

Do You Like to Get Tired In the Kitchen?

The way some women hang on to their old-fashioned kitchens one would think they liked to wear themselves out doing the work. The miles of steps they take getting three meals a day; the unnecessary trips to pantry, cellar and storeroom is drudgery that makes young women quickly grow old.

A million women in America won't submit to such slavery. They bought a Hoosier and do the same work easily and in half the time.

The Hoosier Cabinet Cuts Work in Half

The Vital Part of Your Cabinet
The picture above shows how the scientific arrangement of the Hoosier makes it a real helper. Storage space is above and below. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.

- There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.
- COME AND SEE THESE SIX EXCLUSIVE HOOSIER FEATURES:
- 1—The all-metal glass front flour bin.
- 2—The gear-driven shaker flour sifter which makes flour light and fluffy.
- 3—Scientific arrangement—articles needed most frequently easiest reached.
- 4—Revolving caster (shown in center of illustration).
- 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
- 6—Finally, the doors that roll back at the sides of the cabinet, entirely out of the way.

Prices and Terms
There are over 1,000,000 Hoosier Cabinets in use. Enormous factory output makes our low prices.
Have the Hoosier delivered at once by paying only \$1.00! You may make payments at the rate of \$1.00 per week, without extra cost or interest. And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

Every Woman Has a Right to a Hoosier
When you can put a Hoosier in your kitchen today for such a small sum, don't you think it is false economy to save these few dollars at the expense of your own strength and health?

At Least Come and See the Hoosier
Have a demonstration of its exclusive work-saving features. No obligation incurred if you don't want to buy now. But at least learn why over a million women can't do without a Hoosier.

LURED TO GLEN ELK NO. 2, WOMAN ATTACKED BY MAN

Without Funds or Place to Sleep, She is Given Lodging by the Police.

Lured to Glen Elk No. 2 by a man who told her that he would find her a place to spend the night, and there attacked by the man, a woman who told the police her name was May Lewis and that she was from Point Marion, Pa., was given lodging at police headquarters Saturday night.

place to eat or sleep. Saturday night, she says, she was walking in Glen Elk, when she met a man, to whom she confided her difficulties. He told her that if she would go with him he would find her a place to sleep Saturday night. He took her to Glen Elk No. 2, she declares, and there assaulted her, throwing her to the ground with such force that her head was badly hurt. She resisted his attack and in the scuffle one of her shoes was lost. Escaping from the man, she came back to Glen Elk No. 1, where her appearance on the streets with only one shoe and other marks of her fight with the man attracted quite a crowd. Officer Plevont saw the gathering and investigated. The woman told him her story and he brought her to headquarters where she was given lodging for the night. She told the police that she is the

mother of two children, who are in Point Marion. She was divorced from her husband last month, she says.

Police reported the case to the Associated Charities and John Sopher, who has charge of the organization, said that a ticket to Point Marion would be furnished the woman. Police planned to send the woman home Sunday afternoon.

MINER HUNTS FOR WIFE AND BABY

They Mysteriously Disappeared Three Weeks Ago from Their Home at Haywood.

Joseph Veltry, a coal miner, of Haywood, is conducting a wide search for his wife and their eight-month-old baby who mysteriously disappeared from their home at Haywood three weeks ago. He came to Clarksburg Saturday and made further arrangements for the search, including the offer of a cash reward of \$25 to anyone who will give him information as to where his wife and baby are.

The missing woman's given name is Carrie. She is rather small, weighing only about ninety-five pounds. She has black hair and black eyes and has a very dark complexion. Her baby has black hair and eyes and is very small for its age.

The distracted husband believes his wife has been enticed away by another man. He has appealed to police authorities to aid him in his search with the request that she be arrested if found, as well as any man who may be with her.

NEW CARS

Pay as You Enter Cars to Be Put in Service on Local Lines Monday.

For the first time in the history of the city the patrons of the Monongahela Valley Traction Company will have the pleasure of riding on pay as you enter cars Monday. Three cars of the latest model completely equipped will be put in service in this city. Two will be operated upon the Adamston run and the third will be used on the depot run.

All passengers will have to board the cars at the right rear door and will leave the car at the right front door. A neatly arranged box is located in a convenient place on the rear platform for the passengers to deposit their fares in. Any one not having the correct change can get it from the conductor when getting on the car, but it is a good idea to have the correct change as it will greatly aid the company and will not keep other passengers waiting to get on the cars.

The cars are constructed of steel and are the latest type of pay-as-you-enter cars being manufactured at the present time.

If the three cars which will be put in service Monday morning prove a success other cars will be purchased and placed in the service.

Is Received by Superintendent of Traction Company from an Ohio Man.

William J. Flaherty, superintendent of the local division of the Monongahela Valley Traction Company, has received a letter with a dollar bill enclosed from a man who resided here a number of years ago but who has recently reformed and wants to square himself with the world to the best of his ability.

Mr. Flaherty withheld the name of the man but the letter is as follows:
K....., Ohio.
Oct. 18-16.

Supt., Fairmont and Clarksburg Traction Company.

Dear sir: I am sending you a little conscience money. I worked in Clarksburg eight or nine years ago and rode on the city cars a few times without paying my fare and now I want to pay those fares back to the company with interest. At that time I thought it a smart trick to beat a big corporation. But my life and ways have changed. Please forgive me. Find enclosed \$1. Yours respectfully,
E. L. K....., O.

ANOTHER MURDER CHARGE IS MADE

Warrant is Issued for Widow of Victim as Result of Coroner's Jury Verdict.

A third murder warrant has been issued in the mysterious case of Frank Bonafiglio, who was chopped to death as he lay asleep in his bed at Tin Plate early Wednesday morning. This warrant, sworn out by a deputy sheriff in Magistrate Jackson V. Carter's court, is against Mrs. Palma Bonafiglio, the widow of the murdered man. Mrs. Bonafiglio has not yet been arrested, but officers say she is virtually in custody, being under a constant surveillance. She has not been taken to jail, it is stated, for the reason that she has three small children to look after. Her daughter, Lena, aged 13, who first confessed to having murdered her father and who later repudiated her confession, is still in jail while a wide search is being made for Joseph Tutera, cousin of the girl, whom she later accused of the murder. Warrants charging murder had been issued against the girl and Tutera and the third one against Mrs. Bonafiglio was issued as the result of the verdict of the coroner's jury in the case, which charged all three with a murder conspiracy.
