Wait and get the Victrola you want

The Victor Company made the greatest preparation in its history to supply the demand for its goods this Christmas, but the largest talking machine plant in the world has failed to do this. However, there will be large deliveries in January and we hope that those who fail to secure the model they want will await the coming of 1923, when a selection can be made with due deliberation.

The promise of a Victrola, backed up by a check, will look good on any Christmas tree. Look carefully over the array of talent at the head of this page. These great artists, and many others whose portraits this space will not permit us to show, comprise the greatest endorsement ever given to any musical organization. Only the Victrola truly reproduces the music rendered by these great people. The Victrola is made especially to play their records.
