THE RETAIL CLERKS

Of the City Effect an Organization—On cars were Elected.

The retail clerks met at Bethoven hall last night and perfected the organization which they began last Thursday night. The meeting was very largely attended, and the manner in which the clerks took hold was an indication that they are seriously earnest in the question of a thorough organization.

The meeting was called to order at 8 o'clock and the first business was the election of officers, and the appointment of committees. The election resulted as follows:

President—M. E. Tracy.
Vice President—Miss Carrie Taylor.
Secretary—A. J. Ramsey.
Treasurer—Nell McFadden.
Trustees—Messrs. Del. Woods, Joseph A. White and Joseph D. Case.
Representatives to the Trades Assembly—Frank Moore, William Laue and Albert J. Sanvacoat.

Committee on Constitution and By-Laws—Messrs. McFadden, Frank Moore and Frank Sanvacoat.

The meeting passed a vote of thanks to the Builders' Exchange for the use of its rooms for their last meeting, which was held Thursday evening.

The new organization starts off with a membership of 15 and includes clerks of nearly all the retail stores, the ladies as well as the gentlemen are eligible to membership. There is no special object in view which calls for the organization at present, but the clerks feel that they should be better together.

The next meeting will be held next week, at which time the committee on by-laws will be ready to report.

To accommodate all who desire to arrive in Canton earlier in the day and avoid the return trip in the night, the Wheeling & Lake Erie railway will sell tickets from Wheeling to Canton, and return for all regular trains on Saturday and Sunday, June 20 and 21, at a rate of \$1.50 for the round trip, tickets good until the day following date of sale. This will give opportunity to see all the McKinley demonstrations and opportunity afterwards to visit Myers' Lake and beautiful Zora. Trains leave Wheeling at 10 a. m. and 4:25 p. m., city time.

The Trip to Canton Next Saturday Will be a Corker.

FULLY ONE THOUSAND PEOPLE

Will Go From Wheeling if the Weather is Good, and the Over-the-River Towns will Send Large Delegations—LaBelle Tin-Workers Engage a Special Train. Meeting of the Ohio County Republican Club Last Night—Other Political News.

That the Ohio County Republican Club's pilgrimage to Canton next Saturday for the purpose of tendering to Major McKinley the congratulations of Wheeling, the Pan-Handle and West Virginia, upon his nomination for President, will be a great success there is no doubt. As detailed below the club held a meeting last night and about completed the arrangements for the excursion. Estimates of the number that will go from this community agree that the crowd will number from 1,000 to 1,500, probably near the latter figure. It is probable that the West Virginians will be the first outside delegation in Canton to congratulate Mr. McKinley. As detailed below the LaBelle mill tin-workers have engaged a special train of their own for Saturday and will precede the Ohio County Club's train, arriving in Canton a few minutes in advance of the latter. It is particularly appropriate that these tinworkers should pay their respects to the Canton statesman, for it was due to his efforts in the Fifty-first Congress that the tinplate industry was given birth in America. The strength of the crowd will probably be:

Wheeling (Ohio County Club's train), 1,000
Wheeling (LaBelle mill train), 400
Marble Ferry, Bridgeport and other points, 400
Total, 1,800

THE TRIP ARRANGED.

A Well Attended Meeting of the Ohio County Republican Club—Train to be Decorated—The Stay in Canton.

The Ohio County Republican Club held a special meeting last night to perfect arrangements for the ratification meeting which is to be held in the Opera House one week from to-morrow night, and for the trip to Canton next Saturday to congratulate William McKinley. The meeting was largely attended and the enthusiasm was great. Every man present was ready and willing to do all in his power to promote both projects.

The meeting was called to order by the president, Mr. Bentley Jones, and John K. Schuberger acted as the clerk. The first business was the report of the committee in charge of the trip to Canton. The finance committee reported good progress and the committee in charge of the excursion reported that it had secured a special train on the Cleveland, Lorain & Wheeling, and had given a guarantee that 500 tickets would be sold for the round trip and the very best of accommodations will be offered.

Mr. A. P. Oxtoby, of the Cleveland, Lorain & Wheeling, was present and stated that the train would leave the Terminal station on Market street, Saturday afternoon at 2 o'clock, and would arrive in Canton about 4:15, central time, which is 5:45 Wheeling time. The company will have handsome new coaches, a trip of a number of excursionists to insure comfort to all who go. The excursionists will have about six or seven hours in Canton, during which time they will form with visiting delegations from other cities and give a short parade. Hon. G. W. Atkinson will head the delegation and will present them to the next President, who will make a short address.

On the question of music the committee is in a quandary. Nearly all the bands are engaged for Saturday. The Opera House band goes to Sistersville, Meister's to Washington, and the City band of the South Side. Tickets for the trip will be placed on sale to-day at the Cleveland, Lorain & Wheeling freight office, the Intelligencer office, and at the city receiver's office. They can be had from members of the committee, too, which is composed of Messrs. Bentley Jones, W. H. Muegge, Joseph H. Fresse, D. W. Martin and John W. Kinschberger.

The parade will be decorated for the trip by a committee composed of Messrs. Hedrick, Koenig, Miller, Sloan, Schenk and Marshall. Handsome silk banners, bearing the portrait of Major McKinley, will be worn by the excursionists, and nothing will be left undone to make the visit to the champion of protection's home, a memorable one. Those who contemplate going should secure their tickets at once, so that the railroad people can form an idea of the number of cars needed.

LAB MILE WORKERS

Engage a Special Train on the C. L. & W., for the Canton Trip.

Since the Ohio County Republican Club decided to take a crowd to Canton next Saturday for the purpose of personally tendering the congratulations of West Virginia to Major McKinley, the LaBelle mill workers, particularly the men employed in the tin plate department, have been endeavoring to find a way of engaging a special train of their own on which to go to Canton. Yesterday their committee closed with Mr. A. P. Oxtoby, of the Cleveland, Lorain & Wheeling road, for a special train, which leaves the mill station on the South Side shortly before the departure of the Ohio County Club's train from the Terminal station up town. The same train was given the LaBelle people and was given the county club committee, \$1.50 for the round trip. The mill workers anticipate taking a crowd of at least 400 to Canton. Their train will leave at 10 a. m. and will be headed by McKinley's home. The LaBelle people will take Myers' land, which they engaged yesterday.
