CLAMPS ON PLAYERS

Withhold Money to Insure They Do Not Play Post Season.

(By Associated Press) POLO GROUNDS, New York, Oct. 15.—The Chicago White Sox are today knocking at the gates of Verdun while the New York Giants throw in their last reserves to hold the key of the world series.

The National baseball commission today took steps to prevent a repetition of the alleged roughness on the part of players in the game at Chicago last Saturday. Prior to this afternoon's contest the umpires were instructed to warn Managers McGraw and Rowland if they will be held responsible for unseemly conduct by their men.

Players participating in the world series will be forbidden to engage in post series game, it was announced here today by the National commission. From each player's share in the world's series money the sum of \$1,000 is to be retained until January 1, as a means of enforcing the new rule.

The game will be played under almost ideal weather conditions. The day opened clear and warm with every indication of still warmer weather by the time the game started. The probable line up for the day's game follows: Chicago—J. Collins, p; McMullin, 1b; E. Collins, 2b; Jackson, 3b; Felsch, cf; Gandil, 1b; Weaver, ss; Schalk, catcher; Faber, pitcher.

HIGH SCHOOL BOYS WERE BUSY DURING VACATION

One Hundred and Eighty Seven of Them Earned Almost \$22,000 in a Wide Variety of Occupations Last Summer.

The sum of \$21,656.95 was earned during the summer vacation by the boys of the Fairmont High school according to figures which City Superintendent of schools Otis G. Wilson and principal of the High school George H. Colebank have had compiled.

Of the 198 boys enrolled in the school at the time the census was taken, and from whom the facts were gleaned, 187 were employed at various trades and occupations during the vacation and one hundred of the boys work after school hours and on Saturdays.

The largest amount earned by any one student during the vacation was \$375, and the average amount earned by each boy was \$109.37. At the present time there are approximately 225 boys enrolled in the High school and it is believed the earning capacity of the boys during the vacation would be visibly increased had the enrollment at the time the census was taken been what it is at

the present time. It is thought the figures would have totaled approximately \$25,000 for the summer earnings. The boys were employed in various industries and at numerous occupations ordelivery boys there were 8. With Consolidated Coal company, 4; clerks in stores 19 glass factory 15; machine shop, 7; office work, 9; chauffeur, 5; clerk in drug store, 8; employed at home, 5; on elevators, 2; on farms, 20; newsboys, 3; in printing offices, 3; miscellaneous work, 30; tailor, 2; box factory, 1; green house, 2; library, 1; theatre, 1; carrying water, 1; plumbing, 1; barber, 3; mines, 4; The West Virginian office, 1; engineer, 7; flour mill, 1; Arios coal company, 1; Traction company, 2; baker, 1.

This information was gleaned from the students in order to stimulate frugality and industry among the young men enrolled in the school and the figures compiled were gratifying in the highest sense to the school officials.

BIG PARADE TO BE HELD HERE ON OCTOBER 24

Quick Action After President's Call for a Liberty Loan Day.

MEETING AT THE GRAND

Speaker of National Reputation Will be Brought to City

Fairmont is in line with the President's proclamation, that October 24 be recognized as a National booster day for the Second Liberty Loan and is planning to hold a big celebration for that day.

It did not take the busy men of Fairmont long to get together and plan Fairmont's bit after reading in the morning papers that President Wilson had set aside October 24, just one week from next Wednesday as the most suitable date. A meeting was held in the office room of the Fairmont Chamber of Commerce at twelve o'clock today at which the first plans for the celebration in Fairmont were worked out.

Among those attending the meeting were Mayor Anthony Bowen, presiding as chairman, C. W. Evans, acting as secretary, Superintendent O. G. Wilson, C. E. Smith, W. J. Wiegell, Trevey Nutter and Glenn F. Barnes. The celebration in this city will occur in the afternoon and will consist of a parade followed by an excellent program in the Grand Opera House.

In the parade there will be every musical organization of any prominence in the city. The public schools of the city will be represented by every youngster that is old enough to join in the march. The Fairmont lodges will all be represented in the parade as well as the employees of all the several Fairmont factories. It is the aim to make the parade concern in some way every one in Fairmont.

The parade, which undoubtedly will be one of the largest that the city has had for a long time will not end the celebration for the day. Following it there will be a public mass meeting at the Grand Opera House. Here an excellent patriotic musical program will be carried out followed by an address by some men of national prominence.

The speaker for the occasion has not been selected. The committee this afternoon wired ex-Governor William A. MacCorkle at Charleston to furnish Fairmont with a big speaker for the occasion. The committee that will be in charge of the big celebration and that will work out the details consist of the following: C. E. Smith, O. G. Wilson, Sam R. Nuzum, H. L. Heintzelman, W. D. Robinson, Glen F. Barnes, W. J. Wiegell, Mayor Anthony Bowen and J. M. Hartley. The committee will meet for the first time in the office rooms of the Fairmont Chamber of Commerce this evening at 8 o'clock.

STARTS WAR ON SLOT MACHINES IN FAIRMONT

Prosecuting Attorney Haggerty Demands "Cleanup" by Tonight.

"ALL MUST GO", HE SAYS

Sheriff Glover and His Deputies to Carry Orders in Effect.

Slot machines in Fairmont will soon be a thing of the past for Walter R. Haggerty, the prosecuting attorney, issued orders this morning that he wanted them all cleaned up by tonight.

Sheriff Glover and his deputies will put the orders to "clean up" in effect and there promises to be a lot of machines brought down to the court house unless the owners of them desist in their use.

It has been known for some months that the slot machine business in this city has been allowed to run along rather loosely and was usually played on a straight basis not even awarding the usual piece of chewing gum. Some time ago he court ruled that slot machines were permissible if a piece of chewing gum was awarded every time a turn of the crank took place. The slot machine owners obeyed the mandate for a time, but later the game got back into the old rut and up to the present time was very loose.

It is understood that Prosecuting Attorney Haggerty has been dissatisfied with conditions for considerable time and had planned to make a "clean up." He acts purely on his own initiative in the matter as no formal complaint was made by any particular organizations or any body of the citizenry in particular.

The slot machine project in Fairmont is wide spread and fully a hundred machines are in operation in soft drinking places, restaurants, pool rooms, barber shops and other places.

The prosecuting attorney's office announced this afternoon that the wholesale raid on slot machines would not be confined to Fairmont, but that all of Marion county would be rid of them. It is pointed out that they have a bad moral effect upon Young America, especially in the county districts, where nearly every store has a "punch board." These and all other gambling devices come under the ban.
