IS PERSONA GRATA. Consul General Lee is Becoming Popular in Havana. AMERICANS WELCOMED HIM.

His Vigorous Action in the Case of the Imprisoned Correspondent for Harper's Weekly Restores Confidence—Dawley was Subjected to Many Indignities, and was Thrust into Prison for No Reason Except that He was an American—Singular Action of Spanish Government About Explosive Bullets.

NEW YORK, June 8.—A special to the World from Havana says: A local newspaper prints an interview with Consul General Lee on the subject of his mission, in which General Lee is quoted as saying that he came to inform himself on the problem presented in Cuba and would report to Washington with strict impartiality and justice.

Gen. Lee has visited the several Americans imprisoned in Cabanas for treason. He found the Comptroller men very wretched and in filthy quarters. He will apply for their relief at once.

It is reported that no formal charge has yet been made in the case of Thomas R. Dowley, the correspondent of Harper's.

It is expected that he will be released soon. He complains that his arms were tied behind him when he was arrested, and that he was threatened with death because he could not carry baggage.

Gen. Lee has received this letter from Dawley written in prison: "Sir—I have the honor to call your attention to the fact that I am an American citizen, born in New York, and am now imprisoned in a military prison without having any hearing whatever. I took up my residence in Artemisa about the first of May last. The celador of the place threatened me with arrest at the time because I was an American. I obtained permission from an officer in command there to come to Havana and Gen. Melquizo again and succeeded in having me arrested. I was confined among political prisoners who are awaiting court martial."

"Trusting that you will give your immediate attention to this case, I am your obedient servant. "THOMAS R. DAWLEY." Gen. Melquizo, who had Dawley arrested, in the name of general who is charged with the responsibility for many murders of "pacíficos."

Gen. Arolas, whom he succeeded, has recently gone back to Artemisa to resume command of the trocha. Americans in Havana breathe more easily now that Gen. Lee has come. He has pleased everybody. His presence in the Dawley case gives promise of a vigorous administration of the consulate in the interest of Americans.

It may be interesting to know that a Havana newspaper has already nominated him for vice president on a ticket with Cleveland.

perfect. There is only one defect in these notes, and that is that the words "Bureau of Engraving" are omitted. I asked Mr. Ninger for the reason of this omission and his reply was unique. He said he did not want people to believe that the notes were made there, and it would have been a lie. He confessed to making four of the \$100 notes with the Lincoln portrait. We have one of those. He passed all his notes here in the east. One of the \$100 bills, however, came from the Portsmouth National Bank, of Ohio, and was detected in 1894 by the Chase National Bank, of this city. In getting Ninger to identify a number of his notes I ran in a counterfeit plate note. He held it closely to his eyes and threw it down with disgust, saying it was not his work, but a plate counterfeit. Apparently this is a mania with him, apart from any spirit of avarice that may actuate him. He certainly is a most remarkable man."

WOOD REPUBLICANS Have a Large Convention—Kendall Endorsed for State Treasurer. PARKERSBURG, W. Va., June 8.—A Republican mass convention was held in this city to select thirty-three delegates from Wood county to the state nominating convention, which meets in Parkersburg, July 22.

The convention was called to order by J. F. Laird, who read the call, and then named Mr. W. W. VanWinkle as chairman. Charles B. Smith, Jr., was elected secretary.

All the districts were represented. The district delegations then held caucuses to select delegates, and the following were reported: Parkersburg—E. McCreery, F. B. Burk, H. F. Tully, T. O. Duvick, C. B. Smith, John Rogers, Alex. Laird, Brent Bartlett, George McHenry, W. T. Heaton, Hubert Dickie, J. W. Dudley, L. D. Kraft, Peter Brock.

MUNYON TALKS ON DYSPEPSIA. HOW TO CURE YOURSELF. In all forms of stomach trouble Munyon's Dyspepsia Cure will promptly cure where there are such symptoms as pain or soreness in the stomach, indigestion or distress after eating, pressure and fullness in the stomach, shortness of breath, poor appetite, coated tongue, sour or bitter raising from the stomach, heartburn, wind on the stomach, constipation, dizziness, faintness and lost energy.

When these symptoms are associated with biliousness, yellow-colored tongue, nausea, bitter taste in the mouth and sallow skin take Munyon's Liver Cure in alternation with the Dyspepsia Cure, an hour apart. Where there is obstinate constipation keep the bowels open once a day by using Munyon's Constipation Cure until they are regular, under the effect of the Dyspepsia Cure. When there are troublesome heart symptoms alternate Munyon's Heart Cure with the Dyspepsia Cure. If there is great nervousness or inability to sleep, alternate Munyon's Nerve Cure with the Dyspepsia Cure. If the blood is poor in quality, alternate Munyon's Blood Cure and Dyspepsia Cure. By this plan of treatment one can eradicate the worst forms of stomach troubles and their complications, and make the cure permanent.

A separate specific for each disease. Sold by all druggists, mostly for 25 cents a bottle. Personal letters to Prof. Munyon, 1605 Arch street, Philadelphia, Pa., answered with free medical advice for any disease.

EGYPTIAN TROOPS In the British Army Fought Nobly—A Night Surprise. FIRKEE, Egypt, June 7.—This point was taken by Egyptian troops at an early hour this morning and their manner of acquitting themselves in this, the first engagement of the Nile campaign, has given great satisfaction to the British officers in command of them. The Egyptian forces left Akasheh, the Egyptian outpost last evening, June 6. The movement was a surprise, as it seemed to have been determined to hold Akasheh as an outpost until the season is past, and the period arrived for the advance upon Dongola in the latter part of August or in September. The force responded promptly to orders, however, and was soon under way for this point. The distance is twenty miles and it took the whole night to accomplish the march.

The greatest secrecy had been maintained as to all the arrangements and precaution was taken to prevent the news of the advance from leaking out. The night's long march was pursued in absolute silence. In consequence the arrival of the Egyptians at the Derivish camp took the enemy completely by surprise. They quickly rallied, however, and rushed to their arms. Far from being routed in the first skirmish of the attack, they stood to their positions and made a stubborn defense of the camp for an hour and a half, during which there was hard fighting.

The dervishes were finally put to route by a flank movement executed by the cavalry. Seeing their position in danger of being surrounded, the forces of the Khalifa took flight to the southward, towards Suarda, pursued by the cavalry. Suarda is nearly a hundred miles south of here, but it is strongly held by a force of several thousand dervishes.

Reports received indicate that the loss to the dervishes will amount to a thousand men. Among those killed is the Emirammuda, who was their commander, besides many important chiefs. The officers in command of Egyptian force express great gratification at the conduct in this morning's fight of the Egyptians, about whom some doubts have been felt and the Sudanese, who have been looked to with confidence for good fighting. Both the Egyptians and Sudanese displayed great steadiness and dash. The Egyptian loss in the fight was twenty killed and eighty wounded. Hundreds of dervishes were taken prisoners.

\$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. It is a safe and reliable cure. It is a cure that is guaranteed to cure in all its stages. It is a cure that is guaranteed to cure in all its stages. It is a cure that is guaranteed to cure in all its stages.
