We have secured the exclusive agency for Wheeling and vicinity for the

### New Chambers' Encyclopaedia (1898)

Don't be talked into buying something you don't want by the smooth gentlemen from abroad, who is here to-day and out of reach to-morrow. Our case is different. Like the OTHER poor, we are always with you, and ready to make good any and every promise and statement we make as to this famous work.

You can have the TEN LARGE VOLUMES on payment of \$3.00 down, and then make small WEEKLY OR MONTHLY PAYMENTS until paid in full. We fully believe that the NEWLY REVISED CHAMBERS is second to none, and at the price has no rival. We further believe that we can convince YOU that this is true. We have some printed arguments along this line, but none are so convincing as an examination of the Encyclopaedia itself. We solicit correspondence if you cannot come to the store.

The McClure parlor musicale, under direction of Mrs. George B. Caldwell, comes off Thursday evening and will be delightful, musically and socially.

Of course the Register will tumble all over itself in advising "Jack" Blair to meet Captain Dovenier in joint discussion at Benwood next Saturday night. It's so good a chance to again get out of that yarn about Blair "cleaning up" Dovenier.

Notwithstanding the rain of Saturday, which made it necessary to declare off the "American Boy" parade, the entertainment in the evening, at the Carroll Club Auditorium, was well attended, and a neat sum was realized for the battleship fund.

Saturday morning the Register awoke to the fact that a man was killed at the Top mill last Wednesday, and added: "Mention of the matter in some unaccountable way has heretofore escaped the newspapers." True, it escaped the Register, but there are others; see Thursday's Intelligencer.

## UP TO SECOND

Place Among Steel Works in the United States

HAS THE AETNA STANDARD GONG

SINCE THE ACQUISITION OF THE MINGO JUNCTION PLANT AND THE CONSEQUENT ADDITIONS AND IMPROVEMENTS—NEARLY \$300,000 SAID TO HAVE BEEN EXPENDED IN ADDING TO THE CAPACITY AND EFFICIENCY OF THE WORKS.

The improvements that have been going on all summer at the Aetna-Standard plants in Aetnaville and Mingo Junction make this concern second in size among the steel works of the United States. Such is the claim made by conservative men in a position to know.

At the Mingo plant it is so arranged that much of the intermediate work of the old-style plant will be done away with, and the metal will be carried directly from the furnace where the raw ore is reduced, to the steel plant, without having to be formed into "pigs." After direct treatment at the vessels the metal will be ready for the moulds, which will remain on the iron cars, without having to be carried to the "puncher," as at present is necessary to force the ingot from the mould. The engine to run the rolls is the largest in Eastern Ohio. It was constructed by William Todd & Company, of Youngstown, at a cost of \$2,000.

From the rolling department the steel billets, slabs, etc., go directly to the finishing mill, where they are shaped according to specification, and loaded into cars by powerful electric cranes. The rolling department and the finishing mill are each 400 feet in length. Two Todd engines will be placed in the finishing mill. The machinery is of such enormous size that excavations about 20 feet deep were made for the foundations, which are a solid mass of brick and cement. Hard brick has been shipped to the Aetna-Standard literally by the train load, and a small army of bricklayers employed all summer, in addition to other skilled and common labor—the two weeks' pay roll averaging, it is said, \$9,000.

New switching engines have been purchased, new batteries of boilers introduced and improvements to machinery already in use. A new electric plant is in course of construction, and will be complete in every detail. New and improved pumps of gigantic size are being placed in the pump house, on the river bank.

It is said that 700 men are employed at the Aetna-Standard at Mingo Junction, including steel plant and furnace.

It is learned from a reliable source that \$300,000 has been expended. Large pieces of property have been purchased below Mingo, and it is said other new mills and furnaces will be erected in the near future. Six ten ton ladles for the new steel plant have been received.

### HARRY VOITTE ARRESTED

By Officer Michaels, Charged with Obtaining Goods by False Pretenses.

On Saturday evening Officer Ed Michaels very neatly effected the arrest of Harry Voitte, a young man whose recent escapades, consisted in getting meat, beer and groceries on fictitious orders, by using the names of out-of-the-pike residents, are well known. Voitte has figured in court circles before, and seems to have a penchant for obtaining goods under false pretenses. Squire Rogers held him for the next term of court.

Voitte will get a hearing before Squire Larue this week, on the charge of getting \$8 worth of lumber from Holliday's planing mill. He signed the name of Mr. George W. Woods, of Wooddale, to the order for the lumber, and Voitte borrowed a horse, and, it is said, stole the wagon. Officer Michaels laid in wait for him at Altheim station, Saturday from 1:30 to 6 p. m. and Voitte nibbled at the bait set for him. His operations have been extensive and his nerve might have been applied to more advantage.

### The Organ Recital.

- Inflammatu ..... Rossini
- Master Schell and Choir.

### How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by druggists.

SUITS AND OVERCOATS—THE HUB.

## We Are Well Aware

hat there are thousands of Single and Double Breasted Suits offered at \$10 in this city and elsewhere, but no suits as good as these are offered in any other store for less than \$12 to \$15. It was an exceptional opportunity that placed these suits at our command. Their goodness is so apparent that if you see them it will not take much argument on the part of our salesmen to make you a purchaser. The cloths are plain blue and black mixtures, small plaids and checks, rough faced cheviots and smooth faced cassimeres, fashionably tailored and very serviceably lined. Ordinary and extraordinary shaped men fitted with equal facility, and the purchase money refunded if you are dissatisfied.
