Spaniards Attempt to Retake San Juan Lighthouse.

DRIVEN BACK BY SHELL

FROM THE AMERICAN FLEET—IT IS REPORTED THAT ONE HUNDRED SPANIARDS WERE KILLED—THEY HAD HAULED DOWN OUR FLAG AND RAISED THE YELLOW FLAG OF SPAIN, BUT "OLD GLORY" FLOATS THERE AGAIN—PENNSYLVANIANS WOUNDED AT COAMO.

NEW YORK, August 11.—The Herald has the following from Capt San Juan, Porto Rico, August 10:

There was a two-hour fight before daybreak yesterday. Eight hundred Spaniards attempted to retake the lighthouse, which was guarded by forty of our sailors, commanded by Lieutenant Atwater, Assistant Engineer Jenkins, Ensign Bronson and Gunner Campbell. The Spaniards were driven back by shells from the Amphitrite, Cincinnati and Leyden. Refugees report that one hundred Spaniards were killed.

William H. Boardman, of the Amphitrite, of Lawrence, Mass., a second class man in the naval academy, was seriously wounded. He was in the lighthouse.

The Spanish advance began from Rio Grande, whether the Spaniards had retreated after the first landing of troops at Cape San Juan last week. They marched through Luquillo and pulled down the American flag at Fajardo and replaced the Spanish flag.

The terrified refugees warned the lighthouse force that the Spanish were coming. Sixty women and children were in the outbuilding of the lighthouse during the fight.

The Spaniards opened with a machine gun at a distance of 100 yards. The Leyden, Ensign Crosley commanding, rushed within a hundred yards of the shore and poured one-pounders into the Spaniards. Captain Barclay, of the Amphitrite, used six-pounders, and the Cincinnati five-inch guns.

The ships landed 250 men during the fight and reinforced the lighthouse. A machine gun, rifles and ammunition were left by the retreating Spaniards. Ensign Crosley took the refugees off at daybreak, and has gone to Ponce. Our flag is still on the lighthouse but the forces have been withdrawn.

The Amphitrite's guns cover the lighthouse, ready to annihilate it if our flag is hauled down. It is one of the most important lights on the island. The Cincinnati has gone to the San Juan blockade.

WASHINGTON, August 11.—The war department has received two dispatches from General Miles, under date of Ponce, August 10, as follows: Secretary of War, Washington:

The following is a list of wounded in the Sixteenth Pennsylvania in the skirmish beyond Coamo, August 9: Corporal Barnes, Company B, left side; Private, C. C. Frank, Company C, right side; Private George Whitlock, Company C, right side; Private Ubold, Company E, right elbow; Private E. V. Jolly, Company F, left arm. (Signed) MILES.

Secretary Day's Tactfulness.

WASHINGTON, August 11.—By executing the good offices of the United States tactfully Secretary Day probably has succeeded in averting a severe crisis in the relations between Italy and Colombia, growing out of the Cerutti affair. A cablegram was received at the department to-day, from Rome, saying that out of regard for the United States the Italian government had ordered Admiral Candelari, at Carthage, Colombia, to give the Colombian government eight months' time, in which to settle with Cerutti's creditors, under the terms of President Cleveland's award. While Colombia has not yet been heard from in acceptance of this proposition, it is not doubted here that it will be accepted.

ST. PETERSBURG, August 11.—It is announced here that in view of the success which has attended the use of dynamite guns in Cuba, the minister of marine, Vice Admiral Tyrton, proposes to mount such weapons on four Russian warships. Their use will be extended if they turn out to be satisfactory.

WASHINGTON, Aug. 11.—The advance statement of sugar imports issued by the bureau of statistics shows that the total imports of dutiable sugar during July were \$5,299,870, as compared with \$2,281,287 for July, 1897. The amount of sugar withdrawn for consumption amounts to \$3,926,545. The wool imports during July amounted to \$485,923, a little more than half being for immediate consumption. During July, 1897, the wool imports amounted to \$3,508,205. The tea imports during July were practically the same as during July, 1897, viz: \$777,582.

Referred to Arbitration.

WASHINGTON, August 11.—The case of Alexander McCord, the American mining engineer imprisoned by the Peruvians during a revolution, and whose claim for \$50,000 damages was a subject for dispute between the United States and Peru for a number of years, was yesterday referred to arbitration, the cases being submitted to the lord chief justice of the Dominion of Canada, under the terms of the arbitration treaty.

Took his Leave of the Sultan.

Angell, retiring minister of the United States to Turkey, has informed the state department that he has taken his leave of the sultan and will depart for home on the 13th instant. Minister Strauss, who relieved him, was at the state department yesterday, and announced his purpose of sailing immediately for his post at Constantinople.

