LOCAL BREVITIES

Matters of Minor Interest in and About the City.

Council meets to-night in regular session.

Grand to-night—Pete Baker in "Chris and Lena."

The Warwood tool works is now working four furnaces, and the employees anticipate a steady run.

The Merzeron Club will give a private hop at Myer's hall on February 3. McClelland will furnish the music.

An alarm from box 23, about 8:20 o'clock yesterday morning, gave the fire department a run to the shoe shop near the Market street bridge. An overheated chimney caused the alarm, and the damage was slight.

The Ladies' Auxiliary of the A. O. H. will hold its first annual state convention in Benwood some time next month. The local ladies in charge are making elaborate arrangements for the success of the convention.

The regular Sunday evening entertainment of the Mozart singing society, was an unusually enjoyable one. Besides the numbers rendered by the society and the Grand Opera House orchestra, solos were sung by guests of the society.

Mrs. Sue Englehart, a well known South Side woman, yesterday morning, early, rushed into the Eighth ward engine house and said some rattlers in attempting to get in her house, corner Thirty-seventh and Wood streets, smashed several panes of glass.

This evening at the Pythian castle, Ohio Valley Lodge, Brotherhood of Railroad Trainmen, will make merry at its annual ball. There will be a goodly showing of the railroaders, with their wives and sweethearts, and the affair without doubt, will be an enjoyable one.

A LARGE AUDIENCE

Attracted to the First of the G. A. R. Entertainments Last Night.

The first of the series of entertainments being given by the local Grand Army people, through which to raise funds for the entertainment of the old soldiers at the annual meetings of the veterans' organization which take place in Wheeling next April, was given last evening at 1. O. O. F. hall, and attracted a large audience. The programme given in the Intelligencer yesterday morning was carried out, greatly to the enjoyment of the audience.

To-night the ladies of the Woman's Relief Corps will give a festival and bazaar, and to-morrow evening the Sons of Veterans will give an oyster supper.

FOR ASSAULTING HIS WIFE.

"Dick" Davis, a Bellaire Colored Man, Arrested in Wheeling.

Officer Gardner made a clever capture of Dick Davis, wanted in Bellaire, for a brutal assault on his wife, last night, in the Second ward. Davis committed the assault Saturday evening, and came to Wheeling. A description of him was sent here by the Bellaire police, and Officer "Albee" was but a few hours in locating him behind the prison bars. Davis refused to go to Bellaire without requisition papers, which will probably be obtained to-day.

A SENSIBLE woman will not fail to keep a bottle of Salvation Oil on hand for cuts and bruises. It is unrivaled. 25 cents.

WE have the exclusive sale of the celebrated Barney & Berry Skates. Jason C. Stamp, opposite postoffice.

CAME TOGETHER.

Wheeling Steel Works Employees and President Hubbard

AGREED AT A CONFERENCE

On a Scale of Wages at the Steel Plant for the ensuing year—The Company Modified its Terms of a Week Ago, and the Men Decided to Accept—The Plant will Start Thursday, and a Steady Run is Hoped For—The Particulars.

The differences existing between the Wheeling Steel and Iron Company and the steelworkers in its employ have been amicably settled through a conference of the steelworkers committee and President C. R. Hubbard. The committee reported to the men yesterday afternoon, and the agreement being satisfactory, the men agree to go to work at the scale agreed on. The company's demands were a modification of those made a week ago, when the men were asked to accept a reduction averaging a general cut of from ten to fifteen per cent.

The new scale makes a slight reduction on the tonnage men, but the day men will receive practically what they got before. A few engineers will have their wages increased by the scale. The company posted a notice yesterday that the steel plant will resume on Thursday morning next. It is believed that the men will be given a fairly steady run.

WAIVED A HEARING.

Bigamy May be the Charge Against James P. Workman—Two Women Claim to Have Been Legally Wedded to Him.

The hearing of James P. Workman, late of Pittsburgh, but recently a resident of Wheeling, who was arrested by Police Lieutenant Dan Ingram on the charge of adultery preferred by his wife, who came down from Pittsburgh, occurred yesterday afternoon before Justice Rogers, and ended in Workman waiving preliminary examination. He was committed to jail in default of bond to await the action of the next criminal court grand jury.

The woman with whom Workman has been living in Wheeling claims to have been legally wedded to him. If this is true there is a clear case of bigamy against the man, for the Pittsburgh Mrs. Workman is undoubtedly his legal wife. They have not lived together for some time, and she would not have disturbed him were it not that his signature was necessary for the transfer of certain property.

In Pittsburgh, Workman was a stock broker, having an office under the Richelleu hotel. Recently he came to Wheeling and was employed in a local stock broker's office. He lived at a boarding house on North Main street.

Give the Firemen Room.

Members of the fire department are protesting against the common occurrence of teamsters neglecting to get out of the way of the engines and reels in going to a fire. In the run yesterday morning, the Eighth ward engine collided with a milk wagon at the corner of Thirty-third and Chapline street, and the dairyman luckily escaped having his wagon wrecked, and had he suffered such a loss, it would have been his own fault, as he had no need of turning the corner. He could plainly see the engine coming down Thirty-third street. There is an ordinance to the effect that the firemen should have the right of way, but it has been disregarded of late. The slippery condition of the streets makes it necessary that the firemen be given a clear track.

A Card to Fifth Ward Citizens.

To the Republicans and All Citizens of the Fifth Ward.

Having been honored by my friends with the nomination for the second branch of council, I take this method of thanking my supporters at the recent primaries, and of stating my regrets that sickness now prevents me from calling on my friends and taking an active part looking towards the success of the Republican ticket at the coming election. I thank you all and my friends I trust will not forget me.

Respectfully,

J. D. McFADDEN.

THE NEW WAY.

A GREAT SUCCESS FOR FITTING ALL KINDS OF EYES WITH GLASSES.

Our new scientific method of examining the eyes and fitting glasses without putting drugs in the eyes and making the patient blind for a week, or having them sit for hours looking at charts and trying to fit themselves until they become so bewildered they cannot tell what they can see. We fit the eye for examination without depending on the patient and know when they are fitted correctly.

Consultation and examination free.
