A pinch hitter is so named, we presume, because he usually doesn't hit anything but the air in the pinches.

We will now see how well Dutch Leonard gets along without the baseball.

It's been raining so much everywhere that it will soon start to rain doubleheaders.

MISS HARRIS M., TRAINED TO TAKE PACING RECORD THIS YEAR, WILL GO AFTER TROTTING MARK IN 1918.

MISS HARRIS M.

By PAUL PURMAN.

To set a new world record for pacing mares in 1917 and to take the same trotter for the 1918 season, she will only be allowed to resume her original gait, as she was a trotter when first trained.

The present record for mares of all ages is held by Darlet and was made on the Memphis track more than a decade ago, when Alta McDonald sent her around the turns behind a windshield in 2:00 1/4.

Wesleyan Nine Wins Splendid Pitching Battle and State Championship

Shriver, of Wesleyan, won a pitching duel with June, of West Virginia University, in a ten inning contest at Morgantown yesterday.

At the end of the ninth inning each pitcher had struck out nine men, each had allowed one double and three singles and each had allowed one pass.

Miss Harris M's showing last year was sensational and it caused a surprise in harness racing circles when she was not entered in the free-for-all class for this year's racing.

The mare set record for three heats in a race last summer when she won the Board of Commerce stake at Detroit in 2:01 1/4, 2:01 3/4 and 2:04 1/2.

to have been timed separately in 2:00 for the mile.

It would be a sensation in racing circles if the mare who won the rich Board of Commerce stakes in record time would come back two years later and win the M. and M. trotting classic in the same city.

There are several precedents for changing Miss Harris M's gait, one of the best known being The Abbe (2:04) winner of the Chamber of Commerce stakes in 1910.

A natural trotter is converted into a sidwheeler by weighing the inside of the hoof. The natural gait is restored by removing these weights.

The 15th Anniversary Of The "United" June 14, 1917

In arranging for the opening of my first little store in the city of Parkersburg, W. Va., on June 14, 1902 with just \$700 cash, a million dollars worth of nerve and experience and five employes, I humbly headed my first advertisement--

"WE BOW"

Now, in arranging for the celebration of our fifteenth anniversary--having a chain of twenty large stores, and assets, including valuable business real estate, aggregating close to a half million dollars; with over three hundred loyal and efficient employes, I wish to repeat that salutation--

"WE BOW"

I started this business on the theory that under modern methods of production and distribution, high class individual tailor-made clothes could be honestly produced at a much lower price than was charged by the old "Jour" tailor.

Although I had implicit confidence in the ultimate success of the enterprise, I must confess that it has developed far beyond my fondest hopes.

In all these years of trials and tribulations I have had many obstacles to overcome but none as perplexing as that of pirates adopting names and trademarks so similar to ours as to have a tendency to deceive, and, peddling their cheap wares cheating the people, thereby throwing us into disrepute and injuring our reputation.

Many times have I been tempted, either to reduce the quality of materials and workmanship or charge extra prices, thus reaping larger profits. I have steadfastly resisted this, thereby gaining the confidence of the people and the enviable reputation of conducting the only real single price, and the most responsible concern of its kind in America.

May I not be pardoned for feeling proud of my accomplishment in establishing so grand an institution?

In appreciation of the liberal patronage and good will of my old customers, which have made my success possible, I am about to announce a gift to them in celebration of this anniversary.

Hoping to merit the continuation of your valued confidence and patronage, I am,

Yours truly,

THE UNITED WOOLEN MILLS CO. President
