J. C. M'KENZIE IS ARRESTED IN DALLAS

IS CHARGED WITH HAVING
SECURED MONEY BY
FORGERY

PIEDMONT MAN

Formerly Lived Here and is Cousin
of Alexanders—Waiting for
Developments in Case.

Mayor Go-frey received a telegram early Sunday morning telling of the arrest in Dallas, Texas, of J. Cleveland McKenzie, a young man about 25 years of age, formerly of Piedmont, who within the past few days has been posing as the Rev. Milton O. Alexander and by this doing has succeeded in getting \$25 from Mr. J. M. Alexander at Pelzer and tried to do likewise with Mr. Ben Alexander and Mr. Walter Dobbins of this city.

McKenzie is Rev. Alexander's cousin and knew of his plans to leave Wilmington to go to Norfolk. He was at a meeting of the textile association held in Asheville several days ago and while there inquired particularly about Mr. Alexander and Mr. Dobbins of this city.

It seems that he went to Memphis, Tenn., and while there wired to Mr. J. M. Alexander for \$25 in the name of Rev. Milton O. Alexander, which was sent. He was next heard from in Dallas when he wired to Mr. Alexander here for \$35. The money being slow in arriving he wired Mr. Dobbins who sent the money but who caught on to the crook's game and had the wire canceled before the money was delivered.

It is the opinion of several attorneys in Anderson that this matter is not within the jurisdiction of the courts of South Carolina and it was called to the attention of William J. Thurmond, U. S. district attorney at Edgefield. The superintendent of the Southern Bell Telephone company in Richmond has also been notified, it being the opinion that the company would want to assist in the prosecution.

McKenzie is being held in Dallas, where the chief of police is waiting on instructions as to what to do with the prisoner.

It is not yet known what charges will be placed against the young man. It is claimed that he went under an assumed name in Memphis and also committed forgery when he signed as the Rev. Alexander in order to get the money.

VAUDEVILLE NOW LEADING BY 635

Large Vote Polled Yesterday in
Favor of Vaudeville at The
Palmetto.

The count of the vote last night in the vaudeville contest in this city which has been put on by Manager Pinkston of the Palmetto theatre, showed that the votes "For Vaudeville," were leading by 635.

The contest will not close until Friday.

YOUNG MEN'S PICNIC

Class at St. John's to Go on Annual
Outing.

The Young Men's class of St. John's Methodist church Sunday morning will go on their annual outing Thursday, July 15th, at Andersonville. These outings are very enjoyable and special efforts will be made this year to have this one better than any before.

NOTICE RUSS LODGE

Russ Lodge, No. 240, will hold a regular meeting this evening at 8:30. Every member is expected to be present.

W. P. Wright,
A. J. Cason, W. M. Secretary.

Glass of Salts If Your Kidneys Hurt

Eat Less Meat if You Feel Back-
achy or Have Bladder
Trouble.

Meat forms uric acid which excites and overworked the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poisons, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediments, the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Two Demonstrations At Mill Yesterday

WERE SLIGHT AND DID NOT
AMOUNT TO ANY
THING

GENERALLY QUIET

Both Sides Still Hope That Matter
Will be Adjusted in a Few
Days at Best.

There was a slight demonstration by the strikers at the Brogon Mill yesterday afternoon about 4 o'clock, when they made an effort to prevent the cloth from being weighed up so that the may rolls might be made out for next Saturday. The disturbance did not amount to much and the operatives went away with the same good feeling that has marked the strike from the beginning.

It is the custom of the mill to begin to weigh up the goods on Monday in order that the pay roll for the following Saturday may be made out. It was the intention of the management to go ahead with this yesterday afternoon, but several of the strikers made it known by words and actions that they did not want this done, and it is stated that several of them went toward the entrance of the mill. The watchmen were there and after short talks by Mr. B. B. Gossett, Capt. H. H. Watkins and Mr. C. W. Causey, the superintendent, in which it was explained that there was no need of any violence being shown, and that the management wanted to do what was right and fair, the operatives marched away.

It seems that there has been a mistaken idea that if the weavers were paid off, they could then be put out of their homes. This was not the intention of the management, however, and it was thought that the operatives would want their pay Saturday and these goods had to be weighed up in order that this might be done.

There was also a demonstration early yesterday morning when two young ladies of the shipping department attempted to go into the mill to go to work. One of the young ladies' father advised her not to go in and the other after working a while by herself quit and went home.

When the walk-out occurred on Friday most of the young ladies employed in the shipping department remained at their posts and on Saturday when the closing hour came they were asked to report for work on Monday morning.

Yesterday morning, being advised that the mill management intended carrying on this work, many of the weavers and spinners, men and women, congregated at the entrance to the department about 5:30. When some of the employers started up the entrance, they were advised good naturedly by the strikers not to go in.

Superintendent Causey was on the scene and seeing the hesitation on the part of the employees of this department, he instructed Mr. Gordon, deputy of the mill premises, to inquire if any of them wanted to go to work. Two of the young ladies said that they did and he started to accompany them to the entrance, they going around under the gangway and thus avoiding the greater part of the crowd. One of the young ladies was advised not to go in the department by her father and she did not go. The other young lady was escorted in but did not work long by herself.

Mr. James P. Gossett stated last night that the months of June, July and August were big shipping months for the mill and that the mill had a big supply on hand to be shipped.

In response to a telephone message yesterday morning, Deputy Olin Sanders and Deputy Williams went over to the mill. Mr. Sanders advised the strikers to be peaceful and not harm any of the company's property.

