The Latest Drive to Raise Two More Billion Dollars to Help Win The War.

Giving the Patriot of Small Means the Opportunity to Profitably Save His Money and at the Same Time Share in Safeguarding His Country.

The United States Government has begun another War Fund Campaign. Many a man and woman who could not buy a Liberty Bond will now have the chance to feel the thrill that comes with personally sharing in the great fight for country and liberty.

Uncle Sam Says to you: "Lend me \$4.13 now and I Will Give you a War Savings Certificate that will be worth \$5 January 1, 1923. If at any time, however, you need the money, go to any postoffice and you will receive the full value of the Certificate at that particular time plus almost 3 per cent interest. I will pay you 4 per cent interest compounded quarterly.—88 cents interest if you loan me \$4.13 for five years."

The United States Government has called for \$2,000,000,000 to be raised in small sums from the people of America. It is your part and ours to get behind this perfectly rounded War financial plan with enthusiasm and dollars. The unit of a War Savings Certificate is \$5, but for those who do not have the full \$4.13 now necessary to buy a Certificate outright, Thrift Stamps that sell for 25 cents each may be purchased.

Everybody Can Understand This Simple Plan. One does not have to be a financier to quickly grasp the way in which Uncle Sam has in this new money raising plan made saving both popular and profitable, as well as patriotic. Here is this plan briefly:

Thrift Stamps

Thrift Stamps cost 25 cents each and draw no interest. You can buy them from your letter carrier, either city or rural route, at the postoffice or your bank. You will be given a card to paste them on. This costs nothing. There are spaces for 16 Thrift Stamps on this card. When your card is full take it to your postoffice or bank any time before March 1, pay 13 cents additional and your card will be exchanged for an interest bearing War Savings Certificate worth \$5 on January 1, 1923. If you do not exchange your card of Thrift Stamps until after February 28, you will pay 14 cents in March, 15 cents in April and so on.

Thrift Stamps bear no interest and are not negotiable but War Savings Certificates immediately can be turned into cash, with interest at any postoffice in the United States.

War Savings Certificates are not transferable. The name and address of the owner will be placed on each certificate at the time it is issued. War Savings Certificates may be registered at any Post Office of the First, Second or Third Class and when so registered are paid only to the lawful owner.

Thirty million thrifty Americans are expected to take advantage of this opportunity

War Savings Certificates

You can buy 20 War Savings Certificates at one time. They will cost you \$82.40 and their face value at the time of redemption, January 1, 1923, will be \$100.
