Here's Hoping it will Pass.

The finance committee of the house has recommended the passage of the Busbee bill appropriating \$50,000 for a state hospital for indigent consumptives to be located at some point in the state west of the ninety-ninth meridian.

State Aid for Weak Districts.

Representative Busbee's bill to appropriate \$125,000 as state aid for weak school districts, has been cut down to \$75,000 by the finance committee and recommended to pass.

Congress Adjourns.

The sixty-first congress adjourned shortly after noon Saturday without accomplishing as much as was expected. In addition to passing appropriation bills, it provided for the fortification of the Panama canal.

Hard on the Budge Man.

The Evans anti-treating bill was considered by the committee of the whole Friday and recommended to pass. If it becomes a law and is enforced it will come pretty nigh putting the saloon keeper out of business.

Burkett Retires.

Senator Burkett retired as United States senator Saturday and is succeeded by Senator Gilbert M. Hitchcock. The Bee says Senator Burkett's big mistake was in trying to please everybody with the result that he pleased nobody.

Senator Hoagland Stands Second.

When The Tribune suggested the name of W. V. Hoagland for state senator, it said that as a senator the fellow in Lincoln and at the state house would know that Hoagland was in town.

Attacks School Principal.

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys.

Discusses Sanitary Conditions.

To the Editor of The Tribune: I read the article in a recent number of The Tribune, relative to the location of a hospital. Property owners' interests should be duly considered in the location of any building of a public nature.

People all over town are abiding unsanitary buildings and lots; next door to them perhaps. And it is a disgrace to the town. Property owners must put in sewers; must put in walks as specified by the city and pay high taxes on these expenses.

The time is coming when North Platte will have to wake up and clean up and give its property owners a square deal. There is no reason in the world but this, why North Platte should not be the third city in the state in five years.

I believe that most will agree with me that while its grown wonderfully and made some beautiful addition, that its not as clean as it was five years ago.

Isn't it about time every one was getting interested in making North Platte a clean city? Other towns are performing seeming miracles all the time in this direction. We do nothing. And the cleaning up does not need to be left to personal settlement.

A respectable looking place; a weed covered lot, much less a glaring menace to the public health, should never need to be reported. Officials are chosen and paid for looking after the interests of the public and the city especially, and the blind are seldom chosen to execute ordinances.

Now shouldn't it?

Down at Kansas City the other day one Joseph Fels, a billionaire soap-maker whose hobby is to "single tax" on land, discussed the condition of the poor and made this atrocious statement: "The children of the dependent poor might better die in their infancy than survive to fight the uneven battle of life under the present social conditions."

NO REASON FOR IT.

When North Platte Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes or any kidney ills when relief is so near at hand and the most positive proof given that they can be cured.