Sheriff Ashley returned from Char-

SULPHUR DRIES UP ECZEMA AND STOPS ITCHING

This old time skin healer is
used just like any
cold cream.

Sulphur says a renowned dermatologist, just common bold-sulphur made into a thick cream will soothe and heal the skin when irritated and broken out with eczema or any form of eruption. The moment it is applied all itching ceases and after two or three applications the Eczema disappears, leaving the skin clear and smooth.

He tells Eczema sufferers to get from any good pharmacy an ounce of bold-sulphur and apply it to the irritated parts the same as you would any cold cream. For many years common bold-sulphur has occupied a secure position in the practice of dermatology and cutaneous affections by reason of its parasite-destruoying property. It is not only parasiticidal, but also antipruritic, antiseptic and remarkably healing in all irritable and inflammatory conditions of the skin. While not always effecting a permanent cure it never fails to instantly subdue the angry itching and irritation and heal the eczema right up and it is often years later before any eruption again appears on the skin.

leston last night and he went over to the mill about 8 o'clock and talked with the strikers, advising them to respect the property of the mill and telling them that he would use every effort to have the trouble adjusted as soon as possible.

Extra watchmen have been put on around the mill but this is done because of the fact that it is required by the insurance companies during time of strikes and on holidays.

President Gossett stated last night that he was willing to talk with any of the operators at any time and wanted them to feel that they could approach him and be treated with due respect and courtesy.

The operatives spent most of the day yesterday lounging about the grounds and at their homes. Everything has been very quiet and the parties on both sides of the affair feel that the matter will be settled in a few days.

WANTS ALL SCHOOLS RUN 7 FULL MONTHS

PUPILS MUST BE LIMITED TO
AT LEAST 50 TO
TEACHER

WAS GOOD YEAR

In Spite of Depressed Conditions,
Last Year Was Very Good
for Schools in State.

The following letter, which has been sent to the various school officers and trustees in the state by the state superintendent of education is printed in full, because it contains things that are of vital importance to every school teacher and school patron in the county.

The letter follows:

Dear Sirs: Your school district will probably desire to receive a continuance of its state aid during the scholastic year 1915-16. Before your board has completed all its plans for next session I recommend that you consult your county superintendent about a term extension application, a rural graded school application, or a high school application. Last year there were 677 term extension districts; 400 rural graded school districts; and 130 high school districts.

I urge you to plan for a seven months' term, if possible. This term can be secured if your monthly salary account is adjusted to your estimated income. If you find it difficult to run your school seven months, please communicate with your county superintendent and the state superintendent.

The state department of education recommends that no teacher be allowed or required to take charge of more than fifty pupils in one classroom. This suggestion is offered in the hope of preventing the wasteful and hurtful overcrowding of the first four grades.

Teachers and trustees of state aided schools should communicate with the state superintendent wherever they find it difficult to limit the number of pupils to fifty to the teacher.

Section 1761 of the code authorizes trustees to employ only those teachers who hold valid South Carolina certificates. Attention to this requirement of the law before the opening of the school will help to avoid confusion later.

Application blanks for term extension aid, rural graded school aid or high school aid are obtainable from either the county superintendent or the state superintendent. A fully supply of these blanks has already been sent each county superintendent.

In filling out an application of any kind please see that all data are neatly, fully and accurately entered. Please do not make the mistake of sending in an application unless it has been carefully examined and verified both by the trustees and by the county superintendent.

Notwithstanding the business unrest and industrial depression, the scholastic year 1914-15 was in many respects the best in the history of our schools. I wish every school continued progress and greater usefulness during 1915-16.

It will be a pleasure and a privilege to serve you at any time to the best of my ability and to cooperate in any constructive plan for the betterment of your school and your district.

J. E. Swearingen.

TO MOVE GROCERY STORE

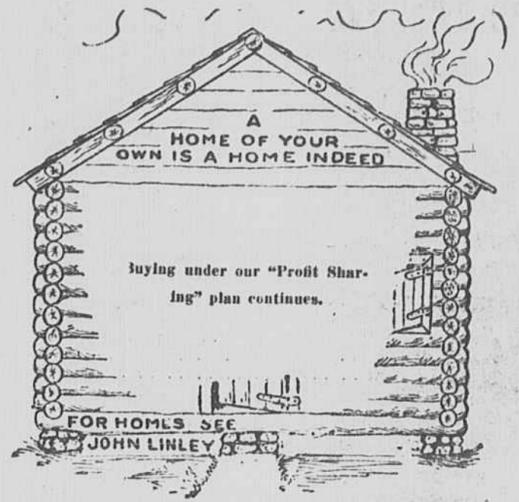

Mr. J. M. McCowan Will Move to
South Main Street

Mr. J. M. McCowan will move his grocery store from its present site in the Brown building to the vacant store room on South Main street formerly occupied by A. W. Balfour. This change will be made early next month.

The building will be fixed up and Mr. McCowan will have a very neat as well as a very suitable location.

What Most Interests Him.

We are tremendously interested in United States superdreadnaughts and submarines, but for all that we realize that a few steel freight barges on Flint River would be mighty wroth while.—Albany Herald.

Mr. J. E. Auld buys the two lots on First Avenue just west of Rev. D. W. Dodge's residence.

But Listen a Minute

Nearly \$60,000.00 worth of lots alone have been sold in North Anderson in two years, and \$86,000.00 worth of dwellings have been built. In other words the public has invested \$146,000.00 in North Anderson.

Now, Does This Not

Voice the judgment of the buying public, and does it not prove unmistakably the trend of Anderson's growth and development?
