SHE WANTS $8,500.

Trial of the case of Miss Lyda Wharton Against the

EXECUTORS OF JACOB SNYDER

ESTATE, BEGAN YESTERDAY IN THE CIRCUIT COURT, WHEN THE JURY WAS STRUCK WITH GREAT CARE—THE OPENING STATEMENTS TO BE MADE THIS MORNING—VERDICT FOR TILLIE ZILLES IN HER SUIT AGAINST BARBARA ZILLES' EXECUTOR.

Yesterday afternoon, in the circuit court, Judge Paull's side, the trial of the case of Miss Lydia Wharton, late housekeeper for Jacob Snyder, deceased, against the executors of the estate of Mr. Snyder, began. After great care and deliberation upon the part of counsel for both sides, the jury was struck and the case recessed until 9:30 o'clock this morning.

Miss Wharton sues the executors for $8,500, which she claims to be due her for eight years' service as housekeeper and nurse for the late Mr. Snyder, as well as for certain goods which she purchased for him while in his service. This claim, the executors declined to consider, hence the legal proceedings.

The case will be bitterly contested. For Miss Wharton, Messrs. White and Allen and Mr. W. P. Hubbard are employed as counsel, and the executors' interests will be cared for by Messrs. Caldwell & Caldwell and Mr. Henry M. Russell. It will be seen that some of the leading legal talent in the county will participate.

The trial will last several days. A large number of witnesses will be examined, including the following, all of whom have been subpoened: George W. Culver, Morgan L. Ott, Mrs. Grace Sparго, John Wharton, Adaline Neal, Mrs. Sallie Reitz, Miss Louisa Bassford, Mrs. Foster, Mrs. Birdie Lergge, Mrs. George W. Snyder, A. H. Forgey, W. A. Noble, Mrs. Henry Bartells, Miss Wilda Meinzer, Mrs. Edna Green, Mrs. G. K. Wheat, George K. Wheat, Mrs. Elizabeth Wheat, Miss Tillie Brendigan, Joseph Yaeger, Lee R. Hamm, John Letzkus, Harry Smith, Mrs. David Reitz, Ike Allen, Theodore Bowman, Mrs. Jacob Snyder, H. A. Seabright, Rev. C. B. Graham, Miss Nettie Spargo, Dr. L. D. Wilson.

A VERDICT FOR $1,160

Rendered in the Tillie Zilles Case in the Circuit Court.

The interesting case of Tillie Zilles vs. C. P. Flick, executor of Barbara Zilles, deceased, came to its conclusion in the circuit court, Judge Paull's side, yesterday afternoon at 4 o'clock, when the jury brought in a verdict for $1,160 for the plaintiff. This and other similar cases are being warmly contested. Another case, similar, was thrown out of court by Judge Hervey a few days ago, for the reason that the only evidence of the plaintiff was introduced through an agreement claimed to have been executed by Mrs. Zilles before her death, in which she agreed to pay her daughters for their services. This evidence was excluded for the reason that all of the witnesses to its execution were participators in its benefits. Mr. Flick, the executor, was one of the first to congratulate Miss Zilles upon the outcome of the trial. A motion for a new trial was made.

OTHER COURT CASES.

In the case of E. M. Lewis vs. the Bank of the Ohio Valley, the demurrer was overruled and the trial set for October 5.

In the case of the Guarantee Loan & Trust Company vs. J. B. Sommerville, both sides waived a jury, and judgment was given for the plaintiff for $2,144 25.

The trial of the case of Mary Fletcher vs. William Falloure's administratrix, was begun in Judge Hervey's court and is expected to continue several days. Over thirty witnesses have been summoned. Mrs. Fletcher sues for $2,500 for services she claims to have performed for Falloure previous to his death.

ABOUT PEOPLE.

Strangers in the City and Wheeling People Abroad.

Miss Ema Beall, of the Island, leaves to-day to visit Pittsburgh relatives

R. W. Graham and A. C. Graham, of New Martinsville, are guests of the Howell.

John Minkemeyer has accepted a position at the Crescent glass works, Bridgeport.

