Some New Manhattan Shirts just in—exclusive styles. "Very warm." Don't fail to see them.

M. Gutman & Co., Main and Twelfth Streets.

DIED IN WHEELING.

"John Smith." Whose Real Name is Sine, met Death Monday.

THE STORY OF HIS COMING

TO THIS CITY LAST WEEK NOW. LEAKS OUT, THROUGH AN INVESTIGATION INSTITUTED BY A WHEELING MAN— HIS REAL NAME WAS SINE, AND HE WAS BROUGHT TO WHEELING FROM THE COUNTY INFIRMARY OF TYLER COUNTY.

The reading public is acquainted with some of the particulars of the arrival in Wheeling last week of an unknown man who was given the name of John Smith when brought before Justice Fitzpatrick on a lunacy charge. There were features that made the case most deplorable.

Yesterday the man, "John Smith," whose true name, it now develops, is Sine, died at the City hospital. Since he became an inmate of the hospital last week through interest taken in the case by several citizens from humane motives, his condition has been only temporarily bettered, and it was evident, even to an eye unskilled in medicine, that the man would soon die. The end came at an early hour Monday morning. Later in the day the body was taken to Frew's undertaking establishment and prepared for burial at the expense of the county.

Soon after the case of Smith, or Sine, became known last week, Mr. James K. Hall became interested and it was through his efforts, assisted by other citizens, that Sine was taken from the county jail to the hospital. At the same time Mr. Hall, hearing that Sine had been brought to Wheeling from Tyler county, wrote to George E. Worc, postmaster at Sistersville, giving the details, and through the latter an investigation resulted, which brought Dr. Meek, of Sistersville, to this city yesterday.

Through Dr. Meek it was learned that the man's name was Sine, that he had been an inmate of the Tyler county infirmary, near Middlebourne; that two men had been intrusted with the task of bringing Sine to Wheeling in order that he might be placed in one of the hospitals here at the expense of the Tyler county authorities, and that the authorities of Tyler supposed that this had been done.

On the other hand, as a matter of fact, the man in charge of Sine dumped him at Haskins' hospital one night last week, while Dr. Haskins was absent, and added that they would return in the morning to make arrangements for the man's treatment. As is well known, they did not return, and Dr. Haskins, seeing the man's condition, had him removed to the county jail, where he remained for some time. When the attention that should have been directed by a person in his condition, Jallor McCormick called up the county physician, but he was out of the city. Soon after this, the man was removed to the hospital. In the meantime he had been adjudged insane at a hearing in Justice Fitzpatrick's court, and it was expected he would be sent to Weston yesterday.

However, as Sine lived through yesterday he would not have been started to Weston, for the reason that the superintendent of the asylum, Dr. W. E. Stathers wrote to the justice, declining to send an attendant, claiming that the commitment had been made in irregular form. Justice Fitzpatrick turned the matter over to City Solicitor Frank W. Nesbitt, before he had learned of Sine's death, and but for the latter event there would have been a controversy and perhaps another commitment for lunacy before Sine would have been started to the insane asylum. As it was, death rendered any controversy relative to the regularity of the proceedings useless.

Dr. Meek appeared to deprecate the manner in which Sine was dumped upon this city, and told the City hospital people that their bill would be paid by the county authorities of Tyler. What the Tyler county authorities should do, is to go after the persons who dumped Sine at Haskins' hospital in such a reprehensible manner. Such events as this give color to the statements often made that some of the counties down the river, Tyler in particular, are in the habit of sending just such cases as Sine's to this city, and then deserting them, knowing that sooner or later the authorities here would be compelled to take the cases in charge.

YOM KIPPUR

Continued Observances of the Occasion at the Synagogue. The services yesterday at the Synagogue in connection with Yom Kippur, or the Day of Atonement, were largely attended, and equally as impressive as the services of the previous evening. Rabbi Levi delivered a discourse that was appropriate to the occasion. The rabbi also expressed some beautiful thoughts at the afternoon service, which was in the nature of memorial exercises for the members of the congregation who passed away last year. The next feast in the Hebrew calendar occurs on Friday, the Feast of the Tabernacles.

ONE of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr. Fowler's Extract Wild Strawberry.

SOCIETY.

A brilliant social function last night was the "yellow" dinner given by Mr. Arthur G. Hubbard to Miss Mary Moffat, in honor of her marriage this evening, at the Second Presbyterian church, to Dr. John W. Storer. The dinner was in honor of the bride-elect's visitors and bridal party, also, and covers were laid for twenty guests. The dinner was served in the ladies' cafe at the club, and the predominant color of the decorations was yellow.