AFTER THE LYNCHING.

The Last Will and Wishes of the Suicidal Widow.

CLARENDON, Ark., Aug. 11.—This little city has assumed its usually quiet condition. The bodies of the four negroes, victims of Tuesday night's mob, will be buried across the river, to-day. The body of Mrs. John T. Orr, who killed herself here in jail, has been removed to her residence for preparation for burial. Her little three-year-old baby is with E. A. Falter, a friend of the family.

Wallace Graham, Mr. Orr's partner in business, has received a letter from Mrs. Orr's stepmother, at Mauston, Wis., but has not made the contents public. Mrs. Orr's remains will probably be sent to her father in Waupun, Wis., for interment.

S. W. Boardman has given out a written statement, prepared by Mrs. Orr, on Monday afternoon, just before she took the fatal dose. It reads: "I want my baby, Neva, to stay with Mr. Falter, with his children, while I live, then Mr. Graham to have full control of her until my father comes for her, which I want him to do. I want my father to have my baby and to raise her. I want my baby, Neva, to have all my personal effects. My body is to be shipped to my father and he buried where he resides. I want to say to Steve Boardman and Mr. Falter that for the kind manner in which they have treated me, I hope that God will bless them for me. I hope God will forgive Rachel (Miss Morris) for the way she has treated me. I want all of my property and home to go to my baby, Neva, and I hope that my husband's favorite lodge, Knights of Pythias, will see to this, my last will, is carried out. I want papa to help Wallace all he can. This statement completed at 6:30 p. m., Monday, August 8, 1898.

Neither Tough Anarchists. BRUSSELS, Aug. 11.—While a policeman was arresting a militant anarchist named Willem, the latter shot and wounded the officer and then escaped. The anarchist also shot several persons who attempted to capture him, but he was finally arrested and lodged in jail. Later the police visited Willem's lodgings, where they found two anarchists who promptly opened fire on the officers. A policeman replied to this fire, fatally wounding one of the anarchists. His companion was arrested.

Mr. Boardman would not give out this paper until Mrs. Orr was dead. He says her father's name is W. C. Barker, that he resides at Waupun, Wis., and that at present he is very low and in destitute circumstances. He is eighty-two years of age. Mr. Boardman says John T. Orr has a sister, Mrs. T. W. Deal, residing in Denver, Col.

ST. LOUIS, Aug. 11.—A special to the Post Dispatch, from Clarendon, Ark., says:

The third act in the Clarendon tragedy is as remarkable as the two preceding ones. To-day, the corpse of the murderer lies in the court house, while hundreds of people pass and view the remains. This unusual thing was done by the authorities to still the suspicion that Mrs. Orr was not dead, but had been spirited away. So strong had this feeling in the community become, that this means was regarded as the only way to allay it.

A Far Western Tragedy.

DEADWOOD, S. D., August 11.—Three men dead and a woman dying is the result of a shooting affray at Central City to-day. Judge J. P. Giddings, Ed Shannon and Jack Wear are the men, and Mrs. Ed Shannon is the woman. Shannon had a boarding house at Terry and one at Central City. He stayed at nights at Terry, leaving his wife to look after the other place. To-day Shannon returned to Central City and roused Judge Giddings. Just what happened no one knows, but the two men suddenly burst into the street, engaged in a death struggle. Shannon had a revolver. Jack Wear tried to separate them, and was shot through the body, dying instantly. Shannon then shot Giddings through the head, killing him. He went to his wife's bedroom and beat her about the head with his revolver until he thought he had killed her, and then with a fresh revolver shot himself. The woman is still alive but cannot recover. All the parties are plowers and were well to do. Giddings has had many political offices. Intimacy between Giddings and Mrs. Shannon is given as the cause of the tragedy.

They Kick-it on Ontano.

SAN FRANCISCO, Aug. 11.—The Examiner says: When the Hawaiian commission embarked on the steamer Mariposa they found the passenger deck stacked with boxes of onions. Senators Morgan and Cullom and Representative Hitt made a strong protest to Captain Harrard against the ship sailing in such a condition. They declared that it was an outrage, and an insult to the government to convert the vessel which was

to carry the official representatives on such an important mission into a freight ship. Further than this, they asserted that it was unsafe to proceed to sea under such conditions. Every berth on the steamer was taken, and a number of passengers could not get sleeping accommodations. The commission was obliged to remain on the vessel for the reason that it could not secure any other means of transportation.

Food Riots Feared in Alaska.

SAN FRANCISCO, Aug. 11.—The Call says: Serious trouble in interior Alaska is apprehended by the United States government. Food riots are feared at Fort Yukon and other up-river points, growing out of the failure of the transportation companies to get supplies in there on the prevailing low water.