A. A. Lang and A. C. Dunham, of Clarksburg, were arrivals at the McLure last night.

Mine Inspector J. W. Paul, of Charleston, and Edward Pinkney, of Montgomery, were arrivals in the city last night

Mr. W. I. Mather, of Dayton, Ohio, accompanied by his son, William, is the guest of his daughter, Mrs. R. M. Archer, of the Island.

Lieut. A. L. Hooton, of Moundsville, who is home on a furlough from Company M, First West Virginia regiment, camped at Knoxville, Tenn., was in the city last night.

Al. Hirsch, of Hirsch Brothers & Co., Pittsburgh and Louisville, is in the city, for the purpose of introducing the sauces his firm makes.

Mrs. Phil Deitz and Miss Villa E. Hough, of Mannington, registered at the Stanley yesterday.

George L. Fish and wife, G. W. Fish, Miss Carrie L. Fish, and Mrs. Berry Pritchard, of Buckhannon, while en route to Cleveland yesterday, stopped at the Windsor.

Police Lieut. O. M. Supler, who was injured Monday night, while alighting from a train, is still confined to his bed, but the attending physician hopes to have him out next week.

LOCAL BREVITIES.

Matters of Minor Moment in and About the City.

Adjutant Alice Terrill, of the Salvation Army, will meet with the W. C. T. U. at 1231 Market street, at 2:30 this afternoon. All are cordially invited to come and hear her.

Maud Smith, keeper of a disorderly house, yesterday swore out a warrant for Harry Smith. She alleged that he had threatened to do her injury. Smith gave bond for his appearance before Squire Haberfield on Saturday.

The Central Garden Club will give a dance at its club house, on the Fifth ward hill-side, this evening, and the usual enjoyable affair is certain to result. Killmyer will play.

BURGLARS IN BRIDGEPORT.

Burglars made a raid in Bridgeport Tuesday night. The carpenters' work room at Scott & McGraw's was entered, and some tools taken. With chisels the burglars proceeded to break into Rausenberg & McConnaughey's, John Patterson's and Thomas Howley's saloons. A few dollars in the cash drawers of each was stolen. They entered from the rear cellar doors, showing a knowledge of the premises. The front door of George Medill's, on Bank street, had been tried, and the padlock fastening the outer door was found unlocked, but the inner door, which is fastened by a Yale lock, was not opened.

It is supposed by the police to be the work of home talent. It is likely some arrests will be made soon.

CONGOSTO'S VIEWS

On the Future of Cuba—Believes it is a Social not a Political Problem—Deplores the Surrender of Santiago.

NEW YORK, Sept. 28.—Among the passengers who arrived to-day on the steamer City of Washington from Havana were Dr. Jose Congosto, and Capt. Fred Sharp, of the Merritt-Chapman Wrecking Company.

Dr. Congosto, in an interview, said: "The evacuation of Cuba by Spain is a matter of time, but when I left Havana everything was progressing well. I do not care to enter into all the reasons for delay, but one of the principal causes is the fact that we have over 6,000 sick who must be taken care of and cannot be left behind.

"The problem of the future of the island is a difficult one and I have studied it without prejudice, and as a result of this study of years I believe that it is a social problem and not a political one. Of course, politics will enter into the solution, but the great question is how to bring the most prosperity and the greatest happiness to the people of Cuba. It is probable that there will be a large emigration to the island, and this emigration may assist in solving the problem. Of course a difficulty will be met in view of the dangers of fever and the climate."

Dr. Congosto was asked as to the condition of the reconcentrados.

"There are no reconcentrados now," he answered, with a smile.

"What has become of them?" was the next question.

"They're gone."

"Where?"

"God knows," was the reply.

"Do you mean to say they are all dead?"

"That probably explains it better than I can. It is a subject which I prefer not to discuss."

When asked as to the establishment of a new navy for Spain, Dr. Congosto said: "Spain is still a great country, and she ought to have a great navy, and probably will."

Discussing the fall of Santiago and the surrender of Gen. Toral, Dr. Congosto said: "There were brave soldiers at Santiago, and if their leader lacked courage he deserves to be punished. Santiago should not have fallen as it did, and if Toral had not entered into negotiations with the enemy it is likely that there would have been a different story to tell to-day. It is not true that the Spanish army there lacked supplies and ammunition, for they had plenty of both, which they turned over to the Americans. If Toral had pushed forward instead of retreating towards the city, he certainly would have caused a repulse. These are things which he will have to explain."

Dr. Congosto hopes that when his duties on the Paris peace commission expire, he will resume his consular duties.

Mr. Ventor von Hollenstein, an American citizen and a member of the German Red Cross society, who had been in prison for several months in Havana, charged with complicity in the insurrection of the Cubans, was also among the passengers of the City of Washington. He was released during the first part of this month. He is crippled and sick from the harsh treatment he received.

TO GO TO CUBA.

General Graham's Command will be Sent There—Includes Second West Virginia. Testimonial to General Graham.

CAMP MEADE, Middletown, Pa., Sept. 28.—The second corps is to be sent to Cuba for duty as an army of occupation. General Graham made this announcement to-day to the members of his staff. The movement from Camp Meade will begin between October 15 and 20, and the troops will be forwarded with the least possible delay. General Graham is pleased with the plan of the war department to send his command as a unit. General M. C. Butler, of South Carolina, president of the Cuban peace commission, is anxious that the corps should be forwarded immediately. He says it is needed in Cuba, and the sooner it is sent the better.

It is a source of much pleasure to General Graham to know that he will be permitted to round out his forty odd years in the army in active service in an enemy's country. This was the sixty-fourth anniversary of his birth, and in commemoration of the event, and the fact that it marked his retirement as a brigadier general of the regular army, his staff presented him with a handsome silver loving cup. The presentation speech was made by General Guy Howard, chief quartermaster. The old soldier made a short speech accepting the gift, and expressing his appreciation of the confidence and respect which his staff officers have shown toward him. General Graham will remain in the volunteer service as a major general until it is disbanded. The cup is handsomely engrossed, and bears this inscription:

"To Major General William Montrose Graham, Commanding Second Corps, U. S. A., from the members of his staff, as a token of respect and regard"

The names of the staff officers, that of Chief Surgeon Girard, the ranking officer, being first, are also engraved on the cup. Two absent members of the staff sent their congratulations.

"IT was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn. 1

THE BILLS PAID.

River Improvement Convention Committee Audits Bills.

INCURRED IN ENTERTAINING

THE LATE MEETING OF THE OHIO VALLEY IMPROVEMENT ASSOCIATION—A BALANCE REMAINS WHICH IS TURNED INTO THE CHAMBER OF COMMERCE'S GENERAL FUND—PRESIDENT QUARRIER ON THE IMPORTANCE OF THE WORK OF THE CHAMBER.

At a meeting of the executive committee of the chamber of commerce in charge of the late annual meeting of the Ohio Valley Improvement Association, the bills contracted by the several subcommittees were audited and ordered paid. A handsome surplus remained, which was placed in the general fund of the chamber. The following is a summary of the statement:

Amount of subscriptions paid		$2,020
Convention expenses	$1,685	
Subscription to Association	100	
Dues to Association	100	
		1,885
Balance		$ 135

Speaking of the convention yesterday afternoon, President Quarrier, of the chamber of commerce, added that the balance from the river improvement convention fund, together with the annual dues of the chamber of commerce, would place the body in good shape for its 1899 campaign.

Many of the business people, said Mr. Quarrier, do not appreciate the value of the work done in their behalf by the chamber of commerce, and in this connection he recalled one crusade of the body that resulted in the saving of hundreds of thousands of dollars—perhaps of millions—for the business interests of the state of West Virginia. He referred to the efforts made by representatives of the chamber at the last session of the West Virginia legislature, which resulted in the passage of a satisfactory assignment law, just at a time when it looked as though there would be a return to the old law that made it possible for an unscrupulous merchant to assign and prefer fictitious creditors fraudulently, thus entailing an entire loss for all the real creditors. He said his own house saved annually by the passage of the present assignment law at least $3,000, and as to the saving annually made by Main street he could not estimate it.

POWDER EXPLOSION

In a St Louis Sporting Goods House—Many People Injured.

ST. LOUIS, Sept. 28. — An explosion of powder in the rear of the four-story building at 410 North Fourth street, occupied by C. & W. McClain, fishing tackle and sporting goods set the store on fire and caused its destruction, and resulted in the injury of a number of people, several of whom will die.

