Pleasantly Surprised.

Mr. Harry Murrin was pleasantly surprised at his home, 4107 Jacob street, last night, by a number of his friends. The evening was enjoyably spent in dancing and kindred social diversions. Refreshments were served at midnight.

Small Blaze.

A slight blaze in the roof of Mr. Hughery's house, on South Jacob street, yesterday afternoon about 4 o'clock, gave the fire department a run. The fire originated from the chimney, and was extinguished with but slight damage.

At North Street Church.

To-day at the North Street church, Miss Jennie Smith will conduct a "Try and Trust" service at 3 p. m., and at 7:30 p. m. she will give a review of "Wonderful Saturday Night Experiences." On Sunday at 10:30 a. m., she will deliver a discourse on "Faith and Prayer." At 7:30 p. m., the pastor, Rev. C. B. Graham, will preach on "A Contrast." Free seats and a welcome to all who will attend these meetings.

Will Consider It.

This afternoon at 2 o'clock, the Riverside steel workers will hold a meeting at the city hall, in Benwood, and consider the company's proposition of a cut of 10 per cent in their wages. There is considerable sentiment among the men against accepting the cut, and there is talk of a strike. But from what can be learned, it is certain that the men will deliberate long before going out on a strike. The reduction is, of course, displeasing to them, but many of them think that with the present condition of the market, there is no alternative.

THE FINANCES

Of the County Considered Yesterday by the Committee.

IT IS DESIRED TO PAY \$10,000

On the New Jail this Year, and to Do This It will be Necessary to Exercise Economy in all of the Departments of the County. The Revenues will be \$115,000—The Appropriations Recommended Not Made Public at Yesterday's Meeting.

The finance committee of the board of county commissioners, Messrs. Hare, Spidel and McGregor, met yesterday morning at 10 o'clock, and remained in session until 1 o'clock in the afternoon, considering the finances of the county and the annual appropriation ordinance which will be reported to the commissioners at the regular monthly meeting next Monday morning.

The committee made a rough draft of the ordinance, but it is not yet entirely completed, as the cut ordered in the appropriation for the committee on roads and bridges will have to be adjusted by that committee by wiping out some of the projected improvements.

The sources of revenue for the fiscal year, which begins May 1, are estimated by the committee as follows:

Taxes.....\$107,000 00

Railroad tax..... 5,000 00

Dividends, Pittsburgh, Wheeling & Kentucky railway..... 6,000 00

Rent..... 100 00

Total.....\$118,100 00

If the board were to do what was done last year—pay nothing on the new jail—there would be enough revenue to appropriate to each department of the county the amounts given for 1896, but the finance committee of the board is strongly in favor of making a \$10,000 payment on the jail, so this will necessitate a cutting down of the appropriations for the several departments.

This course was pursued in the drafting of the appropriation ordinance. The committee decides to recommend adversely the proposition for new filing cases in the office of the county clerk, which the committee on court house and jail would have put in at a cost of \$4,300. It remains to be seen what action the board will take on the filing case proposition; it has been said that a majority favored this expenditure. It is understood, however, that several members now favor the purchase only of book racks and filing cases for what has come to be known as Divisions "C" and "D." For this work the Baker company, the lowest bidder, wants \$1,750. It has been said that there are dealers in steel furniture who will furnish these goods for something like \$1,200. If, on investigation, this is found to be true, it is not likely the Baker company will get the contract. It may be, too, that even these cases will not be purchased, for rigid economy will be necessary if \$10,000 is paid on the new jail.

Without taking the filing cases into consideration, the necessary appropriations amount to \$124,000, and as stated above, the revenues will reach \$118,100. Finally the committee decided on a cut of \$1,000 in each department, which will bring the expenditures within the revenues.

Mr. Meyer Improving.

The friends of Prosecuting Attorney W. C. Meyer, will be glad to learn that he is showing satisfactory signs of improvement, and his family and physicians are more hopeful of his recovery than at any time since his accident of almost two weeks ago.

MRS. A. INVEEN, residing at 729 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctor'd for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. Mark Twain Made a Mistake

When he held up New England weather as the most unique novelty of meteorological variety, He'd found Wheeling weather of the past week more remarkable. Hasn't it kept you guessing what to wear. A little rain—a little snow—a little sunshine—a little blow—a little of everything. Has not been much to urge the necessity for light weights, but if it comes it'll come in a hurry, and that's why we've been asking you to look around and know of your own knowledge that we've got the largest variety and the best values. Don't take much comparison to settle that, and the price point conclusively. The difference is so marked. Of course it's to be expected with our facilities we should lead—and WE DO LEAD. You'll find it to be so.
