AN OPPORTUNITY.

To secure beautiful pictures at less than cost presents itself at the Held Engraving Company. We have got to make room for our Fountain Pens, and we have got to make room quick.

In order to do so we are sacrificing everything in our art department at prices which will enable you to secure the studies of Parker, Gibson, Remington and a hundred others who contribute the beautiful ideas for the embellishment of the modern home at a figure so low as to seem impossible.

The prices have been reduced on a hundred other attractive things in our art rooms, and a visit to our establishment will be more than worth your while.

Of course while this sale is on, we are not neglecting our engraving department. We're busier than ever preparing for the fall weddings, and would like to make the cards for yours.

The Professor—Some of you gentlemen are not giving me your closest attention. Mr. Biggs, what do we find under the kidneys?
Future M. D.—Toast, sir.—Puck.
