PLANING MILL SALE.

Messrs. John A Howard and T. S. Riley buy the Wood Plant.

IT WENT REMARKABLY CHEAP

The Ground, Building and Machinery Going for Less Than the Original Cost of the Ground—The Plant Will be Placed in Operation in the Near Future—Other Real Estate Sales Made Yesterday.

The many legal entanglements that have figured in connection with the affairs of the Wood Brothers Planing Mill Company since the failure over a year ago, came to a culmination yesterday afternoon when the receivers' sale recently ordered by the circuit court of Ohio county came off, after having been postponed once.

The sale was held by the receivers, Messrs. Edward Wagner and George D. Maxwell, and was conducted by Auctioneer J. C. Hervey. The bidding was not lively, and the lot at the junction of Thirty-third, Chapline and Thirty-fourth streets, together with the fine brick planing mill building, with its equipment of machinery, all comparatively new, was bought by Messrs. John A. Howard and T. S. Riley at their bid of \$11,350. This was considered a rare bargain, as the ground alone cost Wood Brothers something like \$14,000. The value of the entire plant is conservatively estimated at \$23,000. It is said the purchasers represent practical planing mill men, who will shortly place the plant in operation.

Lots 9 and 10, in square 33, at the corner of Thirty-sixth and McCulloch streets, South Side, also the property of the company, were purchased by Messrs. Fred W. Colmar and George and Moses Bell for \$1,600. The lots and the stables standing on them are said to be worth at least \$2,250.

The sale of the lumber, wagons and other personalty was continued to another day. A bid of \$160 was received for the old Alhambra rink, and this, too, was continued.

Real Estate Sales.

The W. J. Brokaw property, on Zane street, Island, was sold to R. T. Howell, of Bridgeport, for \$1,300 yesterday. Mrs. Mary A. Shafer has purchased the Rose O'Hare property, on the Island, for \$1,335.

THE WALLACE CIRCUS.

It Will Exhibit in This City Next Week, Tuesday, May 9.

The Washington, D. C. Post, one of the most conservative newspapers in the United States, did a most unusual thing in devoting an editorial to the Wallace circus, which came to Washington, D. C., unknown and went away with an established reputation. In part the Post said:

"The Great Wallace Show represents all that there is of legitimate worth in the circus business. It is in charge of men who aspire to elevate the tone and purify the atmosphere of the calling, and we believe the thousands who have attended the performances during the past two days will certify they have succeeded. Not only was the performance up to the highest professional and artistic standard, the menagerie large and varied, and the trained animals of the best, but there was not in connection with the Wallace Show a single one of those demoralizing and demoralizing features which have done so much to give the circus a bad name and to discourage the true friends of that otherwise wholesome form of amusement. The managers of the Wallace Show keep all their promises, advertise nothing they do not expect to give, and carefully direct their performances of anything and everything calculated to offend the nicest taste. We are sure that the verdict of Washington will be most favorable and that the show can return to us sure of finding genuine admirers and friends." The big circus institution will exhibit in Wheeling on Tuesday, May 9.

Nearly all Foreigners.

WARDNER, Idaho, May 3.—Sixty rioters concerned in the disturbance of last Saturday have been arrested since the arrival this afternoon of Company M, Twenty-fourth Infantry. He was promptly overpowered. The prisoners were marched to camp. Nearly all are Swedes and Italians. Fifty-nine men of the Fourth cavalry arrived here from Walla Walla to-day.
