OFFICIAL COUNTY PAPER.

PUBLISHED WEEKLY BY THE
CLARKSBURG TELEGRAM CO.
Stuart F. Reed - Editor

It now becomes the duty of the Executive to deport the Chinese who have not registered. According to the last census returns there were 107,475 Chinese in the United States. Not more than 5,000 are registered and tens of thousands of the others could not comply with the terms of the law if given an opportunity to do so. Those on the Pacific Coast would probably find it impossible to secure the aid of a white witness to their identification. Besides the gross injustice done to tens of thousands of hard-working Chinamen, we are likely to see similar injustice done by way of retaliation to Americans now in China. The nation will be more than justified in severing all relations with the United States and excluding all Americans from the country.—Ledger.

Apparently there need be no apprehension of serious trouble in either this country or China on account of the Geary law. There was reason to fear outbreaks on the part of the Chinese against American residents in China in case the law had been put into effect here with harshness. A conference held yesterday between Secretary Gresham and the Chinese Minister, however, seems to have set at rest the question of reprisals by the people of China toward American missionaries and so forth. Our own Government is disposed to move slowly in the matter, and the Chinese have no excuse, for the present at least, for resorting to violence.

Attorney-General Olney, it appears, is prepared to act in behalf of the government in case anything is done by the World's Fair management to open the Exposition on Sunday. The right of the government to act in the premises is undoubted. The question whether the Fair ought to be opened on Sunday is a totally different thing from the question whether the managers should open it on that day after accepting \$2,500,000 from the national government on condition that it should be closed on Sundays. As honorable men, managers should feel bound to return that money before taking the step which a good many people in Chicago think ought to be taken. The present controversy is an unseemly one, and to drag into courts would make it still more so.

Proposed Confiscation.

As it becomes more and more apparent that the proposed revision of the tariff will not produce sufficient revenue to run the Government, those who are responsible for the business are beating about for some device to supplement the income. And there are a good many indications that that most odious of all the war taxes, the "income tax," will be resorted to. During the past sixteen years the proposition of an income tax was made five times in one or the other branches of Congress, and on each occasion a majority of the Democratic members voted in favor of it. Two members of Mr. Cleveland's present cabinet—Carlisle and Harbert—were among those voting in its favor. Leading Democratic papers in the West and South advocate an income tax sufficient to supply any shortage in the revenues under a revised tariff. The St. Louis Republic says: "Ten per cent or even 5 per cent on the incomes of such plutocrats as Andrew Carnegie and William Waldorf Astor will give gold enough and to spare."

Here is a confession that free trade, pure and simple, is to be given the go-by, and confiscation is to be resorted to as the only possible relief by this party afraid of its own platform. When the income tax was resorted to meet the extraordinary expenses of the war these Democratic financiers denounce it as "odious" and "un-American." But now,

YOU CAN MAKE MONEY BY TAKING YOUR WOOL TO CLARKSBURG.

The Clarksburg Woolen Mills will contract for a limited amount of GOOD MERCHANTABLE, UNWASHED MEDIUM WOOL, at 20 cents per pound to be delivered to them at Salem, Cherry Camp, Bridgeport, Shinnston, Mt. Clare, Lost Creek and Jane Lew.

We want your wool and will pay full MARKET VALUE for it; if price and grading is not satisfactory when it is delivered, privilege will be given you to cancel the contract.

The agents commission of one cent per pound, in addition to the above price, will be paid to any farmer who will deliver his wool to the Factory at Clarksburg before June 1st, 1893. Any one having a contract with us will have the right to accept this offer which is made to save us the expense of taking up wool outside of the Factory.

Our purchases are limited, if you desire to avail yourself of either of the above offers, notify us by return mail, the amount of wool you will furnish, and where you prefer to deliver it.

that they are about to get themselves and the country into bankruptcy by their financial heresies, the income tax is the only measure of relief they can devise. Could we have a more conclusive demonstration of the fact that the affairs of the country are in the hands of a lot of noVICES, ignorant of the most rudimentary principles of finance?—Cincinnati Tribune.

STATE LOCALS.

West Virginia Happenings
Culled from Exchanges.

A street railroad is talked of at Fairmont.

The tax valuation of Point Pleasant is \$775,081.

The town of Elkins is now seeking to come to an arrangement with West Virginia Central railroad to have that town lighted by electricity.

Mrs. Sidney Jones, of Elk Garden, confined in jail at Keyser on account of insanity, was found dead in her cell last Monday morning, having died suddenly from the bursting of a blood vessel in the brain.

Fayette county is in a county seat removal muddle. Since the burning of the court house and jail at Fayetteville, a movement has been started to move the court house to some town on the railroad. Montgomery, Deepwater and Kanawha Falls are the towns competing with Fayetteville for the location.

Green Thompson, a white man was arrested in Covington last week charged with the crime of horse stealing, in Summers county, West Virginia, and was taken back there Tuesday morning by Sheriff Byers and B. B. Brown.

There is an organization in Rowlesburg known as the Sons of Rest, the members of which make a specialty of croquet. The other night some uncongenial rascal plowed up the croquet grounds with a two horse team and a sulky plow, and the Sons of Rest are in despair.

Morgantown Briefs.

Brent Maxwell, S. B. McMillan, Lewis Charter, L. W. Pearcy and J. N. Markey. The Board of Directors held a meeting and elected W. Brent Maxwell, President of the Bank; S. B. McMillan, Vice-President; Paul M. Robinson, Cashier; and appointed J. V. Blair attorney for the bank. The building committee, composed of Dr. R. Charter, Paul M. Robinson and J. V. Blair made report, recommending that the contract for building be awarded to M. M. & J. F. Bradford, of Clarksburg, at the sum of \$4,384.00, that being the lowest bid. The contract was awarded to them, and the work is to be completed on or before the 25th of August, next. The safe and vault, lining and fixtures had been previously purchased at the sum of \$1,050, and by the time the bank counter and other furniture are placed, the whole amount invested in ground, building etc., will exceed \$6,000.—Record.
