No man is free until he has himself under control.

### Wants Others to Know.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Heinze, Quincy, Ill. They never gripe or distress. Sure, safe pills. W. M. Bloss, Ceredo; R. N. Williams, Kenova.

Honesty will succeed as a principle where it fails as a policy.

### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by W. M. Bloss, Ceredo; R. N. Williams, Kenova.

THE Meat Trust won't trust, and the laboring man is finding the situation a very trying one.

### Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well-known attorney of Nocona, Texas. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. W. M. Bloss, Ceredo; R. N. Williams, Kenova.

When a man has no more money to burn his old friends soon desert him.

### Holds Up A Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by W. M. Bloss.

### COON'S QUEER TRICKS.

Is Fond of Honey and an Expert Fisherman.

"Once I carried the coon with me to a quilting at a place where there was a swarm of bees," says a writer in the Buffalo News. "You know a coon loves honey better than anything. The quilting was proceeding nicely—all the women folks sitting around plying their needles—when in dashed the coon, literally covered with bees. He rushed under the quilt, strewing the mad insects.

"I tell you the quilting moved and the chairs flew, and the dresses flapped, and such a dancing was never seen before. Pet coons were not worth much in that market afterward."

"Did you ever catch a crawfish? Well, a coon fishes for them in a novel way. A gentleman walking down a stream noticed a number of crawfish holes that were smooth, and thought the fish had worn them in passing out. On saying so to a friend he was told that the coons did it by putting their paws in. He did not half believe the story, but as he had a pet coon at home he thought he would test it. So the next day he took the coon with him into the field where there were hundreds of crawfish holes. As soon as the animal saw one he ran his forepaw in as deep as he could, gave it a little jerk, and pretty soon brought it out with a sudden motion with a big crawfish hanging to it. He ate the fish and continued his operations until he had a good dinner."

### The Camera and Bank Visitors.

It is said that the Bank of France has an invisible studio in a gallery behind the cashiers, so that at a given signal from one of them any suspected customer can instantly have his photograph taken without his knowledge. The camera has also become very useful in the detection of frauds, a word or a figure that to the eye seems completely erased being clearly reproduced in photographs of the document that had been tampered with.

### Flattery.

Flattery is the nonsense ladled out to people by those who have gold bricks for sale.—Chicago Daily News.

Extensive improvements will be made at once in the Pocahontas coal field on the Norfolk & Western railway. A branch line is being built a distance of ten miles along the south bank of Tug river, and this will be completed by September. Eight new coal works are to be opened at once and the coal will be stored along the track till the line is completed. Three hundred residence houses will be erected at a cost of \$200,000 and 1,500 coke ovens will be built and will be in operation by Christmas. They will have a daily output of 3,000 tons, and it is said the capacity will be doubled next year. The coal lands belong to the N. & W. road and the coal will be mined and the coke manufactured on a royalty by the United States Steel Corporation. The contract has already been let to reduce the forests where the mines will be opened, and a large saw mill is on the ground now to make the timber into lumber. This will be a big thing for the Tug River company and will give employment to hundreds of men.—Ex.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by W. M. Bloss, Ceredo; R. N. Williams, Kenova.

A man may be every inch a gentleman and not very tall at that.
