THE INTELLIGENCER, embracing its several editions, is entered in the Post-office at Wheeling, W. Va., as second-class matter.

THE INTELLIGENCER.

WHEELING, APRIL 14, 1897.

The Wool Liar.

The wool liar is again coming to the front and attributing the great boom in the eastern markets to the advance effect of the Dingley bill.

We are surprised that the Register returns to this subject. It is so delicate for our neighbor that we think it would rather handle dynamite.

That was about the time when the Register was buying—in its mind—all the 15 cent wool of this region at the very comforting price of 25 cents a pound as a minimum.

So that when the Register informs us that "the wool liar is again coming to the front," we are amazed at the frankness with which it states its position.

It may be that the editorial paragraph above quoted from the Register was clipped from some other newspaper and in the heat of debate inserted without reading.

Brother John Wanamaker has thought it all out and concluded not to be a candidate for state treasurer of Pennsylvania.

The facts seem to be that Mr. Wanamaker saw the hopelessness of a fight against the Quay organization, which was determined that he should not be the nominee for state treasurer.

Senator Quay saw the opportunity to disintegrate the combine forces and he is just the man to know an opportunity of this kind when it comes along and to grasp it with great vigor.

There is a suspicion that Mr. Wanamaker feels called upon to give up his bids for a mighty dash at the governorship, the contest for which comes off later.

Brother Wanamaker is a nice man with a good deal of money and some very respectable backing, but if he shall become governor within the lifetime of Senator Quay that will be the result of coming to an understanding with the able senator.

Should be Preserved. The article which will be found elsewhere, over the signature of A. W. Campbell, and based on a recent visit to Ex-Governor Pierpont, at his home in Fairmont, is of unusual historic interest.

90 Wrappers—good enough to sell for \$1.50. GEO. M. SNOOK & CO.

THE Wheeling & Lake Erie Railway will grant to all purchasers of tickets reading to New York and points west thereof a stop-over of ten days at Washington, D. C.

The article is particularly interesting as correcting many existing false impressions regarding the regularity of the formation of the state and the organization of the restored or Union Government of Virginia.

While the free silver men were declaiming against the wickedness of the Republican party and declaring that it had no intention to make any effort to bring about an international monetary agreement, the President was quietly getting into shape a commission to undertake this very work.

The personnel of the commission as created by the President under an act of Congress, is decidedly fair as to parties and as to shades of opinion.

Mr. Payne, of Massachusetts, we understand to be a straight-out gold standard man. Mr. Stevenson, who has just passed out of the vice presidency, is a straight-out free silver man and strictly in line with the Bryan wing of the Democratic party.

The composition of this commission shows that the President earnestly desires to bring about an agreement on a monetary system, and that the Republican party, speaking through its chosen chief, intends to keep this among its other promises.

What the commission may be able to accomplish, if anything, is another question and has nothing to do with the sincerity of the Republican party and of the President in this matter.

Going Out of Public Life.

Going out of public life is a very different thing from going into it, and usually it is much less attractive.

Successive suits are authorized for each year that the plants are held, and jury trials are authorized unless the right to jury trial is waived by the owners of the plant.

A NOVEL PLAN

Adopted by Public Schools in Europe to Provide for Poor Children.

WASHINGTON, April 13.—Consul Germain in a report to the state department from Zurich, in regard to a plan recently introduced in the public schools of several European cities, says:

In Brussels the children attending public schools were requested by their teachers to gather up, on their way to and from school all such papers as refuse metal, tin cans, paint tubes, etc.

Mr. F. V. Williams, of Williamsport, Grant county, writes to the Intelligencer that he is in possession of a war medal granted to Reuben Calhoun, Company D, Sixth Regiment Infantry Volunteers.

When the Spanish press censor in Havana gets through playing on a telegram with the blunt end of his blue pencil, the said telegram looks as though it had been struck by lightning, a cyclone, a tornado, a hurricane and a battery of artillery.

Greater New York is a go in spite of very strong opposition in the territory to be consolidated. The project has captivated the imagination, but whether it will work out well is a good deal of a question.

So far as your Uncle William McKinley is concerned Republican promises will be kept. Witness the international monetary commission.

BORN IN WHEELING.

Death of Mrs. Virginia Moody, Formerly Miss Eoff, of Wheeling.

STUBENVILLE, O., April 13.—Mrs. Virginia S., widow of the late Roderick S. Moody, who was a prominent member of the bar here, died at Washington City to-day of apoplexy, aged 77 years.

Election Case Dismissed. Special Dispatch to the Intelligencer.

HUNTINGTON, W. Va., April 13.—The three indictments found against United States Commissioner John T. Gibson for having Captain John Dickson, J. J. Grover and Leo Kirtley, election judges, arrested at the election last November, were dismissed by Judge McGinnis in the criminal court to-day.

Reforms Need More than a Day. To bring them about, and are always more complete and lasting when they proceed with steady regularity.

Electric Bitters. Electric Bitters is a medicine suited for every season, but perhaps more generally needed when the languid, exhausted feeling prevails when the liver is torpid and sluggish.

TARTSUK Pills for Warts at alternate sale prices. GEO. M. SNOOK & CO.

THE Rev. W. H. Weaver, pastor of the U. B. church, Dillburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it.

MR. CHANDLER'S PLAN.

His Bills to Seize the Carnegie and Bethlehem Plants for the Government to Make Its Own Armor Plates.

WASHINGTON, April 13.—Senator Chandler to-day introduced his bills empowering the secretary of the navy to take possession of the armor plants of the Bethlehem and Carnegie companies.

There are two of the bills, one applying to each of the institutions, the provisions being the same in both. Senator Chandler says that it is contemplated that only the Bethlehem works shall be taken, unless in case of necessity, when the Carnegie institution should also be seized.

The principal section of the bill authorizes and directs the secretary of the navy to take possession forthwith of the land, buildings and machinery as constitute the armor-making plant of the two companies.

The bill provides for the adjudication of any claims that may arise against the government out of the transaction by the court of claims, whose judgment in the case is to be final.

PROF. FIELDS' worm powders sold on a guaranteed, try them, at drug stores.

ROYAL BAKING POWDER Absolutely Pure. Celebrated for its great leavening strength and healthfulness.

MEASURING THE EARTH. The Work Now Going On No Simple Job. Great Improvement in Scientific Apparatus.

William E. Curtis in Chicago Record: The longest distance ever encompassed by the human vision, so far as the records go, is one hundred and eighty-three miles.

Between the other two peaks communication has been continuous for an hour or more on several occasions.

The measuring of the earth, which is now going on, is no simple job. The width of the ocean can only be ascertained by astronomical observations.

The distance across the United States is found to be 2,625.3 geographical miles from the light house, six miles north of Cape May, New Jersey, to the light house six miles south of Punta Arenas, following the 180th parallel of longitude as closely as possible.

There has been very great improvement in scientific apparatus during the last few years, both as to accuracy and convenience.

CATARH OF THE STOMACH. A Pleasant, Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen, it would show a slimy, inflamed condition.

According to Dr. Harlanson, the safest and best treatment is to use after each meal a tablet, composed of Digestive, Anapile, Pepsin, a little Nux, Golden Seal and fruit acids.

Mr. N. J. Booher, of 2719 Dearborn Street, Chicago, Ill., writes: "Catarrh is a local condition, resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach."

Stuart's Dyspepsia Tablets, I cannot find appropriate words to express my good feeling. I have found fresh appetite and sound rest from their use.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for the little book, mailed free on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.
