

Dr. Rush's

ANTI-DYSPEPTIC, OR SOUR STOMACH PILLS—an infallible Cure for indigestion.—These Pills have been highly approved of by those who have used them for the above named disease, and are prescribed by several physicians of eminence in this and other cities. As a proof of the pre-eminence over other remedies, the proprietor sends the following copy of a letter, dated

BALTIMORE CITY, 9th June, 1828.
Dear Sir: I feel it my duty to acknowledge the great benefit I have derived from the use of Dr. Rush's Anti-Dyspeptic Pills. I have suffered under that disease, in most of its forms, for upwards of four years—have travelled much and had the advice of several physicians, none of which were of much service to me, and I had lost almost every hope of ever being restored to health. I had lost upwards of forty pounds of flesh, and had become so weak, (particularly in my legs) that I found the best exercise excessively fatiguing. I had made use also of all the popular remedies without benefit, and having accidentally heard of your Pills, I determined to give them a trial, and to my astonishment the use of them no better result than that attended by the use of all the other remedies I had taken—but in this I was happily disappointed. In a few days I found my appetite much improved, my food rested easy on my stomach, and soon restored, and in the course of a few weeks I felt myself a new creature. It is now nearly four months since, and I have no return of the disease. Some of my neighbors who I recommended the Pills to, have used them with like good effect. Considering your Pills therefore an invaluable medicine, I cannot withhold my feeble testimony in their favor.
I am, Sir, your obliged and humble servant,
(Signed)
J. R. HARRIS.

By indigestion, is meant loss of appetite & great weakness, particularly of the legs and wasting of the whole system. Heartburn, or an uneasy sensation of the heat about the pit of the stomach, which is sometimes attended with nausea or sickness of the stomach and vomiting, belching up of water which is generally sour, paleness of the countenance, costiveness, languor, dizziness, looseness of spirits, disturbed sleep, palpitation of the heart, flatulency, &c.

These symptoms vary in different persons some experiencing more of them, and sometimes, each in the order and degree of his own particular case. These Pills act as a powerful tonic, neutralize the acid on the stomach, give strength to the debilitated organs of digestion, restore the appetite, remove nausea at the stomach, and ultimately recover the health of the patient. They do not contain mercury in any form, nor do they irritate the stomach as most purgative medicines do, but perform the office of a safe and mild purgative, and are not surpassed by any medicine. They are therefore particularly calculated for family use.

The inventor of these Pills was one of the most eminent practitioners of medicine in the United States, and used them successfully in his practice for many years. They are not got up as a nostrum to delude the credulous, but are recommended on the basis of truth and experience. In order that they may become extensively useful and within the reach of all, they are offered at the low price of 50 cents per box, by

WILLIAM BUTLER, Druggist,
221 Baltimore street, and
J. CRUMBACKER, Agent,
Wheeling, Va.
Wholesale, July 30th, 1828.

DOCTOR VICKER'S EMBRICATION,

Just received and For Sale by
A. S. TODD.
THIS EMBROCATION has for a long time been esteemed as a valuable remedy in a variety of diseases, and I will venture to say, that it will not only recommend itself to you, but that it will furnish you with the most valuable medicine in your possession. In Rheumatism it is attended with the most signal advantage—is also valuable in Sprains, Numbness, Burns, Injuries, Stings, and is particularly serviceable in Lumbago, or pains in the back, and in many instances when taken in doses of from 6 to 10 drops, (in syrup or sugar,) it gives immediate relief in Cholera. It is also much famed for its powerful diuretic efficacy in the removal of Puff-swell, Pustula, Eczema, Sprains, and many other diseases incident to Horses. For a more particular description of this Embrication, and the method of using it, I refer you to the advertisement surrounding the Bottle.
Wholesale, March 19, 1828.

TODD & WOODS,

HAVE removed their DRUGS AND MEDICINES from their old Stand, to their New Store, on Water Street, next door to Mr. Samuel Deniston's Hotel and Stage Office, and a few doors South of Forsyth & Dobbin's Warehouse.