This color was reflected in the candelabra and lamp shades, and it was carried out in the yellow roses strung loosely on the table cloth. Golden red and yellow asters were conspicuous about the cafe, and a pleasing relief was afforded by the green of palms and potted plants. The dinner began at 9:30 o'clock, and was one of several pleasing affairs during the past week attendant to this evening's climax, at the Second Presbyterian church.

Mr. Hubbard occupied one end of the table, Miss Moffat being seated at the other. The chairs were placed in the following order: Mr. Arthur G. Hubbard, Miss Blanche Moffat, Miss Jessie Dana, of Charleston, Miss Elsie Whitaker, Miss Isaac Smith, of Charleston, Mr. Frank Berry, Miss Louise Todd, Miss Elizabeth Menard, Mr. Sam Harper, Mr. Chas. W. Pax, Miss Sue Caldwell, Mr. Wm. P. Wilson, Miss Berry, of New Mr. Thos. Sweeney, port, Ky., Mr. Jackson, of Mr. Arch G. Moffat, Charleston, Dr. John W. Storer, Miss Mary Moffat.

The dinner concluded about midnight. The menu was as follows: Blue Points, Consomme, Fillet of Beef, with Mushroom Sauce, Roman Punch, Spring Chicken, with Truffle, Shrimp Salad, Bisque of Pineapple, Assorted Cake, Roquefort Cheese, Demitasse.

Cards were issued yesterday announcing the marriage of Lieutenant Edward H. Schulze, U. S. Army, of this city, to Miss Katherine J. Muhlen, a charming young lady of Hannibal, Mo., which will occur on Wednesday, October 12, at the Methodist Episcopal church, at Hannibal. Lieutenant Schulze's many friends in Wheeling will unite in tendering their congratulations. Mr. Schulze graduated from the West Point academy two years ago, with high honors, and is attached to the engineer department of the army.

AMUSEMENTS.

Managers Smyth and Rice will present the talented and genial comedian, Willie Collier in "The Man From Mexico," at the Opera House next Thursday. Like "My Friend From India," "The Man From Mexico," has proved a very profitable piece of theatrical property. The result of Willie Collier's tour in the latter part last year was said to have been enormous. During his six weeks' engagement on the Pacific coast the business was so large that most of the time the orchestra was banished under the stage to make room for the spectators. Nobody can question "The Man From Mexico." It will amuse the most exacting play-goer. Mr. Collier is such a capital purveyor of wholesome entertainment that his efforts never flag. His unequalled success in "Du Souchet's" play is simply an illustration of the fact that it is occasionally the actor upon whom the public must rely.

CAMERON.

If you please New York you please the world: "Cameron" possesses an exceptional voice of wide range with a charming stage presence.—New York World. "Cameron" was specially successful in her numbers which commanded considerable versatility. Her voice is clear and powerful and of large compass.—New York Herald.

The management of the Opera House has secured this greatest of all musical attractions to appear for one night only, Friday, September 30. WASHBURN'S MINSTRELS. Of Washburn's Big Double Minstrels, which will be one attraction at the Grand Friday and Saturday nights and Saturday matinee, the Lancaster Daily Eagle says: The entertainment was up to date in every respect and every number on the programme bore the imprint of a master hand in its arrangement. Washburn is the old circus manager and the same instinct which attracted the people to the circus tent prevailed when the announcement was made that he would appear in this city at the head of a minstrel organization. The amusement loving people were confident of securing full value for their money, and if there was one who was disappointed after enjoying for two hours and a half the splendid entertainment, he was not in evidence.

G. S. COURT TO-DAY.

This morning the sessions of the federal court, Judge Jackson, will be resumed, after a recess of several days, during which the judge and court attached were out of town. Most of them had returned to the city last night.

THERE is not a headache in a dozen of Cook's Imperial Champagne. It's extra dry, bouquet fine. Record, half a century.

Milinery Opening To-day. Swabacker's.

LOCAL BRIEVITIES.

Matters of Minor Moment in and About the City. Marshall county fair opens to-day at Mountville.

Captain Dovenor speaks at Valley Grove this afternoon.

Running races at the State Fair grounds this afternoon.

Snakes in drug stores are getting to be the proper caper. A blacksnake, five feet long, killed by Mail Carrier Walter Wheat, is on exhibition at McElroy's drug store, South Side.

The souvenirs ordered by Sample & Korn, milliners, failed to arrive yesterday, but will be here in a few days, and the time of their distribution will be duly announced in this paper.

The court house and jail committee of the county commissioners met yesterday and audited bills aggregating \$311. The poor house and farm committee meets to-day, and the board's auditing session occurs Wednesday.

Lieutenant W. E. Cole, of the First United States artillery, in meeting with success recruiting his regiment. The recruiting quarters are at 1143 Market street, and Dr. John L. Dickey is examining surgeon. The First is a heavy artillery regiment, and is now stationed at Tybee Island, S. C.

