BENNY'S REAL DOUGHBOY NOW; MANAGES DOUGHBOY CLUB.

BY PAUL PURMAN. When he broke into the National League he was the cockiest thing that sodas organization had seen for years.

Benny Kauff

With the execution of a few players who have joined the Bomb Proof League of the shipyards, there will be little complaint arising from the Washington order compelling men in government work to really work and not camouflage ballplaying with a thin veneer or manual labor.

There has also been a great deal of comment on the Crowder work or fight order from baseball sources, the main objection from those vitally interested being that the shipyards and munition factories were using fair promises of good money and trench profit jobs to grab players from the leagues before their season is up.

MARION PRODUCTS CO LAYING WATER LINE

Will Get River Water For Use in South Side Plant.

Hampered greatly by the inadequate water supply of the city, the Marion Products company is making arrangements to lay a water line to the Monongahela river so that in the future water may be secured when the occasion arises.

The Marion company was hit hard by the recent shut down of the city pumps and no ice has been made since Friday because of the lack of water.

Monongalia Musings

Potato beetles, June bugs and the giddy growl and gumpionless grunt that this is the rich man's war are rapidly moving to the limbs of decayed nuisances.

It has been truthfully said that the way of the transgressor is hard and it may now be added that the way of the possessor isn't altogether rosy.

Interest in the primary election was noticed only in spots. Had it not been for the activities of the two celebrated faunts, Jingle, Jovial Joes of Morgantown perhaps only a few pompous, partisan plump hunters would have sacrificed sufficient time to have gone to the polls.

A modern philosopher avers that the American people are first in war, first in peace and will be the first to march to Berlin.

FOOTBALL OUTLOOK AT HIGH SCHOOL

Eight Members of Last Year's Team Will Be Back in School.

Eight members of last year's Fairmont high gridiron team will be back in school this year. They are: Carl Andre, guard; Clay Mills, halfback; Forrest Knight, halfback; Seldon Dean, halfback; Clark Brown, quarterback; Tom Cain, tackle; "Pete" Hamilton, tackle, and Pierre Hill, end.

MONONGAH

Hamilton Not Dead. Several weeks ago the name of David Hamilton, of Pittsburgh, Pa., appeared in the casualty list. Local friends who saw the name did not hesitate to think that it was the Dave Hamilton who managed a local barber shop for several years, whose home was also in Pittsburgh.

Voting Today. The voting polls opened in Monongah shortly after 7:30 o'clock this morning. The voting for Monongah proper is being done in the store room previously occupied by the J. R. Lake store instead of the old voting poll near the Monongah jail.

Epworth League's Basket Picnic

The Marion County Epworth League Union will hold an outing at Ballah chapel on Thursday evening along the Fairview line. The picnicers will leave here on the 5 o'clock Fairview car and it will be in the nature of a basket picnic.

Many of the dress manufacturers throughout the United States are now sending out women instead of men salesmen.

THE 1918 YOUNGSTERS.

By PAUL PURMAN. Few years have given the trotting game the fine array of youngsters which are gracing the Grand Circuit tracks this year.

The two-year-old events on the big ring so far have shown some evidence of extreme speed by the younger trotters and some of the two-year-old classics have produced some youngsters who should be among record breakers in the next year or so.

One of the most sensational performers of the year is the Peter the Great colt, Brusiloff, which recently won in straight heats at Toledo in 1:12 1-4 and 2:08 1-4, the latter mile one of the fastest second heats ever trotted by a two-year-old in a race, and the fastest two-year-old mark of the year.

Princess Etawah is another promising two-year-old of the year. She finished at Brusiloff's sulky in his fast heats at Toledo and has worked a mile in 2:09 1-4.
