

WHY I JOINED THE FARM BUREAU

"I joined the Farm Bureau because I wanted to keep my girl out of the cornfield and give her the education she should have. My father made some money in farming but he made it at the expense of working himself fifteen hours a day and his wife and children longer hours than they should have had. It wasn't that he was greedy, it was just that farming was then so hazardous, financially that he had no other recourse. The Farm Bureau in our county is eliminating the unnecessary risks from the business of farming and is putting it on the plane where efficiency and service, rather than fudgery and long hours, pay just returns. My farm bureau membership has come back into my pocket in added returns every year since I have belonged, and it will do the same thing for every other farmer who makes good use of it.

"I cite these benefits first not because I fail to see the other ideals of the Farm Bureau, but because agriculture must first be put on a just basis of prosperity if other ideals are to be attained."

Beauty and Health GO HAND IN HAND

Hear What This Woman Says

Wheeling, W. Va.—"Dr. Pierce's Favorite Prescription gave me health and strength when all other medicines had failed to help me. I suffered for over a year with feminine weakness. I had sick-headaches all the time, my back hurt me, I had pains in my side and bearing pains. I was nervous, could not sleep and was really in a miserable condition when I was advised to try Dr. Pierce's medicine. I took the 'Favorite Prescription' and used the 'Lotion Tablets' and the 'Healing Suppositories' and by use of these medicines I was completely restored to health—cured of all my ailments. I have been well and strong ever since."—Mrs. Clarence Richards, 3618 Eoff St.