The list of injured follows: Kate Weldon, Kate Gaul and Florence Higbee, employes of the McClain Co., fatally injured. Joe Detter, engine company No. 6, cut by flying glass and bricks. Fred Bohlly, engine company No. 15, hit by runaway reel team and cut on head; badly hurt. —— Goldy, engine company No. 15, badly hurt by flying glass. Two firemen, names unknown. Gus Jansen, fireman at Prufrock's furniture store, cut by flying glass; not serious. T. S. Stone, passerby, cut by flying glass; not serious. A. Ragliago, tailor, hit by runaway reel team and badly injured.

The first explosion occurred in the basement of the building, where a quantity of powder and shells had been stored. It set fire to the building and shattered the glass in store fronts for some distance along Fourth street.

In the third floor of the McClain building four young women were at work. Maggie Dinkel, one of the women, escaped by walking along the narrow ledge in front to the next building south. Kate Weldon, Kate Gaull, and Florence Higbee were unable to do this. They anxiously waited for the firemen to put up ladders and take them away from their position, which became more perilous every minute by the spreading of the flames. The firement tok out one of the women, but by some mischance theyd ropped her to the pavement. The other two, cut by the glass and burned by the flames that were nearly consuming them, jumped to the pavement and were taken to the city hospital in a critical condition.

A second explosion sent bricks and glass flying among the firemen, injuring five of them. Two, it is reported, cannot live. This explosion frightened a team hitched to a reel and the horses run away, injuring one fireman and a citizen. Less than an hour after the fire sarted the walls of the McClain building fell. It is not yet known what the loss, which is total on building and contents, will amount to. It will probably aggregate more than $100,000, partially covered by insurance.

The building is owned by a resident of New Hampshire. McClain & Co. carried $59,000 insurance on their stock and fixtures. It is not known how the explosion occurred.

A corrected list of the injured showed that Pauline Bender and Florence Higbee, employed by McClain & Co., are the only ones fatally hurt. Kate Weldon and Kate Gaull escaped with minor injuries. This afternoon all the missing had been accounted for by the detectives sent out to search for them.

Flora's Sensational Bank Robbery.

FLORA, Ind., Sept. 28.—The excitement over yesterday's bank robbery has increased, although there are no new developments since the arrest last night of the suspect, with the name of James Andrew Dignoms tattooed on his arm, and who was hurried to Delphi to escape lynching. The money found on him has been carefully examined, as well as his blood-stained clothes, and he is believed to be one of the gang. Four other suspects were released. To-day all the officers in the county and hundreds of citizens are scouring the country with bloodhounds for the robbers, who got away with $5,000 in gold and $7,000 in currency. There is no run on the bank. Depositors will lose nothing. Cashier Lanon is still alive, and the physicians are unable, as yet, to tell whether he will survive the effects of the shots in his head and breast.

WE give no rewards, an offer of this kind is the meanest of deceptions. Our plan is to give every one a chance to try the merit of Ely's Cream Balm—the original Balm for the cure of Catarrh, Hay Fever and Cold in the Head, by mailing for ten cents a trial size to test its curative powers. We mail the 50 cent size also and the druggist keeps it. Test it and you are sure to continue the treatment. Relief is immediate and a cure follows. Ely Brothers, 56 Warren street, New York.

WOES OF WORKERS.

How Machinery Shatters the Nerves.

Dangers to Which Working Men and Women Are Exposed.

Thousands Saved by the Timely Use of Dr. Greene's Nervura.

Those who are familiar with the hideous roar of a boiler factory or the deafening blows of a trip hammer readily realize how noise affects the nerves. Few understand, however, that the incessant clatter of a loom or the gentle buzzing of a sewing machine are equally exhausting. It is everlasting monotony that overstrains the nerves and undermines the strongest constitutions. Work must be varied to be healthful, and few working men and working women are

able to change their occupations in the slightest degree or to modify their surroundings. This explains why derangements of the nerves and blood are so common among people whom the unthinking expect to be models of health. It is diseased nerves and weak or vitiated blood that drive so many working men to alcoholic stimulants and so many working women to morphine and other seductive drugs.

