Weak and Dyspeptic

Hood's Sarsaparilla Gave Strength and Perfectly Cured.

Dr. J. R. White Birmingham, Alabama.

"I have not words enough to express my thanks for the great benefits received from a few bottles of Hood's Sarsaparilla. I was weak, and it made me strong; I was a dyspeptic, and it cured me; I was sad and gloomy, and it made me cheerful and hopeful. And last, though not least, it made me an ardent and

CORRESPONDENCE

SUGGESTED

Correspondents must write all proper names plainly. We can guess at almost anything except a proper name and have hopes of being correct. Long letters concerning unimportant matters will not be published. Most reporters think they must write a long letter or none. Such make a serious mistake. If you only have one item and that only makes three lines, send it on and don't try to add a page to it. Always sign your real name some where. We want your letters not later than Wednesday.—Ed.

Brown's Mills.

A protracted meeting is now going on at the M. E. church near here under the management of Rev. Richmond. We hope that great good may be accomplished for it is needed in this community.

Emerson Garrett had considerable corn stolen from the field a few nights ago, no clue to the thief.

Miss Anna Smith, of Charleston, is visiting friends in this neighborhood; we are sorry to say since she came here she has been very sick but is better now.

Mr. O. Davis came very near losing his eye sight, but under the treatment of Dr. Peck, of Clarksburg, he is much improved.

E. R. Watkins has for some time been receiving letters from some party of a very threatening character.

Leonard Martin has moved into the house vacated by G. W. Fenton and since moving a visitor came to his house to stay, in the person of a boy baby.

The dedication of the new M. E. church near here was largely attended and of course old "Madam Whiskey" was there too.

Our school is progressing finely under the skillful management of John Swiger.

The Baptist people of this community are talking of building a new church in our town next summer. We hope they will put into effect what they advocate. The church is badly needed.

Samuel Williams is now erecting for himself a cozy dwelling house under the management of D. W. Kemper, builder.

Yes, we had almost forgot to yell for McKinley and protection. O, you would feel sorry if you could only see the sad faces of some of our Democratic friends here since the election. Some who said, last fall, that "the Republican party was dead and buried and they had dug their own grave." I suppose they begin to think the resurrection morn came sooner than they were expecting when they heard from Ohio and New York. They found that though the Republicans were dead "yet they live again." The laboring man is just beginning to realize that the Republican party is his friend.

Brother laborer beware of the man or party that comes to you "a wolf in sheep's clothing; read and think for yourself and be not deceived by those who come to you and tell you that

protection is not the thing for you. The experience of eight months of the present administration has spoken in thunder tones to many. With our best wishes for the TELEGRAM, we close.

Our friends, up street, who are responsible for that modest sheet called the Clarksburg News, are not subjects for congratulation just now. The recent election news was indeed a severe blow to them, and the appointment of Mr. Lee Vance as postmaster, they found extremely poison. The senior editor, having disposed of all his salt river passes last fall when he delivered his eulogy over the dead (?) party, is disconsolate, and our special artist who tried his skill upon Mr. Lee Wolfe, the junior editor, a few days after the Ohio land-slide, gives us a picture like this:

Many persons are broken down from overwork or household cares. Brown's Iron Bitters rebuilds the system, aids digestion, removes excess of bile, and cures malaria. Get the genuine.

The first quarter should be for a vial of Doctor Pierce's Pleasant Pellets. Why? Because that feeling of dullness with debility or headache means that your liver isn't doing its part. One of these little Pellets does the right thing in the right way. They cleanse and regulate the liver, stomach and bowels—thoroughly and effectively, but mildly and gently. They persuade, rather than force. One tiny, sugar-coated Pellet's a gentle laxative; three to four act as a cathartic. They're the smallest, but the best. They're less to take, but there's more good in it, when it's taken. They're the original Little Liver Pill, and they're never been equaled. Sick and Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels, are prevented, relieved, and cured. They're the cheapest pill you can buy, because they're guaranteed to give satisfaction, or your money is returned.

The legacy left Chicago by the World's Fair is an army of criminals, who, no longer having the great crowd of visitors to prey upon, have turned their attention to the city. A carnival of crime is the consequence. It is a deluge that has almost overwhelmed the police force.

Croup is a terror to young mothers. To post them concerning the first symptoms, and treatment is the object of this item. The first indication of croup is hoarseness. In a child who is subject to croup it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar, rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse or even after the rough cough has appeared it will prevent the attack. It has never been known to fail. 25 and 50 cent bottles for sale by Cunningham Bros. & Co.; and Wells & Haymaker. Salem by R. A. Garrett. 53-1m.
