DUO-ART PIANOS

My Piano Is a DUO-ART

Isn't there supreme satisfaction in being able to say this of the instrument in your home? And you can have it in the world's most famous makes—

Steinway, Steck, Stroud, Weber

THE STRENGTH OF A NAME

The strength of a name is well illustrated in the fact that when it is known that a piano merchant in any locality represents the Duo-Art Piano, his establishment at once has distinct prestige.

This is true not merely because he has the agency for the most noted instrument in the world, but because it has been a fixed policy that only dealers of reputation and standing in their respective localities shall be appointed Duo-Art representatives.

In other words, it is the association of an instrument of world-wide fame with a merchant who has won a position and standing in his locality. The combination of the two makes the wareroom where the Duo-Art is displayed the natural rendezvous for people of the highest musical culture.

THE STORE WITH A WELCOME

Is the only store in the state of West Virginia that has the agency for this famous instrument. Naturally, we are proud of this distinction.

Our new store is one of the largest and best arranged—everything is for your comfort and convenience. We carry a complete stock of Duo-Art Pianos in both Grand and Upright styles.

Glad to have you call and see our fine display and hear some wonderful music—And in coming here you will find a different atmosphere—as it is genuine, as it is genuine.