There is only one specific for diseases of the nerves and blood and that is Dr. Greene's Nervura blood and nerve remedy. This sovereign remedy will promptly and permanently cure nervous weakness and exhaustion, loss of ambition and spirits, inability to sleep, craving for stimulants, nervous headaches, neuralgia, emaciation and general debility and lassitude.

If you feel the need of medical advice, Dr. Greene invites you to consult with him fully and freely, personally or by letter, at his office, 35 West 14th St., New York City. Dr. Greene makes no charge for consultation and advice.

Shot the Superintendent.

SANTA MONICA, Cal., Sept. 28.—While Governor Smith, of the Pacific branch of the National Soldiers' Home, near this place, was coming to his headquarters to-day, Albert G. Bradley, who has been an inmate of the home for five years, came up behind him and shot at him five times, one ball taking effect under the right shoulder blade, one above the right hip and one through the right arm. The surgeons think the wounds are not fatal. There is no external bleeding, but fear of internal injury are entertained. At times Bradley has acted strangely and it was supposed he was mentally unsound. The governor is resting easy. Bradley was arrested.

Will not be Hurried.

WASHINGTON, Sept. 28.—The movement of troops from the United States to Cuba may not be hurried by the evacuation of Manzanillo, on the southern coast, which it was reported would occur on the 6th of October. A telegram has been received from General Lawton saying that he has three regiments at Santiago, available for garrison duty, and probably one of these will be sent to Manzanillo. Other troops at Santiago will also be used for garrison duty if the early evacuations occur.

Yellow Fever in Mississippi.

JACKSON, Miss., Sept. 28.—The local health officials admit the yellow fever situation to-day is grave. No new cases are announced, but the physicians have several suspicious cases under surveillance, and it is expected that some of them will be declared yellow fever when the night report is made. The area of infection is very large—embracing about sixteen squares, and no less than 2,000 negroes are confined within the cordon. About one hundred and fifty whites reside in the district. Many of the negroes are without food, and the relief work will be commenced at once.

New Daughter of Confederacy.

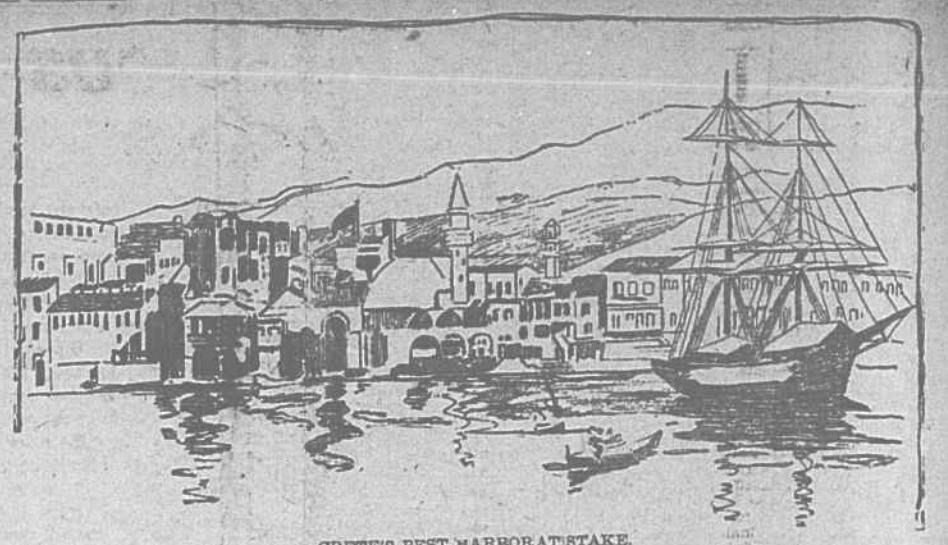
CHICAGO, Sept. 28.—Miss Lucy Lee Hill, an examiner in the office of the civil service commission, is the new "Daughter of the Confederacy." Her southern friends have conferred this honor upon her since the death of Miss Winnie Davis. During the day she received numerous congratulations over the distinguished honor. Miss Lee is a native of Virginia, and comes from one of the oldest and most aristocratic families in the south. She is a distant relative of General Fitzhugh Lee.