ABOUT PEOPLE.

Strangers in the City and Wheeling People Abroad. R. H. Cotton, of Wellsburg, was in the city yesterday.

W. L. Wilson, of Ceredo, put up at the Howell last night.

Paul McDonald, of New Cumberland, is a guest at the Stamm.

Mr. and Mrs. Thomas Roe, of Boston, are visiting relatives in the city.

Mrs. W. B. Hanen and Mrs. Charles Pettie, of Sistersville, are at the Windsor.

J. C. Trees and wife, of New Martinsville, were registered at the Stamm yesterday.

W. J. Miller and Miss Ida Monroe, of Proctor, registered at the McLure yesterday.

O. B. Cannon, of Huntington, and A. C. Johns, of Elk Horn, registered at the Howell yesterday.

Harry C. Stewart, the Eighth ward druggist, is confined to his room. He is ill of stomach trouble.

Theodore T. Watson, chemist at the West Virginia Experiment Station, at Morgantown, is a McLure register.

"Mike" Warner, of the McLure, has returned to the city, after a sojourn of several months in the country for his health.

Dr. W. C. Berlin, of Cleveland, one of the surgeons recently at Chickamauga, and now en route to Porto Rico, was in the city last night.

John Brannon, Weston; George Boyle, Sistersville; G. L. Hendershot, Parkersburg, and A. F. Wilmoth, Elkins, were state arrivals at the Windsor yesterday.

Pipeman James Gibbons, of the Eighth ward engine house, is confined to his bed with rheumatism. Extramam Charles Muley is filling his place at the engine house.

Prosecuting Attorney W. C. Meyer and Assistant District Attorney C. W. Showalter returned yesterday from Conneville, where they spent Sunday with friends.

Robert B. McClure, paymaster clerk under Major W. J. W. Cowden, who has been stationed for the past few months at Atlanta, Ga., is home on a five days' leave of absence.

Last night Gaylord Morgan and Jesse Jackson left for Piedmont, where they will represent the Silver Wave candidate No. 11, Knights of the Mystic Chain, at the meeting of the state grand estate.

The friends of Mrs. McClure, wife of Rev. Dr. J. T. McClure, will be pleased to know that she is recovering from the results of her accident, last week, when she injured her hip by a fall. Mrs. McClure is confined to her bed, and her recovery is considered but a question of time.

THAT C. L. & W. DEAL.

No Official Confirmation of the Negotiations Yet at Hand, but That the Deal Will be Made is Considered Probable. Although there is no official confirmation of the negotiations now said to be on between the owners of the Cleveland, Lorain & Wheeling road and the promoters of the Federal Steel Company, by which it is believed the latter will soon acquire the former, it is considered extremely probable that the deal will be made in the not distant future, and the official announcement will not occasion surprise in well informed railroad and financial circles.

In the event that the road is acquired, there isn't the least doubt of its being extended from Wheeling to Conneville and rumor is now in circulation to the effect that the extension will continue on to Johnstown, Pa., where the Federal has recently acquired large steel works, which are now isolated from the Federal's own lines of transportation.

The Federal Combine.

In speaking of the Federal Steel Company to a friend, former Gov. Flower, of New York, said: "The consolidation of the Illinois Steel, the Minnesota Iron, and the Joliet, Elgin & Eastern Railroad Companies ought to prove a great success when it is finally completed. The Minnesota Iron Company has diamond drilled its mines, and now it knows it has 110,000,000 tons of ore in them. In addition it has 400,000 acres of new and undeveloped territory, so that it has practically inexhaustible supply of the best iron ore in the United States. The company also owns the Duluth & Iron Range railroad, which connects with the mines and is capable of transporting 4,000,000 tons of ore per annum. It is now, however, transporting only about 2,500,000 tons per annum. The company owns the property about Two Harbors, on Lake Superior, together with five great ore docks, each containing 1,000 feet of ore pockets, with an aggregate capacity of 138,750 tons of ore. These docks are furnished with electric light and are operated day and night. The company also owns more than one-half the steamers and barges on the lakes used for the transportation of ore to Chicago, Cleveland, Buffalo and other ports. "It also owns the railroad that transports the ores from the docks at Chicago to the several steel and iron mills in that city. When the consolidation is completed the Federal Steel Company will own all the steel mills in Chicago, capable of turning out 5,000 tons of pig iron per day, together with the mills at Lorain and Johnstown, which are capable of turning out structural iron and trolley rails. "The earnings of the Minnesota Iron Company last year were 10 per cent on its capital stock, and the Illinois Steel Company earned over 12 per cent. In my judgment, the Federal Steel Company's preferred stock, at 70 is a very cheap property, and I have little doubt of its paying a regular 4 per cent annual dividend. The \$25 per share for which a share of common stock is issued will give the Federal Steel Company a cash capital of \$10,000,000, which it can lend to its subsidiary companies, which can go to Europe, where they find a market at living prices."

