

### Fred O. Mitchell to Be Marshal of Big Parade

Special Dispatch to the Intelligencer. Morgantown, W. Va., Nov. 20.—The biggest parade of its kind ever staged in this section of the country, whether permitted, will be the "Homecoming" parade that West Virginia University students have planned as a part of the activities of Thanksgiving day. When W. J. and W. V. U. will have their annual football classic here. This parade at 11 o'clock in the morning, will have an added attraction in the addition of a band and something that will particularly appeal to the old grads who are back here for that occasion. It will certainly bring to mind a host of memories of college days.

The original idea of the parade has long since been found too limited, and at present the parade is presenting great possibilities. Fred O. Mitchell, of Welch, has been elected parade marshal. The parade will be more than a half mile long, with some thirty floats or similar demonstrations. In addition to no one can tell how many marching bands. The famous University cadet band, the Ft. Bate Capers, the Keystone Club, Home Economics Club, Y. M. C. A., Y. W. C. A., Student Government and a number of other groups will participate in the parade. The parade will be held on the main highway proper will be a display and will probably have their own band.

## BOMBAY AGAIN THE SCENE OF DISTURBANCES

Bombay, India, Nov. 19.—(By the Associated Press.)—Disturbances occurred Friday at several points in the native quarter of the city. A mob burned a police station, and military patrols were called into action. They fired upon and dispersed the rioters who suffered some casualties. On Saturday morning the trouble started afresh in a number of places, the patrols again being forced to fire into the crowd. Both disturbances were confined to the native section, affairs in the European business quarter going on as usual.

Bombay, Nov. 20.—(By the Associated Press.)—In the statement issued yesterday, Mahatmas Gandhi, leader of the "non-co-operationists," deprecating the disturbances which occurred on the occasion of the arrival in India of the Prince of Wales, declared that it was impossible to describe the agony he had suffered during "the past two days, whose events sink to my nostrils." Gandhi emphasized that the Mussulmans ought to be grateful to the Parsees for the liberal contributions to the Calcutta fund. Instead, he declared, the Parsees had been victims of attack. In his statement, Gandhi invited both Hindus and Mussulmans to go home and repent, and to implore God for forgiveness. He insisted that reparation should be made to those who had been injured. Finally, Gandhi blamed himself for having instigated the spirit of revolt, and announced that he would refuse to eat or drink anything but water until peace is restored.

Chicago, Nov. 20.—Under private ownership the railroads "have become financial, physical, mental and moral bankrupts, who obey neither the laws of God nor man," Glenn E.