Sensation Exploded.

ZANESVILLE, O., Sept. 28.—The people of Renrock, in Noble county, have cleaned out the old well into which Joseph McCall, according to his confession, which he was alleged to have made recently just before dying, was supposed to have thrown the body of his brother after murdering him forty years ago. Nothing whatever was found to substantiate the supposed confession and the sensation is exploded.

New York's Wool Exchange Closed.

NEW YORK, Sept. 28.—The wool exchange of this city, which was established about two years ago, with a capital of $1,000,000, did not open its doors to-day, owing to lack of interest in the undertaking. The exchange, as a corporation, is solvent, its building having been a good real estate investment.



CRETE'S BEST HARBOR AT STAKE.

This is the harbor over which the sultan is to have so much trouble. He is determined to keep Crete heavily armed and to treat with tyranny, to say the least, all who approach the islands. The powers have demanded that Crete be unarmed and governed in a peaceful manner.

BELLAIRE.

All Sorts of Local News and Gossip From the Glass City.

Eminent Commander J. W. Hollingsworth yesterday issued a circular letter to the members of Hope Commandery for the conclave at Pittsburgh, urging all to respond. The Baltimore & Ohio train will leave St. Clairsville at 4 a. m., on the morning of the 11th and will return there that night, for those who want to come back the same day.

Eight Bellaire soldier boys are home on a thirty days' furlough. They are: Everett Tharp, Herman Bowers, Thornton Heath, William Pruden, William Fish, Samuel Carter, Elmer Long and Albert Leach, all of the Seventh Ohio volunteers. They are all in good health, but are glad to get home, even for the short time.

The chicken and waffle supper to be given by the Fourth Division of the Ladies' Working Society of the First Presbyterian church, this evening, will be largely attended, as a large number of tickets have been sold.

Fusner Bros.' circus arrived in the city yesterday morning and pitched their tents on the commons. They gave a performance last evening and will give one this afternoon and tonight.

John Woods, son of Mr. G. H. Woods, the contractor, will be home to-morrow from Columbus, where he was mustered out of service. He enlisted in the Seventh Ohio when the war broke out.

C. W. Troll and F. K. Brown have bought over 100,000 pounds of wool at twenty-six cents, in this section. In a few instances they paid more, but twenty-six was the lowest per pound.

A large crowd from this city will attend the performance of Willie Collier in 'A Man From Mexico," at the Opera House, in Wheeling, to-night.

Mr. and Mrs. Weyman, of Cameron, who have been visiting relatives in the First ward for a week past, have returned to their home.

Mrs. W. B. Workman has returned to her home in the Fourth ward, after a pleasant visit with relatives in Powhatan.

Wayne Archer who has been working at Athens for two months past, has returned to his home in the Fourth ward.

The Buckeye football team has joined the Young Men's Club and will hereafter be known as the Y. M. C. A. team.

Perry Cummins will leave to-morrow for Philadelphia, to resume his studies in a medical college there.

Miss Maude Jackson, of Parkersburg, W. Va., is the guest of friends and relatives in the Fourth ward.

Mrs. Dr. Charles Day, of Belmont, is visiting her parents in the Second ward.

Quite a number from this city attended the fair at Moundsville yesterday afternoon.

Miss Jenine Douglas, of Oil City, Pa., is the guest of friends and relatives in the Second ward.

John Kirkpatrick, a venerable and aged citizen, is seriously ill at his home in the cut.

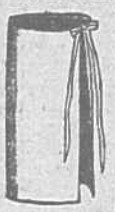
The Imperial Club will dance in Armory hall this evening.

Another Glass Combine.

PITTSBURGH, Sept. 28.—The glass tableware manufacturers of the country are in session here and have practically formed a combine for the regulation of the product and prices. Twenty-six firms are represented. The combine will be capitalized at $8,000,000, and a charter will be taken out in New Jersey. The general selling agency will probably be in this city.

WATERPROOF GUM APRONS—M'FADDEN'S.

Waterproof Gum Aprons



FOR Tinworkers, Butchers or Icemen.

Made from Full Weight Rubber Cloth, with high bib front to protect the chest, with extra strong Tie Strings. Just the thing for a man who works in water. Full length and well made.
