There never is any confusion about this when railroads are started. Promoters work the field with great skill, and while they have no objection to the buyers of stock believing that some day the road will make enough money to pay dividends, the main appeal is always that it is a duty the prospective stock buyer owes the community.

German submarines have blown up another empty troop ship engaged in transporting American soldiers to Europe. Every time this happens it causes uneasiness, but the fact that none but returning transports have been molested indicates that on the outward trip they are too well guarded for safe attack.

How to Keep Summer Clothes Looking New All Summer Washday has a great deal to do with the length of time white clothes retain their freshness and whiteness. Clothes that are constantly boiled will have the fibres weakened and quickly take on a "boiled out," thoroughly worn appearance.

In all seriousness the case may become quite notable in the railroad history of the war, for it is likely to bring up squarely before the Railroad administration the real problem of the short line roads of the country. Some time ago the announcement was made at the office of the director general that the short lines would not be taken over, but that they would be assisted in various ways.

At a military conference held at the American headquarters in France in which General Foch and Premier Clemenceau both participated complete agreement was reached for Franco-American cooperation. Evidently at the point where the fighting is managed they are not permitting the events in Italy to slow up the effort to defeat the foe.

RUFF STUFF See some of the deputy sheriffs have ordered their services to the County or all of Defense for farm work during the vacation. Well, it won't hurt those guys in the least to do a couple of weeks real work in the year.

Real explanation is that they have not yet discovered how two trains can run in opposite directions on the same piece of track at the same time. If they ever get around this little difficulty most of the safety first precautions on railroads and trolley lines can be abandoned.

FELS-NAPHTHA Your grocer has Fels-Naptha. The best way to wash summer clothes is to use Fels-Naptha in cool or lukewarm water. There's no boiling necessary, and only the slightest bit of rubbing. You'll be surprised how long your clothes retain their freshness when you wash them the Fels-Naptha way.

A Check Book It is easier to carry than money and you are not in the same danger as to loss. Checks are of no value except to the person in whose favor drawn, and money if lost is usually gone forever.