MILINERY OPENING.

Terrible Nervous Trouble.

Her Flesh Was So Sore Could Hardly Bear Touching.

Did Not Know What It Was to Have a Good Night's Rest.

Cured by Dr. Greene's Nervura, Which She Found a Wonderful Remedy.

"Twelve years ago I got hurt by being thrown from a wagon, which injured my spine, making it weak. Then two years ago I had the grip, which settled in my spine, that being the weakest place. This gave rise to a very severe nervous trouble of the spinal cord."

"I doctored with eminent physicians for two years, going away for that purpose a part of the time. I used among other things, batteries, and had my back cupped more than thirty times, and blistered many times, and all without the least good. The sensation was like needles sticking into my back and stomach, and after those spells passed my flesh would be so sore that I could not sit on a chair unless it was upholstered. I did not sleep well, many nights not going to sleep until two o'clock a. m. I could not lie on my back in sleep at all.

"Finally after two years of great suffering, I saw Dr. Greene's Nervura advertised, and I determined to try it. I am now using my third bottle and am relieved of the nervous pricking sensation, and sleep well, which I had not done for two years. In fact, I had not known what it was to have a good night's rest in the two years I was sick, until after I took Dr. Greene's Nervura blood and nerve remedy."

"I can cheerfully say that I think it is the best remedy I have ever used or known about, and heartily recommend it to others, and will gladly answer inquiries about my case."

"MRS. A. J. SMITH, "Morrisville, N. C. Every body needs an agent like this grand old medicine, Dr. Greene's Nervura blood and nerve remedy. There is no other remedy in the world equal to it. It will make you well and strong."

Dr. Greene, 35 West 14th St., New York City, invites the sick to consult him free, personally or by letter.

LIEUT. SUPLER HURT

In Jumping From a Railroad Train—He Dislocated His Shoulder.

Police Lieutenant O. M. Supler was injured last night, while attempting to alight on Jacob street, from the Baltimore & Ohio "cannon ball," which arrives in Wheeling about 11:30 o'clock. Lieutenant Supler was one of the Wheeling Masons who had paid a fraternal visit to the Washington, Pa., lodge, and while the train was coming down Seventeenth street, he jumped off at Jacob, near his home, and was thrown heavily on the brick-paved street.

Lieutenant Supler's left shoulder was dislocated, and his leg was sprained at the thigh by the force of his fall, while his face suffered painful bruises. He was removed to his home, and it will be several days before he will be able to get out. The popular lieutenant's many friends will hope that his recovery will be speedy. The "cannon ball" stops at the postoffice building every night, but it moves pretty fast where Lieutenant Supler jumped off.

"AMERICAN BOY."

Wheeling School Boys Will Make Another Effort Next Month.

Young Elmer Bonnette, assisted by a number of school boys, will make another effort next month to bring up Wheeling's contribution to the "American Boy" battleship fund to respectable proportions, and this time it is believed that success will crown his efforts.

The Carroll Club auditorium has been secured for an entertainment which will be given on the evening of October 22. Rankin Good, the Cincinnati school boy originator of the "American Boy" idea, will positively appear and make an address. In addition the evening's programme will include a five act drama, entitled "The Return of the Cavaliers." The cast will be made up of boys and girls from the Fourth ward school.

Master Bonnette has been presented with two handsome rings by the Dillon, Wheat & Hancher Company, and proposes to fund them to earn the "American Boy" make a sum of no inconsiderable size. He has invoked the assistance of the Intelligence's society assistance, who will, if possible, induce two of Wheeling's society girls to contest for the rings.

TAKES the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

MILLINERY opening to-day and tomorrow, Sept. 27 and 28. MARDEN L. COLVIG.

Milinery Opening To-day. Swabacker's.

MILINERY OPENING. L. R. Souneborn, 1108 Main Street, Monday and Tuesday, October 31 and 4th.

BOYS' CLOTHING—D. GUNDLING & CO. Boys' Clothing Once More.

There are two ways to make Children's Clothes—one is to make them so's they'll wear, and the other is to make them so's they'll wear out. The kind that wear are made to bring a customer back again. The kind that wear out are made to make a big profit on the first time a customer comes, for fear he'll never come back again. You can judge the kind of clothes we sell for boys by the way your neighbors talk. Whenever you see a small boy hanging from a nail on a roof or from a limb of a tree by his coat or pants—his folks buy his clothes here. It takes a step-ladder or a step-mother to take down a boy who wears Clothes from "The Star."
