FOR "THAT MAN'S" XMAS.

Here's the Answer to a Very Puzzling Question.

Just before the Christmas holidays, when the stores are thronged by the "last minute rush," when you've often racked your brains for an idea that will solve the question of what to give husband, father, Brother Tom or Jack; when you've looked back on former trials, due to your having picked the wrong tie or a misfit shirt or socks that were too small—did it ever occur to you that you might settle the matter quickly and satisfactorily without losing any beauty sleep by giving him a glass humidor of Prince Albert, the national joy smoke?

It's a neat looking crystal glass receptacle, holding a pound of the best liked tobacco made. Whenever the supply is exhausted it may readily be replenished, and the humidor keeps the tobacco moist, fresh and fragrant all the time.

You will find it in all stores where tobacco is sold, and you needn't hesitate to walk right in and ask for it. The clerk won't bite and the tobacco either. The bite has been taken out of P. A. by a wonderful patented process. Think of the pleasure it will give "him" and the possible annoyance it will save you. It's a gift that will not be slipped to the janitor or the office boy, like a tie that doesn't strike "his" fancy.

And furthermore, when "he" is thinking of a gift for a business associate or acquaintance or a male relative, help him out of the difficulty by suggesting a crystal glass humidor of Prince Albert. As a man's gift it cannot be duplicated in acceptability by anything else at so nominal a cost.

It's found at the nearest shop that sells tobacco.

A LIBERAL REWARD.

A liberal reward will be paid for the return of the two boxes of 1915 calendars of the West Virginian and Farmers Free Press taken from the room formerly vacated by the West Virginian. These calendars are of no value ex-

cept to these papers and were perhaps taken by thoughtless boys. No questions will be asked if they are returned. Or if they have been removed for distribution to the public, the purpose for which they were bought, we will pay for the distribution on receipt of bill, if it has been properly made.

The West Virginian calendars are the largest made and have that striking picture, "A Honeymoon in Venice," as the subject. The calendars can all be identified by the pictures and the printing.
