

Germany's Method of Warfare

POSTIVE GERMAN ORDERS sunk the *Lusitania*, *Essex* and a few other unarmed, helpless, American passenger ships without warning, and their cargoes, mostly American women and children, went down to the ocean's bottom to be devoured by the sharks.

NINE OR TEN HOSPITAL SHIPS on errands of mercy have been forced to carry with them as they sank, the lives and bodies of the sick and wounded as well as the Red Cross Nurses that accompanied them, to watery graves, with no chance in the world to be saved.

TERRIBLE ENGINES OF DESTRUCTION have been trained on sacred places of worship during Easter day services. Hospitals have been targets of heartless Hun flers.

DEAR LITTLE INNOCENT, HELPLESS BABIES have been torn from the breasts and their mothers brutally murdered, tortured and starved.

CANADIAN SOLDIERS HAVE BEEN CRUCIFIED on barn doors, mutilated and left as examples to terrorize those who might pursue the ghastly Germans.

MILLIONS HAVE BEEN STARVED TO DEATH

IF THERE IS ANYTHING INHUMAN and distardly that the murderous German has left undone it is because he has not thought of it.

This Must Be Stopped Before It Reaches America
