STATE

Leads in the Matter of White Natives of White Native Parentage.

WASHINGTON, June 14.—Complete figures on color, nativity and parentage of the population of the United States, given out by the Census Bureau today, show that West Virginia still has the largest proportion of native white persons of native parentage of any state in the union. Earlier figures indicated that West Virginia had dropped to second place but this is shown by the figures given out today to be incorrect.

Of a total population of 1,391,119, West Virginia has 1,042,107 native born white persons of native parentage. This is about sixty-five per cent of the total population which is far in excess of the percentage in any other state. Kentucky stands second with about eighty-one per cent, Indiana next with seventy-nine per cent and Oklahoma fourth with seventy-eight per cent.

The negroes in West Virginia outnumber the foreign born white population. The total number of negroes is 64,173, while the number of foreign born whites in the state is 57,072. The number of native whites of foreign parentage is 57,638, while the Indians and Asiatics in the state including Chinese and Japanese number 129.

Huntington has more native born white persons of native parentage than Wheeling has, and also has more negroes and Asiatics. Figures are given for only two cities in the state—Huntington and Wheeling, these being the only cities exceeding 25,000 in population. Huntington has 27,311 native white persons of native parentage, while Wheeling has but 22,355. Huntington has 1,184 native whites of foreign parentage, while Wheeling has 12,630. Huntington has only 514 foreign born white persons, while Wheeling has 5,418. The negroes in Huntington number 2,140 while those in Wheeling are 1,201. Huntington has twelve Asiatics while Wheeling has but seven.

It is interesting to know in connection with these figures for West Virginia and West Virginia cities that some cities in the country have very large percentages of foreign born whites and negroes. In Passaic, New Jersey, the foreign born whites represent fifty-two per cent of the population, while in Lawrence, Massachusetts, they represent 48.1. In Charleston, South Carolina, the negroes comprise 53.8 per cent of the total population, while in Savannah, Jacksonville and Montgomery, they comprise more than fifty per cent of the population.

Sensible Women Know Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is all a sign of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far superior to salts, cathartic pills, waters, etc., which are entirely too violent.

Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Mrs. E. Hughes, 1404 King St., Wilmington, Del., and Miss Rose Walker, 1238 N. 27th St., Richmond, Va.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a drugist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.
