaching. Take Paine's Celery Compound when the system is most responsive to its cleansing, strengthening influence.

An improved appetite, sound digestion, uninterrupted sleep, and an energetic condition, are the result of taking Paine's Celery Compound.
