News About Boy Scouts

Troop No. 3 held their regular weekly meeting last Thursday evening, in the Scout Rooms of the Presbyterian church. Twelve members of the troop were present. In the absence of Scoutmaster, Cletl Evans the meeting was under the charge of a deputy scout commissioner. Several boys studied their tenderfoot test requirements under the instruction of a Second Class Scout. The regular first aid team being absent, several of the older scouts carried out the work that is prescribed for the team. After a few games and wrestling, the meeting adjourned at nine o'clock.

Bird House Contest. The first annual bird house contest of the Marion county council, Boy Scouts of America, has caused much interest to be shown among the bird lovers of the city. Several men interested in birds and bird life have donated the various prizes to be given to the builder of the three best bird houses, bird feeding stations and bird baths. Many Scouts have inquired of local headquarters for more definite information and particulars relative to the plans and requirements of the various bird houses, feeding stations and baths. The contest is expected to be one of

the largest of its kind that has been put on, but as a general rule these were haphazard. No particulars were given as to the requirements for the various articles and the results achieved were not always as desired. In fact, for the most part, the bird houses built were quite impractical. The bird houses to be built in this contest at least those that win a prize must be practical. The houses must be built according to plans and requirements for actual bird habitation. Each boy must build his own. No one will be allowed to help him with the actual construction of the house. He may, however, secure plans and data regarding the bird house, wherever he is able to do so.

CAROLINA. Basketball Game. A basketball team composed of school boys and others shortly out of the public school here journeyed to Ida May Wednesday night for a game with the school team of the latter place. Time out was called frequently on account of the lights going off. Finally, with about five minutes left to play the game was called with a score standing 10-0 in favor of Ida May. Our boys played well individually, but used very little team work. Moore for Ida May was the star, scoring 6 of the 10 points. Marshall refereed the game. Field goals: Moore, 3; Dellgrati, 1; Netonti, 1. Substitutions: Carolina, Cotter for Watkins. Many Have to Walk. As a result of the heavy snow storm Tuesday, we had poor trolley service Wednesday, causing some to go out in the morning and wait to come back on the 8 o'clock car in the evening. Others went out on the car at 5 o'clock in the afternoon expecting to return on the 8 o'clock car, but the power went off and this car did not run. Some of the shoppers walked through the snow from Helen's Run Junction with filled shopping baskets, and others who attended the game at Ida May had to walk home.

Schools Examined. On Wednesday the local nurse, Mrs. Esther Dodson, examined the school children here from the third grade up, and found a very small number who will have to be excluded from school for a short period. The first and second grades were examined just before the holidays, any may not get another inspection just at this time. A surprisingly large percentage of the children were found to have defective teeth, or diseased tonsils, or adenoids. It is sincerely hoped that the parents will take advantage of this free service and act upon the suggestions conveyed to them through the children so that the latter may be given a fair opportunity to secure an education and equip themselves for life. Especially should we all thank the nurse for doing this work, which is entirely outside her regular duties.