Acting on instructions received from Washington, Major General Merriam will quickly dispatch a battery of artillery to St. Michaels, the officer in charge having orders to proceed at once up the Yukon river to Fort Yukon and open a military post for the coming winter. The expedition will also carry a large quantity of extra provisions and supplies to relieve distress. When St. Michaels is reached, the commanding officer will promptly levy on any river boats he may find, seizing them if necessary, and will transport his troops and supplies to their destination with all possible dispatch. A form of military government will be established and good order maintained in Alaska even if it requires the services of the soldiers and artillery.

GET DOWN TO CAUSES.

Wheeling People Reason Really and Conscientiously Nowadays.

In former times liniments and plasters sold over all internal remedies, because people mistook effects for diseases, and attacked a pain where they found it. Temporary relief convinced them they were right, and so they laid a return of the pain to a return of the complaint, when in fact, the disease was there all the time. Backache is not an aching of the back, but an aching of the kidneys, and remedies must reach the kidneys, and be perfect in their work at that, before permanent relief is secured. Doan's Kidney Pills are perfect in their work and permanent in their cure. A Backache gives way at once, because the kidneys resume their normal functions and there is nothing to ache. There is nothing so hard to combat as the evidence of our senses, and yet all who believe us on the subject of backache, are glad they did because of the cure.

Mrs. Robert Liebert, of No. 175 Fourteenth street, says: "I first noticed my kidneys were out of order twenty-five years ago, but I seemed to get over each successive attack until recently when they rapidly became much worse. With the exception of kidney trouble I was always strong and healthy until suffering in my loins, back and head prevented me from doing anything by day or resting well at night. I was obliged to sleep with my hands on my back it hurt me so. This was accompanied by a distressing weakness in the kidney secretions for which I used different remedies and plasters, but even the latter in time failed to afford me any relief. I saw Doan's Kidney Pills advertised and came to the conclusion they would help me, so I got a box at the Logan Drug Co.'s store and took them. I was not disappointed as they helped me right away, and I felt better and stronger than for years."

THE CARPING CRITIC.

Will They Never Let up—Kicking on Marquette Again.

WASHINGTON, August 11.—The question as to the right of Father Marquette to a figure as a leading actor in the history of this country has arisen again, in connection with the fact that a picture of Marquette sailing down the Mississippi is borne on the one-cent Omaha exposition stamps.

A correspondent of the postoffice department recently wrote that he had made search to ascertain what claims Marquette has to the distinction thus given him, with the result that history showed him to have been a foreigner and a Jesuit, but not marked as a man of note either in literature or science. Information was asked as to what his great merit was.

Mr. John F. Merritt, third assistant postmaster general, has written a letter showing why the design was adopted.

He says that the object of the promoters and managers of the Trans-Mississippi exposition is to give expression to a commendable pride on the part of the inhabitants to the progress of their section, and to demonstrate its growth and anything pertaining to the men who were most conspicuous and helpful in blazing the way to these sections, and laying the foundations of civilization, is fraught with great interest. It may be claimed, he says, that Marquette did not discover the Mississippi, but like Americus Vesputius, he continued the explorations, and America is named after the latter.

"As to the religious belief of Marquette," says Mr. Merritt, "it never entered into or influenced the selection of the device, one way or the other."

"As to the fact of Marquette being a foreigner," continues the reply, "he performed services enough as a pioneer to earn his citizenship; and his bones still lie buried on the west shore of Lake Michigan. Columbus was also a foreigner for that matter."

TUMOR EXPELLED.

Unqualified Success of Lydia E. Pinkham's Vegetable Compound.

Mrs. ELIZABETH WARELOCK, Magnolia, Iowa, in the following letter describes her recovery from a very critical condition:

"DEAR MRS. PINKHAM:—I have been taking your Vegetable Compound, and am now ready to sound its praises. It has done wonders for me in relieving me of a tumor. My health has been poor for three years. Change of life was working upon me. I was very much bloated and was a burden to myself. Was troubled with anothering spells, also palpitation of the heart and that bearing-down feeling, and could not be on my feet much. I was growing worse all the time, until I took your medicine.

"After taking three boxes of Lydia E. Pinkham's Vegetable Compound Lozenges, the tumor passed from me. My health has been better ever since, can now walk quite a distance and am troubled no more with palpitation of the heart or bloating. I recommend your medicine to all sufferers from female troubles."

It is hardly reasonable to suppose that any one can doubt the efficiency of Mrs. Pinkham's methods and medicine in the face of the tremendous volume of testimony.
