## Hip Disease

**A Boy's Terrible Experience Given Up by Physicians—Considered a Confirmed Cripple**

"For the benefit of other sufferers we state the case of our boy, who was taken with hip disease five years ago, when three years old. The trouble began with stiffness and severe pain in his knee, which suddenly went to his hip. The doctor pronounced it a genuine case of hip disease, and said if he lived he would

### Always be a Cripple.

Imagine our feelings! Charlie was entirely helpless. When we went to his bed to move or turn him for rest, he would scream as though we were murdering him. After two months, I happened to read of a similar case cured by Hood's Sarsaparilla. It is hardly necessary to say that I pulled for a drug store and got a bottle. This was in April. We gave it to our boy, and in July several pieces on his hip gathered and broke. When we had taken a bottle and a half of the Sarsaparilla we saw that his general

### Health was Improving.

His color was better. In fact he was better in every way. The sores entirely healed up. We got him crutches and he walked with them for nearly two years. He grew stronger, and now for two years has had no sores, and has not used a crutch for over a year. He limps a little

but is in the best of health, goes to school, runs and plays just as lively as any of the boys; he walks over half a mile to Sunday school and return every Sunday.

"My wife and I think there never was such a medicine made as Hood's Sarsaparilla." ISAAC W. PEASE, Connorsville, Ind.

### SUGGESTED

Correspondents must write all proper names plainly. We can guess at almost anything except a proper name and have hopes of being correct.

Long letters concerning unimportant matters will not be published. Most reporters think they must write a long letter or none. Such make a serious mistake.

If you only have one item and that only makes three lines, send it on and don't try to add a page to it.

Always sign your real name some where.

We want your letters not later than Wednesday.—Ed.

### CONTENT.

[EDITH WILLIS LINN in the American.]

It may not be our lot to bear

The shield and sword in life's great fight;

It may not be our fate to wear

The golden crown of honor bright.

For us in vain the harvest yield,

And flowers that deck life's broad highways;

Our feet may press some fallow field

For many sorry, sunless days.

But if our souls are sure and strong,

And work in unison with good,

And wage the fight with sin and wrong,

That come to tempt our angle mood;

The will of God shall be our will:

The now and then shall blend in one;

All doubts and questionings grow still,

And what is best be gladly done.

And, oh! how sweet if we can hear

The reapers, when life's sun drops low,

Singing in joy as home they bear

The harvest we have toiled to sow.

### OF COURSE YOU READ

The testimonials frequently published in this paper relating to Hood's Sarsaparilla. They are from reliable people, state simple facts, and show beyond a doubt that Hood's cures. Why don't you try this medicine? Be sure to get Hood's.

Constipation and all troubles with the digestive organs and the liver, are cured by Hood's Pills. Unequaled as a dinner pill.

A sport, in speaking of a friend who was in jail, said it would take \$5 to get him out on one of these here habitus criptures. What he would have said was habeas corpus.

Now your blood should be purified. Take Hood's Sarsaparilla, the best spring medicine and blood purifier.

An instrument called the telautograph was perfected by Prof. Gray, of Chicago, this week. By its use one can record his own hand writing over a wire hundreds of miles, the pencil at the father end writing the same thing simultaneously.

A woman "run-down," overworked, weak, nervous and debilitated—that's a woman that Dr. Pierce's Favorite Prescription is made for. It gives her health and strength. All woman's weaknesses and all women's ailments are cured by it. It's a legitimate medicine—not a beverage; an invigorating, restorative tonic and a soothing and strengthening nerve, free from alcohol and injurious drugs. It imparts tone and vigor to the whole system.

For all functional irregularities, periodical pains, organic displacements and uterine diseases, it's a positive remedy.

And a guaranteed one. If it doesn't give satisfaction, in every case, the money paid for it is refunded. No other medicine for women is sold on these terms.

That's because nothing else is "just as good."

Perhaps the dealer will offer something that's "better."

He means that it's better for him.

### ORDER OF PUBLICATION MADE AT RULES.

State of West Virginia: At rules held in the clerk's office of the circuit court for the county of Harrison, on Monday, the 6th day of March, 1893.

Charles Dangerfield vs. Pollox Lowery, William Mackey and others.

In Chancery. The object of this suit is to have set aside a deed made by the said Pollox Lowery to said William Mackey, on the 13th day of Sept. 1892, as fraudulent, and to have the lands mentioned in said deed subjected to the payment of the claims and demands of the said Charles Dangerfield against said Lowery. And affidavit having been made that said William Mackey is not a resident of this State, the said defendant Mackey is required to appear within one month after the date of the first publication of this order, in the clerk's office of our said court at rules, to be heard thereof and do what is necessary to protect his interests. And it is ordered that a copy of this order be published once a week for four successive weeks in some newspaper published in Harrison county, and be posted at the front door of the court house of said county for twenty days before decree is rendered.

A copy. Teste:
