

When Autumn Turns the Summer's Green to Gold

When Jack Frost throws his silvery mantle over the landscape and leaves a misty aftermath in his pathway; when Autumn touches with magic wand the shadowy greens of summertime and transforms them into glorious gold and crimson; when Nature herself is changing her garb—then is the time when apparel appropriate for the season that has waned must give way to that which is fitting for the new.

Autumn suits and dresses, warm coats, smart millinery and dress accessories, must be provided. Attention must be given to warmer underwear, to heavier footwear, homes must be renovated and brightened up with furnishings in keeping with the styles and the season.

We are yours to command for any or all of these, now that we have come to the threshold of Autumn and Winter is just around the corner. Folks, "Buy It in October"—HERE!

Face Wrinkled? Complexion Sallow?
Then Why Not Treat Your Skin As Beautiful French Women Do?

Paris:—Science has discovered that faded, mottled, aged-looking complexions can be virtually renewed and made surprisingly beautiful by means of the following recipe: Merely wash your face with clear, warm water and rub in a teaspoonful of Creme Tokon Roseated; wipe the face and apply Poudre Petaliss—a very fine complexion powder prepared especially for shiny noses and bad complexions. If your face is badly wrinkled, get a box of Japanese Ice Pencils to use in connection with the roseated cream and you should get quick action on even the deepest wrinkles.

Thus do famous French actresses preserve the rare beauty of their complexions, and if you were to pay hundreds of dollars for special treatment you probably would not be anything like as well off as by using simple and inexpensive recipe. The articles mentioned above are supplied in this city by The South Side Pharmacy.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

DRECO IS MAKING PEOPLE OVER AGAIN

A Dollar Preparation That Seems to Have Accomplished Its Mission.

"If I had experienced a great nervous shock I certainly would try Dreco as the remedy to put me back on my feet," said a well known druggist in conversation at a leading hotel yesterday. "The reason that I select Dreco is that so many reliable people of my thorough acquaintance are making a similar statement, and giving it to the newspapers to print over their signature.

At some time, or another in every man's or woman's life comes a shock to their nervous system. It may be the demise of a dear friend, or the departure of a loved one for one of the many cantonments or it may simply be a condition which one gets into through neglect of the functions of bowels, stomach or liver, resulting in kidney and other ailments.

Dreco is an herbal remedy put up in Detroit, Mich., where the automobiles comes from, and is especially compounded to aid and assist the functions of such organs to cause nervous troubles. It is a Nature Remedy, for it helps nature to restore the depleted energies and makes people feel well and strong again. We would advise all who really need help along these lines to visit Crane's drug store and talk to the clerk. He knows better than any one else how many people Dreco is really pulling up and out of the slough of Despond and allowing to perform their daily average vocations, and can tell you just what other people think and say about the new herbal remedy. The slogan of Dreco is, "What is a dollar compared to Good Health."
