FOUR MORE GAMES ON NORMAL CARD

George Hill Has Been Elected Manager of the Local Squad.

Four additional games have been added to the Normal football schedule by Coach Bell who until just recently has been performing the duties of manager as well as coach. At a recent meeting of the football squad George Hill was elected manager and is now busy performing his duties.

The next game scheduled thus far on the Normal schedule is on October 27, when the local eleven journeys to Glenville to meet their ancient football rival, Glenville Normal. November 1 the Normal squad goes to Salem where Salem college will be the competitor for football honors. The University Reserves are in Fairmont on November 9. A second game is then played on local grounds on November 16, with the Broadus College eleven the attraction.

Negotiations are being carried out with several other teams and it is probable that other dates will be added to the above schedule from time to time. The Normal team in all probabilities go to Wheeling on November 24 to play Lindsay Institute. Another game will be arranged later with Davis and Elkins.

Toothman Misses the Home Grown Rock

On Monday, W. E. Michael, one of the acting county superintendents of schools, received a letter from Homer C. Toothman. He states that certain clothing has been issued to the boys at Camp Lee and that carpenters were getting ready to saw pipe holes in the barracks so that stoves could be placed. The camp is located just fourteen feet above James river level. Rocks are scarce in that section writes "Sandy" and since he has been there he has not seen a rock that was bigger than his fist. In digging at the camp he states the only thing encountered is sand and that there is no end to that. At present he is attending the range finders school, having passed the examination.

FUZZY KNIGHT IS WORKING AT FULL

But Turkovich Expects to be Back for the Parkersburg Game.

It is very probable that Turkovich, the valuable fullback for the Fairmont High eleven who was injured at Morgantown on Saturday morning will be back in the game by October 27, the date set for the biggest football exhibition on the high school schedule—Parkersburg high school in Fairmont.

At present Coaches Moore and Carpenter are using "Fuzzy" Knight at the fullback position and it is very probable that he will be started at this position on Saturday when the local high school meets Shinnston. Although being somewhat crippled in the backfield by the loss of Turkovich, there is little doubt in the coaches' and the players' minds but that Shinnston will be an easy victim.

According to the schedule prepared by the coaches of the various teams in the league when they met at Morgantown, Fairmont was scheduled to play in Shinnston Wednesday of this week. The game has been postponed. It is likely, however, that it will be played the following Wednesday October 24.

HAS SEEN WAR AT ITS VERY WORST

Normal School Lecture Course Will be Opened This Evening.

The Normal school lecture course will be opened to the public this evening at the Grand opera house when Dr. Lincoln Wirt, F. R. G. S., a war correspondent and publicist of national prominence will deliver an address. Dr. Wirt has chosen as his subject: "In the Wake of the War." In his lecture he tells of his adventures as a war correspondent while on the battlefields of Europe; and of the day the Lusitania was sunk not far from a ship on which he was sailing. He has seen engagements in which trenches, redoubts, barb-wire entanglements, machine guns, shrapnel bombs, hand grenades, mines, liquid fire, and asphyxiating gases were used.

Dr. Wirt was in London when Zeppelin raids were made upon the city. Among the lines of trenches that he visited while abroad were those near Ypres, and tragic "Hill Sixty."

County Court Acts On a New Bridge

Members of the county court on Monday afternoon inspected the road work near Farmington. They also decided as to the width of a bridge to be placed across Dunkard Mill run, about two miles below Farmington. The engineers failed to agree as to the width and the county court decided that the bridge should be narrower than one of the engineers had calculated. This is known as the Buffalo turnpike and is a class A improvement.

Food Commissioner Coming to Fairmont

County school authorities received a telegram from Charles H. Hall, field representative of the United States food administration headquarters, stating that he would visit Fairmont on Wednesday morning. He will hold a conference with the county farm agent and farm home demonstration agent in regard to food conservation week. Mr. Hall contemplates remaining here only a hour and a half or two hours.

Ready for a Rousing Week In Men's Outfitting

The middle week in October is the week scores of men set aside to buy their new Fall and Winter clothing. They realize that now the stocks are at their best and selections most satisfactory, and they will not put off this duty any more than they would postpone the celebration of a birthday because it rained.

The New Suits and Overcoats are Splendid

Probably it is the military tendency but whatever it is there is no denying that the styles this season are smarter and more spirited than they have ever been.

They are such as will appeal especially to young men and to older men who are very much alive. That means every man, because we are all pretty thoroughly waked up these days.

Men's Suits and Overcoats, \$15 to \$35.00.

Fall Fashions in Men's Hats Are Unusually Becoming

This is especially true of soft hats, and it is good to know. When a man buys a soft hat he wants something with individuality.

Soft hats in many shapes and colors are \$3 to \$6.00.

Derby hats in correct styles \$3.00 to \$5.00.

French People Identify By Their "Bull" Durham Tags!

READ THIS

(Special Cable to Chicago Tribune.)
BASE OF AMERICAN TROOPS IN FRANCE, June 28.—[Delayed.]—The first contingent of the American expeditionary forces has disembarked in France.

Symbol of Identification.
One common symbol of service in both our army and navy has been accepted as distinctive by the French peasants. It is a little black and white paper tag that hangs by a piece of yellow string from the left hand breast pocket of the service shirt or the navy jacket. This identifies the bearer as possessor of a sack of a well known tobacco brand and has been interpreted as uniform equipment.

This photograph of Private T. H. Grant of First Illinois Infantry shows how the Army carries the "Makings"—the familiar tag hanging from breast pocket.

Fairmont Normal Lecture Course At GRAND OPERA HOUSE

By special arrangement, the numbers of the Normal Lecture Course will be held at the Grand Opera House instead of the Normal Auditorium. This will give more people a chance to hear the best series of high class entertainments given in West Virginia.

All who have been unable to secure tickets may secure them at the box office at the Grand Opera House Tuesday evening, October sixteenth, or the night the first number of the Lecture Course is given. On Tuesday evening at 8:00 P. M. Dr. Lincoln Wirt will discuss the subject "In the Wake of the War." There is probably no person in the country more thoroughly capable of discussing this subject from every standpoint, because he has been in all the warring countries, and has seen the actual horrors in every phase.

The price of the season ticket for nine numbers is \$2.50. Single admission 50 cents. Tickets on sale at the box office on the evening of the performance.
